

EYEWASH STATIONS POLICY

PURPOSE

To ensure that the University's Facilities Service Operations adhere to all applicable Federal, State and Local requirements related to compliance and adherence to Eyewash Safety Stations.

STATEMENT OF POLICY

Facilities Service Operations, specifically, the Environmental Health and Safety Manager (EHSM) ensures and maintains compliance under the following regulatory requirements:

- Code of Federal Regulations 1910.151(c) Personal Protective Equipment;
- American National Standards Institute (ANSI) Z358.1-1998.

PROCEDURES

Eyewash stations are available in the event of an emergency throughout the needed/affected facility areas and laboratories. They are tested under prescribed conditions which comply with all OSHA and ANSI regulations.

DEFINITIONS

ANSI: American National Standards Institute
