LIU Hudson

2015 - 2016
Graduate Bulletin

Westchester: 735 Anderson Hill Road, Purchase, N.Y. 10577, 914-831-2700 or westchester@liu.edu

Rockland: 70 Route 340, Orangeburg, N.Y. 10962, 845-450-5400 or rockland@liu.edu

Additional Location: West Point Education Center, United States Military Academy

Building 683, Buckner Loop, West Point, N.Y. 10996-1308, 845-446-3818 or marybeth.leggett@liu.edu

Website: www.liu.edu/hudson

Notice to Students: The information in this publication is accurate as of September 1, 2015. However, circumstances may require that a given course be withdrawn or alternate offerings be made. Therefore, LIU reserves the right to amend the courses described herein and cannot guarantee enrollment into any specific course section. All applicants are reminded that the University is subject to policies promulgated by its Board of Trustees, as well as New York State and federal regulation. The University therefore reserves the right to effect changes in the curriculum, administration, tuition and fees, academic schedule, program offerings and other phases of school activity, at any time, without prior notice.

The University assumes no liability for interruption of classes or other instructional activities due to fire, flood, strike, war or other force majeure. The University expects each student to be knowledgeable about the information presented in this bulletin and other official publications pertaining to his/her course of study and campus life. For additional information or specific degree requirements, prospective students should call the campus Admissions Office. Registered students should speak with their advisors.

Accreditation and Program Registration

Long Island University is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104; 267-284-5000; website: www.msche.org. The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and by the Council for Higher Education Accreditation. The degree and certificate programs are approved and registered by the New York State Department of Education.
ABOUT LIU HUDSON

Mission Statement

LIU Hudson’s ongoing mission is to build upon the strengths of the campuses, maintaining and supporting programs at a high level of academic excellence, offering innovative graduate programs to meet the professional and personal needs of individuals in the region and encouraging multicultural outreach to provide access to quality instruction to people from all backgrounds.

Overview

For more than a quarter of a century, Long Island University has been offering graduate degree and certificate programs in Rockland and Westchester counties. LIU Hudson at Rockland is conveniently located near the Palisades Parkway in Orangeburg, N.Y., just two miles from the New Jersey border. LIU Hudson at Westchester is located in a state-of-the-art facility on the grounds of Purchase College, which features high-tech classrooms designed for adult learners. The Rockland and Westchester campuses boast technologically advanced library resources and mainframe-networked computer labs, and offer small classes with personalized instruction delivered by full-time and adjunct faculty members who bring a wealth of practical experience and an understanding of career trends to the classroom. A limited number of programs are also offered by LIU Hudson at the West Point Educational Center.

Central to the success and evolution of LIU Hudson has been the consistent availability of a distinguished and seasoned faculty whose members engage and challenge its students. Faculty members are engaged in ongoing endeavors consistent with the scholarship of teaching, as well as participating in local and regional professional, educational and social service activities. They are active members, leaders and presenters in a variety of professional organizations. They attend regional and national conferences, publish, and involve themselves in community and professional outreach efforts. This diverse faculty - braced by strong university-wide support - and the overwhelming enthusiasm of our students and several thousand alumni have contributed to and shaped our growth and supportive atmosphere. A limited number of programs are also offered by LIU Hudson at the West Point Educational Center.

Since their inception, the LIU Hudson programs at Rockland, Westchester, and the West Point Education Center have provided high-quality programs in a variety of disciplines that encourage independent thought and advance academic growth in a career-oriented environment. Program offerings include: business (M.B.A. and/or advanced certificates in health care sector management and finance); health or public administration (M.P.A. and advanced certificate in long term care); educational leadership (M.S.Ed. and/or advanced certificate); education (M.S.Ed. and/or advanced certificate) in the areas of childhood – grades 1-6, early childhood, middle childhood and adolescence – grades 5-12, special education, autism, literacy, bilingual education, TESOL, writing and reading; in the field of counseling psychology and therapy, degrees and/or advanced certificates are offered in school counseling and school psychology; bilingual school counseling, bilingual school psychology, marriage and family therapy (M.S.); mental health counseling (M.S.) and crisis management; the program in pharmaceutics (M.S.) offers specializations in industrial pharmacy or cosmetic science.

Curricula are designed to help the student acquire and refine professional skills, as well as to increase appreciation and understanding of cultural values. The academic quality of all programs is guided by our program directors and overseen by committed and expert faculty. All programs are registered with the New York State Education Department, and all teacher education and educational leadership programs are nationally accredited through the Council for the Accreditation of Educator Preparation (CAEP).

University Policies

Long Island University does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs. The following person has been designated to handle inquiries regarding the non-discrimination policies:

Ronald Edwards
Title IX Coordinator
Long Island University
700 Northern Boulevard
Brookville, New York 11548
Phone: (516) 299-4236

For further information on notice of non-discrimination, visit https://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm for the address and phone number of the office that serves your area, or call 1-800-421-3481.

DIRECTIONS TO LIU HUDSON AT ROCKLAND

LIU Hudson at Rockland
70 Route 340
Orangeburg, N.Y. 10962

From Tappan Zee Bridge (Traveling North):
Take the first exit off the bridge on the Thruway (exit 10), and get on Route 9W, South. Follow Route 9Wto the first traffic light (Lawrence Park Condominiums on the right). Bear right down the hill to a stop sign. Make a right turn onto Route 340 and proceed for about one mile. The campus will be on the left.

From Spring Valley or New City
Spring Valley: See directions from NY State Thruway.
New City: See directions from Palisades Parkway.

From Pearl River and Orangeburg:
Take Orangeburg Road East to Route 303. Make a right at the light. Travel one block, and at the next light, make a left turn onto Route 340. The campus will be 1/2 mile on your right.

From Palisades Parkway:
Take PIP north to Exit 5N Orangeburg. Travel approximately 1/4 mile to Route 340. At the light make a right and the campus is 1/2 mile ahead on the right side of the road.

From Eastern Bergen County:
Take Route 505 Livingston Ave. north which becomes Route 303 in New York. Travel on Route 303 for approximately 4 miles to Route 340. At light make a right and the campus is 1/2 mile ahead on right.

From Route 9W:
Take Route 9W north across New York border. Proceed for approximately 2 miles to Route 340. At the light, make a left turn, going down a steep hill. Travel one block and at the next light make a right turn on Route 340. Continue for 1 mile to the campus on the left side.

From Montvale, Park Ridge, Westwood:
Travel north on Kinderkamack Road crossing the New York border where the road changes to Route 304. Proceed north for two miles to Central Ave. in Pearl River. Make a right on Central Ave. and cross railroad tracks. At light make a right on South Main Street. Proceed on South Main Street which becomes Veterans Highway, passing the Blue Hill Office Center. Proceed for four miles where the road changes to Orangeburg Road. At the intersection with Route 303, make a right and at the next light make a left turn on to Route 340. The campus is 1/2 mile ahead on the right.

From the NY State Thruway:
Get off at Exit 12. Travel Route 303 South. Proceed for four miles to Route 340. Turn left on Route 340. The campus is 1/2 mile on the right.

GPS address:
230 Route 340
Sparkill, NY 10976

DIRECTIONS TO LIU HUDSON AT WESTCHESTER

LIU Hudson at Westchester
735 Anderson Hill Road
Purchase, N.Y. 10577

(Follow the red signs to parking lot 2, section E. We are adjacent to the Dance building.)

Parking
Follow the red LIU Hudson at Westchester signs to parking lot W2, section E. The Westchester campus is located past the Continuing Education Building, adjacent to the Dance building.

From New York City, southern Westchester and Long Island
Take the Hutchinson River Parkway, north to Exit 28, Lincoln Avenue. Turn left onto Lincoln Avenue and proceed approximately one mile to Anderson Hill Road (second traffic light). Turn right onto Anderson Hill Road. The campus is immediately on the left.

From Rockland County and northern New Jersey (via the Tappan Zee Bridge)
Take I-287 (Cross Westchester Expressway) to Exit 8E. Shortly after first traffic light, bear left onto Anderson Hill Road. Proceed approximately 2.5 miles. The campus is on the left, just after intersection at Lincoln Avenue.

From northern Westchester
Take I-684 south to Exit 2 (Route 120), drive over the bridge and turn right onto Route 120 south (Purchase Street). Follow Route 120 south, 3.2 miles to Anderson Hill Road (first traffic light) and turn left. Take Anderson Hill Road to second traffic light. The campus is on the left, just after the intersection at Lincoln Avenue.

From Connecticut, via the Merritt Parkway (which becomes the Hutchinson River Parkway in New York State)
Proceed south to the New York Exit 28, Lincoln Avenue (note: do not get off at Exit 28 in Connecticut). Turn right onto Lincoln Avenue and proceed approximately one mile to Anderson Hill Road (second traffic light). Turn right onto Anderson Hill Road. The campus is immediately on the left.

From Connecticut, via I-95
Take I-95 south then take I-287 west to Exit 9N (Hutchinson River Parkway). Take Hutchinson River Parkway North to Exit 28, Lincoln Avenue. Turn left onto Lincoln Avenue and proceed approximately one mile to Anderson Hill Road (second traffic light). Turn right onto Anderson Hill Road. The campus is immediately on the left.

By Train
From New York City via rail from Grand Central Station, take the Harlem Line/Metro North to White Plains. Board the Anderson Hill Road bus No. 12 or take a taxi to campus. Alternatively, take the New Haven Line/Metro North to Rye and take a taxi to campus.

By Bus
Take the No. 12 bus northbound from White Plains or southbound from Yorktown, Mount Kisco or Armonk. Buses leave approximately every hour, Monday through Saturday.
LIU Hudson at West Point Education Center is located in the Army Education Center on the grounds of the United States Military Academy, on the west bank of the Hudson River, north of Bear Mountain and south of Newburg. Entrance to the academy is through one of two gates, the Thayer Gate and the Stony Lonesome Gates. Visitors to the West Point Education Center should be advised that they will have their vehicles searched before entering the grounds.

Entrance through the town of Highland Falls is through the Thayer Gate. If you are entering West Point through the Thayer Gates, follow Thayer Road which will eventually turn into Washington Road. Follow Washington to the cemetery and turn right on Buckner Road (at the end of the cemetery and the cemetery will be on your right). The education center is in the building next to Subway.

