

LONG ISLAND UNIVERSITY

ON-CAMPUS STUDENT EMPLOYMENT POLICY

PURPOSE

The purpose of this policy is to establish student employment policies that create a more affordable educational experience while maximizing student success.

STATEMENT OF POLICY

It is the policy of Long Island University to provide on-campus student employment that provides opportunities for professional growth, personal development, and financial assistance.

On-campus employment is available primarily through Federal Work Study positions in various campus departments, offices, and locations. Enrollment Services determines if a student is eligible for Federal Work Study after successful completion of the student's FAFSA application. Some opportunities for budget positions may be available.

Students are limited to working 17 hours per week during the academic year. During recess periods, students may work more than 17 hours per week on an exception basis, but may not exceed more than 1,000 hours in an academic year. The hourly wage for all student hires (including Federal Work Study, Budget and Grant students) is the equivalent to the New York State minimum wage.

All on-campus student employment is listed on the University jobs website and Handshake. Success Coaches provide assistance to students to prepare for the application and interview process.
