

LONG ISLAND UNIVERSITY

POLICY ON UNIVERSITY POLICIES

PURPOSE

University Policies serve to support the mission and values of Long Island University (“University”). The Policies enhance the integrity and efficiency of all operations and governance across the University.

STATEMENT OF POLICY

University Policies serve to support the mission and values of Long Island University (“University”). The Policies enhance the integrity and efficiency of all operations and governance across the University. This Policy ensures that University Policies communicate clear, consistent, and standardized expectations in order to support the management of institutional risk and compliance with applicable laws and regulations. This Policy establishes processes and standards for developing, reviewing, approving, distributing, and retiring University Policies.

PROCEDURES

See *Policy Approval and Review Procedures*.

DEFINITIONS

University Policy: A policy is a fundamental principle and/or formal rule that serves as the basis and guide for mandating action in University affairs.

Responsible Office: The Responsible Office is the unit, division, or individual who is responsible for developing, administering, maintaining, and updating a University Policy.