Entrance from Route 9W is through the Stony Lonesome Gate. If you are entering West Point through Stony Lonesome Gates, you will follow Stony Lonesome Road. At Washington Road make a left and a right at the end of cemetery. The education center is in the building next to Subway.
ADMISSION

An application for admission may be obtained by accessing the "Apply Now" button in the upper right hand corner of the landing page at www.liu.edu/hudson or by calling 845-450-7200 for Rockland; 914-831-2700 for Westchester and 845-446-3818 for West Point Education Center, or by visiting any of our locations. A bachelor's degree from an accredited institution, indicating an acceptable academic record, is necessary to be considered for admission to the graduate programs. Additional requirements are described in the sections for each discipline, as well as on the application form. The completed application must be submitted to LIU Hudson along with official transcripts of the student's undergraduate records and any graduate-level records. For more specific information, check the section devoted to each area of study. A non-refundable fee must accompany the application.

Classification of Students

All students admitted to the master's programs will be classified as matriculants, limited matriculants or non-degree students. All students must submit evidence of a bachelor's degree and an acceptable record of undergraduate and graduate study as reflected in official transcripts of all colleges and universities attended. See specific programs for grade point average (GPA) required. Attention may be given to grade trends, special areas of academic strength, a record of other completed graduate study, as well as cases in which many years have intervened since the undergraduate degree was conferred. Applicants to programs in the School of Business take the Graduate Management Admissions Test (GMAT). The GMAT may be waived for applicants with significant business experience, which ordinarily includes at least seven years of professional employment after completing an undergraduate degree.

A student will be classified as "matriculated" when accepted into a degree or certificate program. Students admitted with technical or academic deficiencies will be classified as "provisional matriculants" pending fulfillment of conditions. Technical deficiencies must be removed before the end of the first semester of enrollment. Academic deficiencies must be satisfied prior to the completion of a prescribed number of credits in the degree program, or as otherwise specified. Students are in good academic standing so long as they are permitted to continue in attendance in matriculant status.

Non-degrees students must meet the same admission standards as those admitted to degree programs. A student in this category may take a limited number of courses for certification, professional advancement, or personal enrichment, but is not classified as a degree-seeking student. Admission as a non-degree student is usually for one semester only and permits registration for a maximum of six credits. Additional courses may be taken upon approval.

A non-degree student is expected to complete all assignments and is graded on the same scale as a matriculated student. If a student subsequently wishes to matriculate, the application process must be completed and the appropriate documents filed with the Office of Admissions. Courses completed by non-degree students, if pertinent to the degree program in which the student has matriculated and if completed within the department's time limit, are generally credited toward the degree.

Change of Status

Students admitted as limited matriculants become matriculants upon completion of all conditions of their limited admission and receive a letter to that effect.

Transfer Credit

Graduate courses taken at other institutions prior to admission to LIU may, under certain conditions, be credited to the graduate degree. Permission to transfer such credits must be requested at the time of admission. An official transcript and the published course description must accompany each transfer course request submitted to the program director supervising the area of study to which the student is applying. Generally, six semester hours of credit for courses in which the student has received a grade of B+ or better may, if approved by the appropriate program director, be applied toward a master's degree or advanced certificate program only. Courses with grades below B+ are not transferable.

Students seeking a second master's degree or an advanced certificate in teaching from the university (when the initial master's degree is from LIU) may be granted up to 12 transfer credits, when academically appropriate, at the recommendation of the program director and with the approval of the dean. Transfer credit is time-limited and generally pertains only to courses that are less than five years old.

Residence

Courses taken at another university, after admission to LIU, may not be used for transfer credit unless prior permission is obtained from the appropriate program director and the dean.

Waivers

Under some circumstances, specific program course requirements may be waived. Students should contact their program director for information.

Students in the M.B.A. program may be eligible for a waiver of up to 12 credits of general business core courses. If these requirements are waived, students need not take other coursework to substitute for the courses that have been waived.

Students in all other programs who receive a waiver of graduate course requirements must take elective courses to substitute for the waived courses. The total number of credits required to complete the degree is not reduced.

Veterans

LIU Hudson welcomes applications from veterans and encourages them to take full advantage of their G.I. Bill benefits. Veterans interested in graduate study should consult our website: www.liu.edu/Hudson/FAS/Mil-Vets-Edu.aspx for information.

The contact person for veterans interested in studying at LIU Hudson is Mary Beth Leggett. She may be reached at our additional location, West Point Education Center, 845-446-3818 or marybeth.leggett@liu.edu.

International Admission

Applications are welcome from international students who hold the equivalent of an American bachelor's degree. To be considered for admission, international students must supply the following information to the coordinator of admissions:

1. Official transcripts from all undergraduate schools attended, accompanied by official notarized English translations. Foreign credentials need to be evaluated by one of the evaluation agencies listed below:
   - Education Services, Inc.  P.O. Box 745, Old Chelsea Station  New York, NY 10113-0745  (212) 966-6311  www.wes.org
   - Globe Languages Services Evaluation Service  319 Broadway  New York, NY 10007  (212) 693-1489
   - Center for Applied Research, Evaluation & Education, Inc.  P.O. Box 20348  Long Beach, Calif. 9080  (310) 430-1105
   - Education Credential Evaluators  P.O. Box 17499  Milwaukee, Wisc. 53217  (414) 964-0477

2. The Test of English as a Foreign Language (TOEFL) is required of students for whom English is not a native language. Information on the examination may be obtained from the Educational Testing Service at Box 899, Princeton, NJ 08541. An appropriate TOEFL score, depending upon the degree program sought, is required.

3. A completed LIU admission application with a non-refundable application fee.

Immigration Requirements

An international student who intends to apply
for an F-1 student visa must submit a “Financial Affidavit of Support.” Upon submission and acceptance of all required financial documentation, each eligible student is sent a “Certificate of Eligibility for Non-Immigrant (F-1) Student Status” (also called Form I-20). This form may be used to apply for an F-1 entrance visa to the U.S. issued by American embassies abroad.

Applications from international students must be accompanied by a non-refundable application fee. Upon notification of admission, the student will be required to send a non-refundable deposit of $500.00 which will be applied toward the first semester’s tuition and fees. Upon receipt of the deposit and of a sponsor’s bank’s statement of financial support, an I-20AB form will be issued which will enable the student to apply for a student visa. Students should not make plans to come to the United States until they receive appropriate non-immigrant forms.

Health insurance coverage is compulsory for all international students and for their dependents. Information pertaining to health insurance coverage will be supplied at the time of application.

Students holding F-1 (student) visas are required by law to be fully matriculated and must be registered for nine credit hours per semester.

Visiting Students

Graduate students who are degree candidates in good standing at other universities may be granted permission to register for courses at LIU Hudson upon filing a non-degree application.

Readmission

Students who have not attended classes for one semester during the regular academic year (summer sessions not included), and who have not maintained matriculation are required to apply for re-admission and pay the re-application fee. Such students re-enter under the admissions standards and program requirements in existence at the time of re-entry.

New York State Immunization Law

The New York State Health Department requires college and university students born on or after January 1, 1957 to be immunized against measles, mumps and rubella. All students attending the university, including matriculants and non-degree students, must show proof of immunity if they wish to register for classes. In addition, New York State requires that LIU Hudson maintain a record of each student’s response to the meningococcal disease and vaccine information. The form must be signed by the student and contain either a record of meningitis immunization within the past 10 years OR an acknowledgement of meningococcal disease risk and refusal of meningitis immunization signed by the student.

For information on student procedures for complying with this law, please contact the Office of Admissions and Student Services at 845-450-5417 (Rockland) or 914-831-2702 (Westchester).
ACADEMIC POLICY

The responsibility for compliance with these policies, procedures and regulations rests entirely with the student.

Course Load

Full-time graduate students must register for nine credits in the fall and spring semesters. Permission of the dean or associate dean is necessary if a student wishes to take more than nine credits in the fall or spring semester or more than six credits in one summer session. Non-degree students are normally limited to two courses in a semester, and must reapply each semester.

Grades and Quality Points

Quality-Point Index: The university’s quality-point index is employed to determine the average grade of a student. (A) corresponds to an index number of 4.000, (A-) to 3.667, (B+) to 3.333, (B) to 3.000, (B-) to 2.667, (C+) to 2.333, (C) to 2.000, and (F) to 0.000.

For courses in which the grade of F has been earned, no quality points are assigned. To determine the quality points for a specific course, multiply the corresponding quality points (see above) for the grade received in the course by the number of credits awarded for the course. To determine the total quality points, add all quality points for all courses. To compute the grade point average (GPA), divide the total quality points by the total number of credits, including those of failed courses. The grades W, UW and P are not counted in the GPA computation nor are the grades for courses taken at another college or university.

GPA computations are carried to the third decimal place from which rounding takes place to the second decimal place. For example, a computed GPA of 2.994 will be rounded down to 2.990. A computed GPA of 2.995 will be rounded up to 3.000. On all official LIU transcripts, a GPA will be displayed to three decimal places with the third decimal place always being zero due to rounding.

For example:

In a semester, a student earns an A- in a 4-credit education course (3.667 x 4 = 14.668), a B- in a 3-credit education course (2.667 x 3 = 8.001) and a B in another 3-credit education course (3.000 x 3 = 9.000).

The student has earned 31.669 total quality points based on 10 total credits. Dividing 31.669 by 10 yields a cumulative GPA for this semester of 3.167 before rounding. Based on the rounding policy, the cumulative GPA for this semester will be reported on the student’s official LIU transcript as 3.170.

Good Standing

The average of grades earned in the approved program of study may be no less than a B (equivalent to a grade point average of 3.000). Any course in which a grade below B- is earned will be reviewed by the dean and may have to be repeated. A student whose GPA is below this point has an academic deficiency. Final disposition of such cases is made by the dean after consultation with the appropriate program director.

Students accumulating in excess of nine incomplete (INC) credits may not register for additional courses until their work is completed. Incomplete grades must be completed within one academic year.

A grade of F in any graduate course is grounds for dismissal from LIU Hudson. In all programs, a B average or 3.000 cumulative grade point index is required for awarding of the graduate degree or any advanced certificate. Business Administration awards diplomas “with distinction” to students graduating with an average of 3.500 or better.

Attendance

Attendance by all graduate students must be regular. Attendance requirements in a particular course are at the discretion of the instructor and are announced in the opening class session and printed in the course outline. Responsibility for class attendance rests with the student.

In all cases, the work missed through absence must be made up. However, permission to make up work when a student has been ill is not automatic and is given at the discretion of the instructor.

The university reserves the right to exclude from a graduate program, course or final examination a student whose attendance in classes is unsatisfactory to the instructor, the program director, or the dean.

