

LONG ISLAND UNIVERSITY

Dear Members of the LIU Community,

As the situation surrounding the coronavirus disease 2019 (COVID-19) continues to evolve, I write to assure you that the University is taking all necessary steps to minimize exposure. At this time, we have no known cases of COVID-19 at any of the University campuses or locations. The University has set up a task force that meets twice daily to evaluate the coronavirus disease around the globe and in the United States, specifically focused on New York and the areas around our campus locations.

Out of an abundance of caution, the University will be distributing detailed correspondence regarding moving instruction online effective Monday, March 16, 2020 following spring break. For information on this rapidly changing situation, please visit the University's coronavirus website www.liu.edu/coronavirus.

We will continue to update you as information becomes available.

Sincerely,

Kimberly R. Cline
President

Long Island University
700 Northern Boulevard
Brookville, New York