Absence from Final Examination

Students who for valid reasons do not appear for final examinations must apply in writing within 10 days to their dean for permission to take deferred final examinations, provided they have received the grade of INC. They may be asked to provide medical certificates in cases of sickness or injury or other documentation of legitimate excuses. Students will be required to pay the deferred final examination fee per examination.

Comprehensive Examination or Capstone

Departments require a comprehensive examination or a capstone course and related project as part of the graduation requirements. Requirements are program specific.

The examination is designed to test the candidate’s knowledge of general concepts as well as his or her area of concentration. Failing the comprehensive on two occasions may result in dismissal from the program. Comprehensive examinations are offered twice a year, in the fall and spring. Information concerning the administration of comprehensive exams is disseminated each semester. MBA or MPA candidates must complete capstone courses as specified in their program plans. Consult the program director for information relating to capstone courses.

Requirements for Degrees

The responsibility for fulfilling the requirements for degrees rests entirely with the student. Specific degree requirements vary among the different programs and are described fully in this bulletin.

Students generally meet the requirements announced in the graduate bulletin for the academic year in which they were matriculated or readmitted. Students for whom graduation requirements change during their progress toward a degree may, with their dean's permission, choose requirements in effect at the time of admission or those in effect at the end of the course of study. Requirements for certification by the New York State Education Department are set by that department, and may be altered at any time. If changes in New York State Education Department requirements necessitate changes in degree requirements, graduation requirements may be changed, regardless of a student’s matriculation date.

All degree programs have a required culminating experience: comprehensive examination, project or capstone course. Students may not graduate until they have completed this requirement.

If a student is seeking a second master’s degree, at least 24 graduate credits must be taken in residence. Advanced placement of up to 12 credits may be awarded upon the written recommendation of the program director and the approval of the dean.

Graduation

Degrees are conferred by the university three times per year: in January, May, and September. Students must file an application for degree (available online and at the campuses) by the deadline indicated on the academic calendar. The commencement ceremony is held once yearly, in mid-May. Students who complete their degrees in September or January participate in the commencement ceremony the following May.

Students failing to fulfill all non-academic requirements (payment of outstanding tuition, fees, library obligations, parking fines, etc.) will be denied subsequent services, including but not limited to withholding of diplomas, transcripts, letters of certification, or licensure eligibility until
these requirements are met.

**Application for Degree**

Candidates for degree conferral are expected to file an application well in advance of the expected date for fulfillment of degree requirements. Consult the academic calendar for specific dates. Applications for degree are available online as well as in Rockland, Westchester and at the West Point Education Center. Failure to file an application for degree in a timely manner may result in delayed conferral of the degree.

**Academic Conduct Policy**

**Discipline**

Standards for academic and non-academic behavior are delineated in the “Code of Conduct” section of the Student Resource Book for LIU Hudson at Rockland and Westchester and the West Point Education Center. Students are expected to conduct themselves in accordance with the normally accepted standards of academic life. This implies that they will exercise due regard for the rights of others and, in particular, that their behavior will not interfere with the ability of the academic community to carry out its usual academic functions. It also implies that students will observe the usual standards of integrity with regard to the preparation of essays and the taking of examinations. Students are expected to comply with those reasonable rules of procedure promulgated by a faculty member for the conduct of his or her class or by the university for the conduct of its business.

Specifically, students must be aware of not only the performance and intellectual standards of each course, but also of the means acceptable in achieving those goals. Students are expected to study all materials presented and to master them. Students may avail themselves of all sources that will further that mastery: textbooks, library resources, student study sessions, tutoring, study aids, etc. Ultimately, however, the instructor's judgment of a student's performance is based on the student's individual demonstration of intellectual achievement and integrity.

Cheating on examinations and plagiarism of any sort are unacceptable and, if proven, are cause for the most severe penalties up to and including suspension or dismissal from the university.

The classroom instructor determines the rules of acceptable student conduct during examinations. Each instructor has the right to insist on procedures to insure the integrity of those examinations in altering seating arrangements, controlling communication among students, restricting the materials available to students during the examination, etc.

If a student is discovered cheating in a classroom examination or written assignment, by crib notes, receiving information from or giving information to a fellow student, using an electronic device, or by any means not stipulated by the rules of the examination, the instructor has the right to confiscate all test materials from the person or persons involved and give the grade of zero for the examination to the person or persons knowingly involved. The instructor has the right to fail these students for the course.

Also, students who submit written or other work provably not their own, or who submit work with sources inadequately acknowledged or with an inadequate system of documentation for a specific course assignment, may be given the grade of zero for the work submitted and a failing grade for the course.

A breach of discipline may result in disciplinary action, including suspension or dismissal. The Academic Oversight Committee (see below) will review the evidence in all such cases.

The activities of a student may, upon occasion, result in violation of state or federal law. Respect for the presumption of innocence requires that the institution not impose academic sanctions for the sole reason that a student is or has been involved in criminal proceedings. The institution may, however, impose its own sanctions to protect the safety of other students, faculty, staff, and property and to safeguard the academic process. If students, in breaking the law, violate institutional regulations, they will be subject to no institutional penalty greater than that which would normally be imposed.

All matters involving criminal activity will, upon approval of the dean, be referred to the appropriate civil authorities for action.

If there is a possibility that testimony or other evidence at an institutional hearing may be subject to disclosure to civil authorities by way of subpoena, the institution's proceedings should be postponed to safeguard the student's right to a fair civil determination.

**Academic Integrity**

**Plagiarism** is the use or presentation of ideas, works, or work that is not one's own and that is not common knowledge, without granting credit to the originator. Plagiarism is a practice that is not only unacceptable, but which is to be condemned in the strongest terms possible on the basis of moral, educational and legal grounds.

**Cheating** includes, but is not limited to the following: falsification of statements or data; listing sources that have not been used; having another individual write your paper or do your assignments; writing a paper or creating work for another student to use without proper attribution; purchase of paper or research work for one's submission as his/her own work; using written, verbal, electronic or other sources of aid during an examination (except when expressly permitted by the instructor depending on the nature of the examination); or knowingly providing such assistance to aid other students.

**Appeals Process**

**Student Complaints**

Students wishing to dispute or appeal an academic matter are encouraged to pursue the grievance processes identified below. Complaints related to operational matters may be directed to the dean. Students may also file a complaint with the New York State Department of Education in Albany: www.highered.nysed.gov/oue/complaintform.pdf.

**Appeals Process**

Students at LIU Hudson may expect a scrupulous regard for their rights as students and individuals and should expect to be treated fairly and with courtesy by all members of the academic community. In any matter in which a student feels that his or her rights have been violated, or in matters of serious dispute with members of the faculty or administration, the student should observe the following formal grievance procedure:

1. The student will write out a clear statement of the grievance.
2. The student will submit this statement to the staff member or faculty member involved. The student will be given a written response within five business days.
3. If the student is not satisfied with the response, the student may submit a statement to the appropriate program director. The director will review the matter and provide the student with a written response within five business days.
4. If still not satisfied, the student may submit a formal written statement to the dean, who will review the matter, hear the student, staff or faculty member, where appropriate, and see that proper action is taken.

**Academic Oversight Committee**

The Academic Oversight Committee (AOC), composed of the dean and no fewer than two program directors, meets at least once each semester, and more frequently if needed. Matters including, but not limited to, allegations of cheating or plagiarism, standards for teaching and learning, questions of professional ethics, and admissions issues or appeals, are routinely brought before the AOC for a finding.

**Conduct Committee**

Composed of no fewer than four members, two of whom represent academic areas and two of whom represent LIU Hudson administration, the Conduct Committee meets on an as-needed basis if a violation of the Code of Conduct is alleged. After a review of the evidence, and discussion with the parties involved, the committee makes a determination of guilt or innocence and applies an appropriate sanction if necessary. There is no appeal of Conduct Committee determinations.
Criminal Background and Drug Testing

A criminal conviction and/or the use of illegal drugs may impede or bar your entry into your chosen field of study. Students seeking entrance into many graduate fields of study including counseling, education, and health and human services professions should be aware that a criminal record can result in the refusal of licensing/certification/registration agencies to issue the credential needed to practice in that field of study. Prospective students are urged to contact the pertinent state and/or federal licensing agency to inquire whether a criminal record will have an impact on licensure or certification eligibility.

Many clinical/field experience affiliates now require the completion of criminal background checks and/or drug testing for employees, volunteers and students affiliated with the site. Therefore, students who plan to participate in a clinical/field experience may be asked to undergo a criminal background check, and/or a drug screen. Students should be aware that our clinical/field affiliates can reject or remove a student from the site if a criminal record is discovered or if a drug test is positive. In the event that a student is rejected from a clinical/field site due to information contained in the criminal background check, or drug screen, the student may be unable to complete a required clinical/field experience. In such an event, the student, may be advised to withdraw from the program.

Student Access to Educational Records

The Family Educational Rights and Privacy Act (FERPA) of 1974 specifically provides that a school may provide what they deem “directory information,” and only this information, without the student's consent or as provided by the law. Directory information at Long Island University includes the following: the student's name, enrollment status, major field of study, dates of attendance, degrees and awards received, past and present participation in officially recognized sports and non-curricular activities, physical factors (height, weight) of athletes and the most previous educational agency or institution attended. Students who wish to have their directory information withhold can make this election by filing the appropriate form at Enrollment Services.

Related Curricular Matters

Course Frequency

Courses are scheduled with sufficient frequency to assure students of timely degree completion. Courses with low enrollment, however, may be cancelled. If a course is not offered or is cancelled, it may be offered on a tutorial basis, with the consent of the program director and dean.

Time Limit

Work for the master's degree must be completed within five years of the date of admission to the graduate program, exclusive of time spent in the Armed Forces of the United States, unless the appropriate dean approves an extension in writing. The School Psychology program must be completed within six years. Any courses taken outside the time limit will not count as credits toward the degree unless approved in writing by the appropriate program director and the dean.

Transfer credit will usually be granted only for courses taken within the five-year period prior to admission to a program. Other time limitations may be established by each department.
REGISTRATION

Registrar Services

The official Registrar for LIU Hudson is the Registrar of LIU Brooklyn. Requests for transcripts may be made online or in writing to the Office of the Enrollment Services, LIU Brooklyn. Request forms are available on the campuses or online.

Auditing of Courses

In order to gain necessary background or enhance general knowledge, students may audit graduate courses for no credit. The permission of the program director is required in every case. Laboratory courses, fieldwork and practica may not be audited. The student who wishes to audit must pay half the regular tuition and fees for the course. His or her transcript will show that the course has been audited. Students who audit must submit audit forms at the time of registration.

Maintenance of Student Standing

It is expected that students will fulfill the requirements for their degrees or advanced certificates by registering over successive semesters either by attending classes or maintaining matriculation. A degree candidate who stops out for one or more semesters must apply to the dean for maintenance of matriculation prior to or during the registration period, if wishing to continue under the requirements in effect when admitted. A maintenance of matriculation fee must be paid during the registration period of each inactive semester (excluding summer sessions). Maintenance of matriculation does not extend the time limit for completion of studies. Student who do not enroll in coursework or for maintenance of matriculation for a regular fall or spring term will be required to gain readmission into the program in order to enroll further. Degree requirements that are in effect at the time of readmission will be applied to the student unless permission is granted by the dean to follow original degree requirements.

Students serving in the Armed Forces of the United States maintain their standing automatically during their time of service. They are, however, required to inform the campus of the dates of entrance into military service and termination of active duty.

Withdrawal

Students must initiate formal withdrawal procedures. Failure to do so may result in loss of possible refunds and/or inaccurate records of academic performance. Students may withdraw from one or all courses if they apply officially through LIU Hudson, notify all instructors, complete the required form and get the written permission of the dean. A student registered for a course is considered to be in attendance until the date of his or her official withdrawal. Withdrawal from courses is permissible at any time up to the final examination. The symbol UW is assigned when a student unofficially withdraws from a course. UW is not computed in the student’s average. Students who are on academic probation when they withdraw from courses are not eligible for re-admission without the approval of the dean.

Withdrawal from All Courses

An official withdrawal refers to an action taken by a student to discontinue enrollment after the drop period has expired. The course is recorded on the transcript with a grade of W.

• Course Withdrawals/Partial Withdrawals - when a student withdraws from one or more classes, but remains enrolled in at least one class.

• Term/Session Withdrawals/Complete Withdrawals - when a student drops or withdraws from all of his/her courses in a current term. This can occur at one time or over a period of time within a term.

Unofficial Withdrawal

An unofficial withdrawal refers to a student who fails to attend or ceases to attend one or more classes without officially withdrawing from the university. The course is recorded on the student's transcript with a grade of UW.

Course Drop

A course drop is an action taken by a student prior to the start of, or during the term. The dropped course does not appear on his/her transcript. Please refer to the University Add/Drop Policy for details on course drops.

Official Withdrawal Deadlines

• Complete Term/Session Withdrawals - Students may officially withdraw from the university prior to the start of finals.

• Summer Session Withdrawals - Students may officially withdraw from the university prior to the start of finals for the session.

• Winter Session Withdrawals - Students may officially withdraw from the university on or before the seventh day of the session.

• Course Withdrawals/Partial Withdrawals - Students may officially withdraw from one or more classes through the 10th week of the term. Please refer to the Academic Calendar in the campus bulletin on the university website for specific dates in each term.

Withdrawal Methods

The university permits students to withdraw from a course, session, or term in the following manner:

Submit Completed Withdrawal Application Form

A student may withdraw in person, by fax, or by email by submitting a signed and completed Withdrawal Application Form to Office of Enrollment Services by the withdrawal deadline. Forms are processed upon receipt. Any forms faxed outside business hours, during weekends or holidays will be processed following the next business day.

Process through MyLIU

• Course Drop - Students can use their MyLIU portal to drop courses online through the second week of the term. Please refer to the University Add/Drop Policy for details on course drops.

• Email to Office of Enrollment Services - A student may notify the Office of the Registrar of their intent to withdraw from the university via their MyLIU e-mail account. Due to FERPA regulations, the university will not respond to requests from outside email sources. In the body of the email, the student must state their intent to withdraw from a course, session, or term. Please include your student ID number and direct contact information.

Withdrawal Impacts

Effective Date of Withdrawal

• Official Withdrawals: The withdrawal date will be recorded with an effective date when all forms are completed, signed and returned to the Office of the Registrar. The university has a published Appeals Policy for students who wish to appeal their official withdrawal date.

• Unofficial Withdrawals: The withdrawal determination date for students who do not officially withdraw will be recorded as the last date of the term. For Federal financial aid purposes, it will be assumed that the student unofficially withdrew at the midpoint of the term. See Grading Policy for additional details.

Refunds

A student may make a written request to withdraw from one or more courses before the end of the semester. If the request is approved by the dean, the student will receive a refund as indicated in the “Graduate Tuition and Fees, Tuition Liability and Refund Policy” section of this bulletin. Late withdrawal can make the student ineligible for any refund. Withdrawal prior to the beginning of the semester or session entitles the student to a complete refund of tuition, excluding applicable deposit or registration fee.

Administrative Matters

Cancellation of Courses

The university reserves the right to cancel undersubscribed courses. When it does so, there is no program change fee.
GRADUATE TUITION AND FEES
2015-2016

Students are billed for tuition and fees at the time of registration. Room and board charges are reflected at the time of room assignment. Students must make satisfactory payment arrangements prior to the start of each term or before moving into residence halls to remain in good financial standing.

Students must make acceptable payment arrangements or officially withdraw prior to the start of classes to remain in good financial standing. Acceptable payment arrangements include:

- Payment in full using check or credit card;
- Approved financial aid covering all charges;
- Signed and approved University Payment Plan Agreement Form; and/or
- Participation in an approved third-party payment agreement.

A student who complies with any of the above shall be considered in good financial standing, so long as all conditions are met throughout the term. All payment arrangements must be completely satisfied or late payment fees and/or penalties will be applied to your account. If your balance becomes seriously past due and no arrangements are made, the university will refer it to an external collection agency or law firm, where additional fees and penalties may be charged to your account. All policies can be found online at www.liu.edu/enrollment-services.

### Tuition and Fees

<tr>
<td>West Point Military Program, active duty military personnel and dependents only, per credit</td>
<td>$635</td>
</tr>
<tr>
<td>University Fee: 12+ credits, per term</td>
<td>$884</td>
</tr>
<tr>
<td>Less than 12 credits, per term</td>
<td>$442</td>
</tr>
</tbody>
</table>

A detailed listing of all tuition and fees can be found at www.liu.edu/enrollment-services.

### Tuition Liability and Refund Policy

Students are responsible for knowing that they are registered for classes, that they are expected to pay for these classes in a timely manner, and must understand and follow the correct procedures to withdraw from classes. Non-attendance and/or non-payment do not constitute official withdrawal from the university. The calculation of your tuition and fee liability, if any, is based on the date of your official withdrawal or drop in accordance with university policy.

When a student withdraws, the university will refund tuition and fees as per the following schedules:

#### Fall and Spring Regular Sessions

<table>
<thead>
<tr>
<th>Period</th>
<th>Liability</th>
</tr>
</thead>
<tbody>
<tr>
<td>Weeks 1-2</td>
<td>0%</td>

</tr>
</tbody>
</table>

Students requesting a review of their assessed tuition and fee liability must complete the appeals form for student withdrawals in accordance with university policy and submit all required supporting documentation. Detailed policies and procedures can be found at www.liu.edu/enrollment-services.

### Student Health Insurance

Long Island University has partnered with Gallagher Koster to develop a cost-effective Student Health Insurance Plan that provides our students and families with robust medical coverage at school, back home, and while traveling or studying abroad. All international and clinical students qualify and are automatically enrolled in the plan but can waive participation online at www.gallagherstudent.com/liu if they have comparable coverage under a family plan or other policy.

#### Annual Rates

<table>
<thead>
<tr>
<th>Category</th>
<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mandatory and Compulsory/Hard Waiver Students</td>
<td>$2,193</td>
</tr>
<tr>
<td>Spouse/Domestic Partner</td>
<td>$2,193</td>
</tr>
<tr>
<td>Each Additional Child</td>
<td>$2,193</td>
</tr>
</tbody>
</table>

Qualifying new students who enter during the Spring or Summer terms can participate in the plan with prorated coverage periods and rates.

### Enrollment/Waiver Periods

- **Annual Plan:** July 1 – September 30
- **Spring Plan:** January 1 – February 15
- **Summer Plan:** May 15 – July 1

Beginning on July 1st, students can go to their My LIU account and click on the "Student Health Insurance" link from the Student Center Home Page to enroll in the plan, waive coverage, print temporary ID cards, and file or check claims. Coverage begins on August 15, 2015, which represents the start of the plan year, and extends through August 14, 2016. You can also visit the Gallagher Koster website directly at www.gallagherstudent.com/liu.
FINANCIAL AID

Through a mix of personal and online services, LIU Hudson supports students in managing all aspects of financing their education. The intent is to help students obtain maximum eligible financial aid awards, provide comprehensive counseling, optimize payment arrangements, disseminate financial aid and billing information clearly and understandably, support the university’s mission of access and excellence, and increase and assist in student retention efforts.

Using the university’s convenient My LIU portal at https://my.liu.edu, the student can view his or her financial aid status and account activity, pay bills online, and view “to do” items and “holds” that lead to completion of required tasks to ensure continued enrollment.

Staff members are available to assist and advise regarding financial aid options. Please call 845-450-7200 or 914-831-2700 to discuss financial aid or to make an in-person appointment.

To be eligible for financial aid programs, graduate students must be registered as at least half-time students. While the university defines half-time as six credits, and full-time status as nine credits per semester, some federal and state financial aid programs require the student to be registered for 12 credits per semester. Continued deferment of undergraduate or graduate loans depends on the source and conditions of each educational loan. Generally, students do not begin repayment on federal student loans until six months after graduation or if enrolled for fewer than six credits per semester. However, repayment provisions may vary with each type of loan.

Students are urged to check with the agencies administering their loans regarding any of the repayment provisions that govern deferment, cancellation, and special benefits as they enter repayment phases of their borrowing.

Application Process

All candidates for federal grant and loan programs, and New York State awards are required to complete the Free Application for Federal Student Aid (FAFSA) each year. The FAFSA should be completed online at www.fafsa.ed.gov. The federal school code for LIU is 002751. Continuing students at LIU must reapply for financial assistance each year. Applicants for financial aid may expect to be notified of the decision reached by the Office of Financial Aid shortly after their files have been completed. No action will be taken until the candidate has been accepted by the Office of Admissions.

Awards

Federal Loan Programs

The federal government awards financial assistance to students according to a variety of criteria as determined by the United States Department of Education. Benefits from all federal programs are subject to legislative changes. Recipients of federal programs must be U.S. citizens or permanent residents. A detailed listing of federal programs can be found online at: http://www.liu.edu/Hudson/FAS.

Scholarships

A number of scholarships and awards are available to LIU Hudson students, including, but not limited to, government, corporate, alumni and other awards. All university based scholarships and awards are subject to change without notice. Students should contact the Office of Admissions for the most up-to-date details about available scholarships and awards.

NOTE: Scholarships are only applicable to courses offered at LIU Hudson at Westchester or Rockland or at the West Point Education Center. With the exception of the Deanna Giordano Special Education Scholarship, the MBA and MPA, Textbook Awards, and the Recommend-A-Friend scholarship, students may receive only one scholarship award. Scholarship opportunities apply only to individuals who are not receiving the off-site cohort tuition rate or the military tuition rate.

Veteran Benefits

Veteran benefits provide an accessible path to graduate education, and LIU Hudson joins our nation in repaying students for their military service. With the Post-9/11 GI Bill, education-related benefits, including funds for tuition, housing, books and supplies, are much improved for our veterans.

Additional information can be found online at: http://www.liu.edu/Hudson/FAS/Mil-Vets-Edu/Veterans or by calling: 845-450-7200 or 914-831-2703.

Private Loans

Students who need funding beyond the limits of the Federal Direct Student Loan Program, may wish to consider an alternative loan. These loans are not guaranteed by the federal government and are considered private loans. Interested students are urged to research any lender being considered for this type of funding and to specifically ask such key questions as:

- current interest rates
- co-signer requirements
- repayment options, both in school and out
- whether or not the loan may be sold to another provider

The university does not have a preferred lender for alternative loans; each student has the right to select the educational loan provider of his or her choice. However, there are a number of independent resources that can be used to evaluate and analyze alternative loan options, including http://studentlendinganalytics.com/alternative_loan_options.html.

Students who are considering applying for an alternative loan, may be required to complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov in order for the university to certify loan eligibility. Alternative loans that are used to cover prior semesters may require additional information for approval.

Graduate Assistantships

Graduate assistantships are occasionally available at LIU Hudson for matriculated students. Assistantships are provided by the university to assist students in meeting their tuition obligations while, at the same time, meeting the needs of the campus. A three-credit assistantship requires 150 hours of work. Generally, assistantships involve some form of office work and students in good standing may apply for and receive an assistantship more than once while pursuing a degree. More information is available from the Office of Admissions in either Rockland or Westchester.

Terms and Conditions

Awards are not finalized until all requested supporting documentation has been properly submitted and reviewed. All awards are subject to funding levels and appropriations by federal and state agencies. Many aid programs require the student to be matriculated and in attendance at LIU Hudson on at least a half-time basis. LIU reserves the right to adjust or cancel offers of financial aid if the student makes changes to the FAFSA, adjusts his or her registration status, withdraws from one or more courses, or fails to maintain good academic standing for financial aid purposes. LIU also reserves the right to change the selection criteria, deadlines, and awarding process for academic awards.

Part-time status, for the purpose of scholarship and grant renewal, is defined as carrying and earning a minimum of six credits per semester. Unless otherwise indicated, university assistance is for tuition charges only. Students are advised to inform LIU of any aid received from outside sources, and awards from LIU may be adjusted if such additional assistance is in excess of estimated need.

Standards for Satisfactory Academic Progress (SAP)

Federal Financial Aid Programs

Federal regulations require students to make satisfactory academic progress (SAP) toward the completion of a degree or Title IV eligible
advanced certificate program in order to receive Title IV financial aid through the Federal Direct Loan Program. Satisfactory academic progress is measured qualitatively and quantitatively by two components: a student’s cumulative grade point average (GPA) and the number of credits earned relative to enrollment status.

Satisfactory academic progress is measured annually, at the end of the spring semester, after all grades have been submitted. Students failing to meet the criteria stated below are eligible to appeal this decision if extenuating circumstances played a factor in their academic performance. Examples of such circumstances could include an illness, accident, separation or divorce, or the death of a relative. An appeal must be made in writing to the university and include an explanation of the circumstance(s) that may have adversely affected the student’s ability to meet the academic requirements, and the plan or changes that have occurred which will allow them to make SAP in the future. All appeals must be accompanied by supporting documentation, such as a letter from a doctor or attorney. If an appeal is granted, the student will either be placed on probationary status for one semester during which the student must meet SAP guidelines, or must successfully adhere to an individualized academic plan that was developed for him/her by an academic advisor as part of the appeal process. Failure to meet these criteria will result in loss of eligibility for Title IV funds.

Students wishing to receive Title IV financial aid for summer semesters may have these awards evaluated and offered prior to a determination of SAP. All students receiving summer aid will have their SAP evaluated after all spring grades have been submitted. Students not making adequate progress will have their summer aid cancelled, and the student will be liable for all tuition and fee charges incurred unless an appeal is filed and granted as outlined above.

The criteria below outline the progress that is required for a full time graduate student to be considered in good standing:

**SAP Completion Rate Requirement**

All students must earn at least 67% of their attempted hours. The maximum time frame to complete each degree varies by department and is outlined in the bulletin under the specific degree program.

**SAP GPA Requirement**

Students who have earned fewer than 13 credits must maintain a 2.5 GPA; students who have earned 13 credits or more must maintain a 3.0 GPA.

**Notes:**

- Progress standards for part-time students are prorated based upon the criteria above.
- Qualifying transfer credits are counted as both attempted and earned credits but have no effect on the GPA.
- Grades of W (Withdrawal), ABS (Absent), INC (Incomplete), and IF (Incomplete Fail) are counted as credits attempted but not completed, and do not affect the GPA.
- Repeated classes will count only once towards credits completed. A student may receive aid for a repeated class that has been successfully completed once.
- Any departmental requirements that exceed these standards must be adhered to for the purposes of evaluating SAP.
Career Preparation Resources

Each semester, LIU Hudson provides opportunities for students to avail themselves of onsite resume and cover letter writing assistance. Students in Teacher Education and Counseling programs may participate in a mock interview night each semester. Students are given certification and licensure information onsite by faculty program directors, and certification officers. Full time faculty provide job search guidance based upon their years of expertise in the field and their professional networks.

Information Technology

George Baroudi, Vice President for Information Technology & CIO

IT recognizes the ever-growing need for our students to have the newest, most efficient tools available at their disposal. For all of our programs, students have hardware and software support available both onsite and remotely. This comprehensive information technology infrastructure is essential to ensure that our students, faculty and staff can do their work with ease, have the advantages of cutting-edge technology and quickly and reliably exchange information. Students in our online programs have access to a 24/7 help desk.

My LIU

The university’s My LIU portal provides students with convenient access to information about their records including financial aid, billing, grades, class schedule, e-mail account and more. All students will receive a letter from the Office of Student Services with details about how to login to my.liu.edu and access the resources available to them.

Student emails

Each student is assigned a university email address to use for corresponding with university faculty and staff. Students can check their e-mail by logging into https://my.liu.edu. If you have any trouble accessing your My LIU account, please check with the Office of Information Technology at LIU Hudson.

IT Website: http://it.liu.edu
IT email: it@liu.edu

Professional Writing Workshop

LIU Hudson offers a low cost professional writing workshop to meet the needs of graduate students whose writing skills need attention. Students are sometimes referred by a faculty member who takes note of a writing issue in class, or at other times self-refer. Those who return to school after some time either in the workforce or building their families may find that their writing skills need to be refined. As a result, LIU Hudson regularly offers a low cost professional writing workshop that combines individualized, small group, and online instruction.

Public Safety

At the Rockland campus, public safety and security support is provided by private security for scheduled classes throughout the year. Atlas Security is on site to assist students, faculty and staff with safety issues and concerns and parking issues. The non-emergency number is (845) 450-5405; Atlas Security can be reached at 845-591-7820. The Orange Town Police Department, which can be reached at 845-359-3700, provides another, 24 hour, layer of service and protection.

At the Westchester campus, public safety and security support is provided by the New York State University Police, a full-time law enforcement agency that provides service and protection for the campus and associated facilities 24 hours a day, 7 days a week. University Police are available to assist students, faculty, and staff with public safety issues and concerns, and is charged with enforcing campus parking and other Purchase College policies. There are 44 emergency blue light phones strategically located throughout the campus. These blue light phones are directly connected to the university’s Office of Police Communications.

It is the goal of the university police to manage a transparent agency that complies with the Federal Student Right-to-Know and Campus Security Act (public law 101-542) that serves the campus community in a professional, caring and compassionate manner. The non-emergency number is (914) 251-6900. The emergency number is (914) 251-6911.

Advisory Committee on Campus Security

In compliance with New York State Education Law Art. 129-A, The Advisory Committee on Campus Security is comprised of six members: two students, two faculty members, and two campus administrators. The purpose of the committee is to review policies and make recommendations regarding educating the campus community with respect to personal safety and crime prevention, sexual assault, domestic violence and stalking; reporting sexual assaults, domestic violence and stalking and assisting victims during investigations. The committee reports annually, in writing, to the chief operating officer of LIU Hudson.

Students With Disabilities

Students with disabilities needing accommodations should contact Dr. Iris Goldberg, chair of the LIU Hudson 504 Committee at 914-831-2710 or at iris.goldberg@liu.edu.

Veteran Services

LIU Hudson has a proud and distinguished history of serving its nation’s military veterans and active duty service members. In fact, citing its help with tuition costs, college credit for military training and on-campus services for veterans, LIU Hudson has been listed as a “Military Friendly School” in G.I. Jobs, a veteran-owned publication that serves former service members.

A supportive community of staff and faculty is dedicated to seeing veterans succeed. To accomplish this mission, LIU Hudson provides the resources needed to pursue educational opportunities while balancing the demands of life both inside and outside the classroom. A team of professionals is ready to offer information about admissions requirements, veterans’ benefits and financial aid, academic and career advising, and other support services.

Mary Beth Leggett is the contact person for veterans interested in studying at LIU Hudson. She may be reached at the West Point Education Center: 845-446-3818 or at marybeth.leggett@liu.edu.
The LIU Libraries system serves a combined total of more than 20,000 students and more than 600 full-time faculty members across residential and regional campuses. The university’s libraries share many online resources that can be accessed from anywhere at any time via remote access including subscriptions to more than 99,000 online journals; 150 online databases; 155,000 electronic books; and 56,000 files of streaming media. These resources may be accessed via the LIU Hudson homepage at http://www.liu.edu/hudson. Collectively, the libraries house approximately 675,000 print books and more than 14,000 non-print media items. The collections of all LIU libraries are listed in LIUCAT, the library catalog. Books, journal articles and other library materials owned by LIU’s libraries not available at a particular campus can be requested through LIUCAT and through the intercampus library loan courier service. Items not available at LIU libraries can also be requested through interlibrary loan and brought to campus or delivered electronically.

Library orientation is provided at new student orientation sessions each semester and information is provided in the LIU Hudson Student Resource Book. LIU Hudson is a member of the Westchester Library Association Consortium which gives Hudson students access to the many resources of the entire Westchester County Library System. Both the Westchester and Rockland sites maintain collections of assessment materials for use by teacher education, school counseling, mental health counseling, school psychology and marriage and family therapy students. Rockland also maintains an up-to-date children’s literature collection used for classroom instruction and literacy and special education practice. In addition, students, faculty, and staff at the Westchester site may also use the services and collections of the SUNY Purchase College Library.
The graduate program in Business Administration provides a solid foundation in the theories and applications required for effective management. The M.B.A. prepares decision-makers who will be able to deal with an ever-changing business environment. It is designed for those who wish to upgrade their professional credentials, whether they are currently employed or aspire to positions of responsibility in business or in such fields as health, government, non-profit organizations and the arts. The M.B.A. program is offered at both the Rockland and Westchester campuses of LIU Hudson. It meets the highest standards in curriculum and instruction, and its schedule and delivery make it a practical undertaking for the part-time student who has work or family responsibilities. All courses are taught by faculty practitioners with advanced academic credentials and extensive experience in their areas of expertise.

The M.B.A. is a 33 to 42 credit program (dependent on prior academic achievement and work experience) with three areas of concentration: finance, management, and healthcare sector management. In keeping with LIU’s commitment to access and excellence, all courses are offered evenings and weekends in eight-week or sixteen-week cycles designed for working professionals. Special features of the program include:

**Fast Track:** The program can be completed in 24 months or less.

**Practical Orientation:** Students have extensive and direct contact with experienced faculty practitioners, who bring a real-world orientation to the classroom.

**Critical Competencies:** The program focuses on the mastery of skills in communication, teamwork, diversity management, financial analysis, strategic thinking, and leadership, the kinds of vital skills required for effective managerial performance.

**Cohort System:** Students entering the program at the same time will usually take courses together throughout the 24-month period. This cohort system affords mutual support while fostering team leadership and project management skills. Individual arrangements are made to accommodate different entry points or special scheduling needs.

Prospective students are invited to meet with the M.B.A. program director in a personal interview on-site. A careful assessment of each candidate’s educational background, professional experience, and career goals is part of the admissions process and ensures that enrollment is a sound decision for each applicant.

**Inquiries may be directed to:**

**Dr. Kevin R. Nash,** Program Director, Business Administration
914-831-2711 (Westchester); 845-450-5410 (Rockland)
kevin.nash@liu.edu
Admission Requirements

Full Matriculant Status Requirements
The standards for admission as a full matriculant into the graduate program are as follows:
- Bachelor's degree from an accredited institution
- Minimum undergraduate GPA of 3.0
- Official transcripts from all colleges and universities previously attended (foreign documents must be assessed by a certified agency that evaluates international transcripts).
- Two letters of recommendation
- A written statement outlining the applicant's objective for seeking admission to the M.B.A. program
- Current resume
- Official score report of the TOEFL examination, required of all applicants with degrees from foreign colleges or universities

Limited Matriculant Status Requirements
A student admitted with technical or academic deficiencies will be classified as a limited matriculant student. A limited matriculant may enroll for a maximum of 12 credits before applying for full matriculation. If full matriculation status is not attained after nine credits, the student may not enroll for any additional credits in the degree program.

The standards for admission as a limited matriculant are as follows:
- Bachelor's degree from an accredited institution
- Minimum undergraduate GPA of 2.5
- Official transcripts from all colleges and universities previously attended (foreign documents must be accompanied by a certified English translation)
- Two letters of recommendation
- A written statement outlining the applicant’s objective for seeking admission to the M.B.A. program
- Current resume
- Official score report of the TOEFL examination, required of all applicants with degrees from foreign colleges or universities

Reclassification From Limited to Full Matriculant Status
A student admitted as a limited matriculant may achieve full matriculant status by:
- Maintaining a 3.0 cumulative GPA in 9 credits of graduate level courses as a limited matriculant
- Submitting all required documentation

M.B.A. in Business Administration

Degree Requirements
The M.B.A. curriculum has four levels:

General Business Core
Six courses (18 credits) at the 500 level

Advanced Business Core
Three courses (9 credits) at the 600 level

Electives
Four advanced courses (12 credits) at the 700 level

Capstone Courses
One Business Policy course (3 credits), at the 800 level

The general business core courses are particularly important for students who have not had previous work in economics or business, or who lack comparable business experience. Students who completed business courses as an undergraduate may qualify for a reduction of some or all of the general business core courses, reducing the total requirements of the program. Information about course waivers is found below.

Waivers
Students with undergraduate and/or graduate business administration training may petition the program director to waive courses in the general business core. Students must have received grades of at least 3.0 (B) in two courses for each general business core course to be waived. They must also submit college catalogue course descriptions. If courses are waived for students, their performance in the remaining general business core courses will be used to assess eligibility for MBA matriculation.

M.B.A. in Business Administration

[Program Code: 87303]

General Business Core: Six courses (18 credits) at the 500 Level

GBA 520 Business Internship* 3.00
GBA 512 Principles of Management and Leadership 3.00
GBA 515 Managerial Communications 3.00
GBA 517 Fundamentals of Management Information Systems 3.00
GBA 518 21st Century Financial Management 3.00
GBA 519 Business Statistics for Operational Decision Making 3.00

Advanced Business Core: Three courses (9 credits) at the 600 level

MBA 624 Financial Services in Global Capital Markets 3.00
MBA 632 Marketing Management and Strategy 3.00
MBA 633 Organizational Behavior in a Global Society 3.00

Concentration Electives:
For the Finance or Management Concentration:
Four advanced courses (12 credits) at the 700 level in Management or Finance

For the Health Care Management Concentration:
Four advanced courses (12 credits) at the 700 level in Healthcare Sector Management

Capstone Course: One course (3 credits) at the 800 level

HCM 840 Health Care Sector Management Capstone 3.00

OR

MBA 811 Business Policy 3.00

*42 Credits will be required only for those wishing to pursue the MBA who have no relevant business experience and who would, as a provision of their program acceptance, be required to complete this three credit internship.

Minimum GPA: 3.00

Advanced Certificate in Business Administration: Finance

This graduate certificate is designed for those who aim to advance in their careers but may not have a background in accounting or finance and need to acquire a sound knowledge of the principals of finance. The advanced certificate will enhance the understanding of accounting, corporate finance, money and banking.

This program is offered as a 12-credit, 4-course sequence and can be completed in two semesters.

Students may also obtain the certificate as a concentration within LIU Hudson’s 33-42-credit M.B.A. program.

Advanced Certificate in Business Administration: Finance

12 Credits Required
[Program Code: 89337]

GBA 518 21st Century Financial Management 3.00
GBA 519 Business Statistics for Operational Decision Making 3.00
MBA 624 Financial Services in Global Capital Markets 3.00
FIN 704 Financial Report Analysis 3.00

Minimum GPA: 3.00

Advanced Certificate in Healthcare Sector Management

This graduate program is designed for individuals aspiring to advance to middle- and upper-management positions in the healthcare industry. It develops competencies in:
- finance
- management
- organizational dynamics
- information management systems
- various other areas critical to the complex and dynamic healthcare field.

Students acquire the tools necessary to manage

LIU Hudson Bulletin 2015 - 2016
effectively in a wide range of healthcare organizations.

The Advanced Certificate in Healthcare Sector Management graduate certificate consists of four courses totaling 12 credits and can be completed in two semesters.

Students may also obtain the certificate as a concentration within LIU Hudson's 33-42-credit M.B.A. program.

Advanced Certificate in Healthcare Sector Management

[Program Code: 33901]

Minimum GPA: 3.00
Business Administration Courses

General Business Core

GBA 512 Principles of Management and Leadership
This course emphasizes the leadership dimensions of business management. Conceptually, it exposes the student to a range of perspectives on management and leadership. It covers the various research approaches to leadership, the roles played by business managers, and the competencies required for effectiveness. Experientially, it helps in assessing one's own leadership abilities, offers practical training in skills critical to business success, and provides the opportunity to create one's own Leadership Development Plan.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3
Rotating Basis

GBA 515 Managerial Communications
This course is concerned with improving the way people within organizations communicate. It includes the interpretation and application of organizational communication theory for the working or aspiring manager. Topics include personal communication styles, media and tools for the manager/communicator, organizational communications climate, one-to-one communications, meetings and conferences, speaking before groups, written managerial communications, planning and producing business reports, and advertising managerial communications.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3
Rotating Basis

GBA 517 Fundamentals of Management Information Systems
A survey analysis of the role of information systems in business strategy. Information systems are shown to be facilitators of market penetration, competitive advantage and organizational change. The material is presented within an integrated framework, portraying information systems as being composed of organization, management and technology elements. Topics include: organizational and technical foundations of information systems; applications of information systems to operational, tactical and strategic decision making; management of information as an organizational resource and various information architectures; emerging new information systems technologies; various approaches to building information systems; and issues related to management of information systems.

You must be in the Hudson Graduate Business Program in order to enroll for this course.

Credits: 3
Rotating Basis

GBA 518 21st Century Financial Management
This course is designed to integrate theories of accounting, financial management and analytical problem solving into a working knowledge of the techniques of financial decision making for organizations. Topics covered include, but are not limited to: the fundamentals of managerial accounting, profit planning and budgeting, analysis of managerial accounting data, and the link between accounting data and strategic planning.

Credits: 3
Rotating Basis

GBA 519 Business Statistics for Operational Decision Making
This course presents an overview of statistical concepts and methodologies which can be applied as aids to operational decision making in business. The course introduces the art and science of data analysis, scientific inference, estimation, confident intervals, hypothesis testing, regression analysis and other quantitative tools. The application of these quantitative decision making tools are examined in important operational business functions such as quality management, project management, supply chain management and inventory management.

Credits: 3
Rotating Basis

GBA 520 Business Internship
This course is designed for students admitted by special permission into the LIU/Hudson MBA program who do not meet the two years full-time work experience entry requirement. Interns will be assigned to a business organization at which they will be mentored as they develop basic business competencies under the supervision of a site-based mentor and the University-based course instructor. An important focus on the internship is the development of an understanding of the relevance of MBA course topics to real-world workplace challenges.

Advanced Business Core

MBA 624 Financial Services in Global Capital Markets
This course explores how the U.S. and global financial services and capital markets operate. Macro-economic trends, money markets, the banking function, investments and corporate financing techniques are surveyed. Emphasis will be given to understanding the principle forces that shape U.S. and global economies and money and capital markets. Money creation, the demand for money, and the relation of money to inflation and financial flows will be reviewed in a national and international context. Interest rates and their behavior will be examined within the context of offering a broad based introduction to the financial world, the changing role of competitive financial institutions and the effects of these changes on fiscal and monetary policy. The course will also provide a focus on the major social, political and economic forces and how they are affected by both public and private decisions and realities.

Credits: 3
Rotating Basis

MBA 632 Money and Capital Market Applications
This course focuses on strategic planning, problem-solving, and management of the marketing function. The principal components of marketing operations, including product development, promotion, pricing and distribution will be discussed, as well as the processes, concepts, and methods of marketing strategy at both the product level and the corporate level. The marketing strategies and management practices of contemporary firms will be examined as they relate to industrial and consumer products and services.

You must be in the Hudson Graduate Business Program in order to enroll for this course.

Credits: 3
Rotating Basis

MBA 633 Organizational Behavior in a Global Society
This course analyzes both the formal and informal aspects of organizational behavior as well as the ethical demands on the business organization for social responsibility. Topics cover issues of human behavior in an organizational context, such as individual patterns of motivation and behavior, norms and values, ethical dilemmas, communication, teamwork, collaboration versus conflict, and group dynamics. Organization-wide issues such as leadership, superior/subordinate relationships, and organizational change are also explored. The moral, legal, and political challenges which arise as a result of conducting business in a global society are discussed.

You must be in the Hudson Graduate Business Program in order to enroll for this course.

Credits: 3
Rotating Basis

Finance Concentration

FIN 702A Money and Capital Market Applications
Study of financial markets as allocators of funds and distributors of risk. Emphasis is given to the roles and functions of financial intermediaries. Theories of financial asset pricing are considered as they help to determine risk and return in competitive markets.

The pre-requisite of GBA 518 is required and the student must be in the Hudson Graduate Business Program in order to register for this course.
FIN 704 Financial Reports Analysis
Survey of the analytical tools and techniques used to evaluate the current financial position of the firm. Financial reports are analyzed for growth potential, solvency, earnings quality, investments, and forecasting implications. Topics include: business and financial trends, proper adjustments of financial data, cash flow forecasting, estimation of debt risk premiums, and identification of likely candidates for acquisition and high bankruptcy risk firms.

The student must be in the Hudson Graduate Business program in order to register for this course.
Credits: 3
Rotating Basis

FIN 705 Securities Analysis
Introduction to the theory and practice of security analysis, including the valuation of individual securities, valuation of the stock market as a whole, portfolio management and investment strategies. Investment risks will be analyzed and measurements of risk, including duration and convexity, will be examined. An introduction to derivative securities and international investments will be included.

The prerequisites of GBA 518 and FIN 704 are required and the student must be in the Hudson Graduate Business program in order to register for this course.
Credits: 3
Rotating Basis

FIN 707 Portfolio Management
This course considers the most effective methods of meeting investment objectives for individual and institutional portfolios (specifically pension funds, endowment funds and mutual funds). Focus will begin with dedicated equity and fixed income portfolios and then progress to asset allocation and management strategies for mixed portfolios. Alternative techniques for managing risk, including derivatives, will be explored. Portfolio management, implementation and performance measurement will be analyzed and appraised in terms of economic shifts, yield curve changes, tax and legal considerations. The course makes heavy use of computer programs for portfolio management and analysis. Actual individual and institutional portfolios, managed by large and small institutions, will be examined.

The prerequisites of GBA 518, FIN 704 and FIN 705 are required and the student must be in the Hudson Graduate Business program in order to register for this course.
Credits: 3
Rotating Basis

FIN 710 Corporate Mergers and Acquisitions
Study of business enterprise growth through merger and acquisition. Topics include premerger planning and fact finding, legal and accounting considerations, financing aspects, tax and antitrust problems, personnel issues, post-merger integration and valuation techniques. International and domestic mergers and acquisitions are considered. Case studies are employed.

The prerequisite of GBA 518 is required and the student must be in the Hudson Graduate Business Program in order to register for this course.
Credits: 3
Rotating Basis

FIN 715 International Trade
Includes a review of international trade, its magnitude, direction, and industrial classification, as well as the institutions (GATT, etc.) facilitating it. The course focuses on practical techniques and problems of exporting and importing with special attention to small business. Topics include: sources of marketing information, techniques of payment and collections, currency fluctuation problems and balance of payments analysis, sources and uses of funds to finance foreign trade, and government assistance.

The prerequisites of GBA 518 and MBA 632 are required and the student must be in the Hudson Graduate Business program in order to register for this course.
Credits: 3
Rotating Basis

FIN 750 Financial Problems Seminar
Selected foreign and domestic financial and economic developments are analyzed. Emphasis is upon integrating acquired financial knowledge with the problems under study.

The prerequisite of GBA 518 is required and the student must be in the Hudson Graduate Business Program in order to register for this course.
Credits: 3
Rotating Basis

FIN 752 New Venture Creation
Managing and financing a new venture, whether as a new corporate entity or as an independently initiated business of one’s own, is both a management and finance challenge of the first order. Tomorrow’s business leaders need to develop and understand the entrepreneurial spirit. They need to understand what transpires before, during, and after the decision to create or implement a new venture, be it in a small or larger enterprise. This course equips the student with the skills needed to grasp and implement the general managerial responsibilities required to be a successful venture creator. It also provides training in how to create a business plan, determine ethical decision making, and assess deal valuation. Additionally, the student learns the various resource requirements, finance options, and methods to obtain funding for prospective ventures.

The student must be in the Hudson Graduate Business program in order to register for this course.
Credits: 3

Cross-Listings: ENT 752, FIN 752, MAN 752
Rotating Basis

Health Care Management Concentration

HCM 710 Health Care Sector Organization
This course provides a comprehensive examination of healthcare organizations and systems. Students examine the healthcare sector from the standpoints of payers, providers and suppliers. New developments in the biotechnology, medical device, pharmaceutical, genomic, and healthcare information technology industries are reviewed, along with an introduction to the major healthcare legal issues and policy challenges that face managers in this sector, including adaptation to new federal policy initiatives in such areas as Medicare and Medicaid.
Credits: 3
Rotating Basis

HCM 720 Health Care Sector Finance
This course focuses on the application of financial analysis to decision-making in the healthcare sector. The course will cover a range of topics reflecting the complexity of healthcare finance, such as revenue generation for healthcare institutions, departmental budgeting and monitoring, managed care contracting issues, collective bargaining agreements, financial reimbursement and fee-for-service methodologies, cash flow projections, cost accounting and financial reporting.
Credits: 3
Rotating Basis

HCM 730 Health Care Sector Information Management
The goal of this course is to prepare students to manage and maximally utilize healthcare management information systems to accomplish their professional objectives. Students will understand the role information technology plays in a variety of healthcare processes. The course will address the use of a number of existing core databases, including financials, sales, and human resources. It will examine new information technologies that have been developed specifically for consumer directed healthcare, and other recent industry developments.
Credits: 3
Rotating Basis

HCM 750 Advanced Seminar in Health Care Sector Management
The goal of this course is to deepen the managerial and analytical competencies needed to assess current regulatory, legal, organizational, and financial issues and to ensure that quality healthcare services are delivered to patients and other stakeholders. Based upon an understanding of contemporary healthcare organizations and the dynamic forces in the healthcare industry
**Management Concentration**

**MAN 702 Theories of the Organization**
Survey of organizational theories with particular emphasis on goal setting, assessing, achievement and displacement. Topics include: the relationship of authority, role responsibility, organizational structure, design and culture. Students will diagnose organizational functions, analyze deficiencies and determine ways of adapting organizational structure to realize goals.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3  
Rotating Basis

**MAN 703 Project Analysis and Program Management**
Survey of managerial criteria for effective project planning and management. Topics discussed: establishment of objectives, cost benefit analysis, planning methods, organizational concepts, causes of conflict, conflict resolution, and options in allocation of resources.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3  
Rotating Basis

**MAN 704 Managerial Planning and Control Systems**
Formulation of integrated long-range and strategic plans relating to organizational objectives, expense centers, performance centers and investment centers. Also studied are methods of performance measuring and information handling.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3  
Rotating Basis

**MAN 705 Management Decision Theory**
Survey of the decision-making processes and methods for examining, defining, analyzing and solving complex problems. Emphasis is on defining objectives, value systems and methods for identifying and assessing alternative courses of action.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3  
Rotating Basis

**MAN 722 Human Resource Management**
A review of the major areas of human resource administration. Topics include: selection and replacement, compensation, training and development, labor relations and employee services. These activities are viewed from the position of both the large and small firm.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3  
Rotating Basis

**MAN 724 Organizational Development**
Survey of contemporary training and development problems with emphasis on the relationship between development and the organization's personnel decisions. Techniques of personnel training are examined, along with approaches to organizational change.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3  
Rotating Basis

**MAN 725 Work People and Productivity**
Analysis of the problems of the occupational environment in small and large enterprises. Emphasis on the practical problem-solving that is of immediate concern to the participants. Topics include: survey of new approaches to motivation, attitudes, job satisfaction, job enrichment, monotony, fatigue, working conditions and conflict resolution, quality circles, and productivity.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3  
Rotating Basis

**MAN 726 Managerial Planning and Control Systems**
This course focuses on the special challenges of managing organizational change – a critical core competency for the business organization and the ultimate test of leadership for the business executive.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3  
Rotating Basis

**MAN 750 Management Seminar**
Limited to advanced MBA students, this seminar offers an opportunity to examine critical issues that arise in the management of business organizations. This course focuses on the special challenges of managing organizational change – a critical core competency for the business organization and the ultimate test of leadership for the business executive.

You must be in the Hudson Graduate Business Program in order to enroll for this course.

**Capstone Courses**

**HCM 810 Health Care Sector Management Capstone**
This course, taken in the final semester of the MBA Program, constitutes a practical application of principles learned in the Advanced Seminar (HSM 750). It involves completion of an individual study project in healthcare management based on a real-world problem in healthcare. Under faculty supervision, each student will select a current problem in healthcare – typically within his/her current organization – to examine in detail. Students will be expected to research the issue; draw upon previous coursework in management, organizational behavior, and financial analysis; produce practical strategies to resolve the problem and to implement workable solutions. Students will share progress on their respective projects in class meetings and a written report (in three parts) will be submitted by each as a final requirement for graduation.

The pre-requisite of HCM 750 is required.
Credits: 3  
Rotating Basis

**MBA 811 Business Policy**
An examination of the fields of policy making and management that integrates the work covered in the graduate business curriculum. The viewpoint is that of senior general managers who set company-wide objectives and coordinated departmental policies and activities. As an integrating experience, students are expected to bring their acquired business knowledge to bear on managerial decision-making. Through readings in strategic management, case analyses, and a computer-based simulation, students take the role of executive team members to test their skill in the use of financial, marketing, and management variables in competition with other student teams on the campus and in other universities. Selected guest lecturers and a major written project round out the learning experience.

You must be in the Hudson Graduate Business Program in order to enroll for this course.
Credits: 3

COUNSELING, PSYCHOLOGY AND THERAPY

School Psychologists, School Counselors, Mental Health Counselors and Marriage and Family Therapists are in increasing demand by community, educational, health and other organizations. These professionals play vital roles in helping children, young people and adults to face the demands and stresses of a complex world.

The Master's degree programs in counseling, psychology and therapy offered at LIU Hudson prepare students for a wide variety of professional careers in the areas of School Counseling, School Psychology, Mental Health Counseling and Marriage and Family Therapy. New York State law requires individuals to hold a master's degree and obtain state licensure in order to work as marriage and family therapists or mental health counselors.

The Master's degree programs in School Counseling and School Psychology lead to eligibility for New York State certification in these professions. Specialized programs are available to prepare for state certification in Bilingual School Counseling and Bilingual School Psychology.

In addition, the Rockland campus offers a 12 credit Advanced Certificate in Crisis Management. All Hudson campuses offer the Advanced Certificate in School Counseling for those seeking the additional credits required for permanent certification. An Advanced Certificate in Mental Health Counseling is also available at the Hudson campuses. This NYS approved bridge program offers the opportunity for individuals with a Master’s degree in school counseling, psychology, marriage and family therapy or other related professional area to meet the educational requirements for licensure as mental health counselors in NYS.

The Westchester campus offers New York State Office of Alcohol and Substance Abuse Services (OASAS) approved CASAC (Certified Alcohol and Substance Abuse Counselor) tracks in both the M.S. in Mental Health Counseling and M.S. in Marriage and Family Therapy programs. The School Psychology program is located at the Westchester campus. The Marriage and Family Therapy program is located at the Westchester and West Point campuses, although courses may be taken in Rockland by permission of the program director.

Inquiries at the Rockland campus and the West Point Education Center may be directed to:

Dr. Thomas J. Nardi, Director of Counseling Programs
LIU Hudson at Rockland and the Army Education Center at West Point

M.S.Ed. in School Counseling

Candidates for the M.S.Ed. in School Counseling learn to assist students in public and private elementary, middle and secondary schools by providing counseling in such areas as academic advisement, school success and college placement, as well as help with behavioral and personal problems.

The programs make use of an integrated didactic and experiential approach. Students are given personalized advisement about the internships and electives which will best serve their future career goals.

Admissions Requirements for School Counseling

1. Bachelor's degree from an accredited institution
2. Undergraduate minimum GPA of 2.75
3. Two professional letters of reference (e.g. from academic instructors or professional supervisors)
4. Personal essay including a statement of professional goals
5. Current resume
6. Academic writing sample (e.g., term paper, research paper)
7. Interview with program director or designated faculty member

Degree requirements

1. Completion of all coursework with GPA of 3.0 or better
2. Passing the comprehensive examination
3. Demonstration of interpersonal competencies and emotional maturity associated with effective counseling outcomes
4. Successful completion of Child Abuse Identification, Violence in the Schools Prevention and DASA training workshops. If completed outside of LIU, documentation must be provided.
5. Satisfactory completion of internship as determined by satisfactory ratings from site supervisor as well as passing grades for all internship courses. Dismissal from an internship will result in a grade of F for the course and possible program dismissal.

M.S.Ed. in School Counseling - 48 credits

This degree meets the academic requirements for a Provisional New York State Certificate as a School Counselor. Please note that other states may have their own requirements and/or tests; students should, therefore, consult with the Education Department of the particular state for current information.

</table>

In addition, please note that for bilingual certification, students must demonstrate oral and written proficiency in English and in the target language by earning a passing grade on the New York State Bilingual Education Assessment Examination.

Minimum GPA: 3.00

PROVISIONAL AND PERMANENT STATE CERTIFICATION

At the completion of these 48 credits, child abuse detection, violence prevention, DASA workshops, and fingerprint processing, students are eligible for the New York State Provisional Certificate in School Counseling. Provisional certification is granted for a period of five (5) years.

Students may complete an additional 12 credits towards New York State Permanent Certification while enrolled or after obtaining the Master's through our Advanced Certificate in School Counseling. Permanent State Certification requires 60 credits in total. Two years of full-time work experience as a counselor (K-12) is also required. These credits may be completed by taking electives that are offered throughout the year as well as through summer institutes.

Advanced Certificate: Bilingual Extension for School Counselors

15 Credits Required

[Program Code: 37407 WBLESCCRT or 37406 RBLESCCRT]

Prerequisites:

- Prior Certification as a School Counselor
- Proficiency in English and one other language

Issues in Counseling
M.S.Ed. in School Psychology

The School Psychology program culminates in the degree of Master of Science in Education. It is open to a select group of students. The program trains school psychologists as practitioners and teaches the knowledge and skills necessary for today's practice of school psychology in diverse environments. The School Psychology program fully prepares students to obtain provisional New York State certification as School Psychologists. Upon completion of a two-year supervised work experience, students are eligible for permanent certification.

The program is designed to be completed in three years and must be finished within a six-year period. Cohort classes for the School Psychology program are generally admitted in the fall in order to facilitate progress through the assessment course sequence, although there is a possibility of beginning in the Spring or Summer with the permission of the program director.

Admission Requirements for School Psychology

1. B.A. or B.S. degree from an accredited institution, with a minimum GPA of 3.00
2. Minimum of 24 credits in psychology, education or other relevant major field of study at the discretion of the program director and/or full-time faculty member
3. Personal essay including a statement of professional goals
4. An academic writing sample (e.g., term paper, research paper)
5. Two professional letters of reference (e.g., from academic instructors or professional supervisors)
6. College courses in Personality or Developmental Theories (or equivalent) and in Statistics (Behavioral or Mathematical). These courses are prerequisites to courses taken early in the sequence. Students lacking these courses may apply but may not be matriculated unless waived by the Program Director.
7. Current resume
8. Interview with Program Director or designated faculty member

Degree Requirements

1. Minimum of 60 graduate credits including course work, practica, and internship. Students seeking the bilingual extension complete 66 credits.
2. A graduate GPA of 3.25 or better
3. Demonstration of competence in assessment techniques as indicated by grades of B+ or better in these courses or after review by Program Director.
4. Successful completion of Child Abuse Identification, Violence in the Schools Prevention and DASA training workshops. If completed outside of LIU, documentation must be provided.
5. Satisfactory completion of internship as determined by satisfactory ratings from site supervisor as well as passing grade for all internship courses. Dismissal from an internship will result in a grade of F for the course and possible program dismissal.

The general program includes 60 credits of course work, practica and an internship. The comprehensive curriculum consists of 24 credits of psychological and educational foundations with a developmental emphasis; 27 credits in assessment and intervention, including consultation and counseling; and 9 credits in professional school psychology, including internship. The internship requirement is equivalent to 1200 hours of full-time placement in a school setting.

M.S.Ed. in School Psychology - 60 credits

[Program Code: 93026 RMHCMS; WSPMSED]
This degree meets the academic requirements for a Provisional New York State Certificate as a School Psychologist.

Advanced Certificate in School Counseling

The Advanced Certificate in School Counseling allows graduates of LIU Hudson, as well as school counseling graduates from other universities, to complete the additional coursework required. By offering these courses as an advanced certificate, we are able to offer this advanced training in a cohesive, coherent way which meets current needs and trends in the field of school counseling.

Advanced Certificate in School Counseling - 12 credits

[Program Code: 32988 WSCHCNSCR]
For students who have completed a 48-credit program in School Counseling at LIU Hudson or another institution, this advanced certificate meets the additional 12-credit requirement for permanent New York State certification.

Prerequisite:
- Master’s degree and prior certification as a School Counselor

SPC 680B  Fieldwork: Observation in School Settings (Bilingual) 3.00
SPC 781B  Internship in School Psychology (Bilingual) 3.00

In addition, please note that for provisional bilingual certification, students must demonstrate oral and written proficiency in English and in the target language by earning a passing grade on the New York State Bilingual Education Assessment Examination.  
Minimum GPA: 3.00

Advanced Certificate: Bilingual Extension for School Psychologists

15 Credits Required  
[Program Code: 37409 WBLESPCR or 37408 RBLESPCR]  
Prerequisites:
- Prior Certification as a School Psychologist  
- Proficiency in English and one other language
SPC 745M  Multicultural & Diversity Issues in Counseling 3.00
TED 516  Learning in Bilingual/Multicultural Settings 3.00
SPC 680B  Fieldwork: Observation in School Settings – Bilingual Program 3.00
SPC 724  Assessing the Bilingual Child 3.00
SPC 781B  Internship in School Psychology: Bilingual 3.00

Minimum GPA: 3.00

M.S. in Mental Health Counseling

This 60-credit master's degree program prepares students to work in mental health and social service agencies, clinics, hospitals and private practice. Students learn individual and group counseling techniques, and consultation skills found to be effective with a variety of clinical issues ranging from life adjustment problems to serious mental illnesses. Students are trained to be multiculturally competent and sensitive to the needs of diverse populations. This program offers broad training and meets the academic requirements for New York State licensure as a Mental Health Counselor. Personalized advisement is given to students about the internships and electives that will best serve their professional goals.

Admissions Requirements
1.  B.A. or B.S. degree from an accredited college, with a minimum GPA of 3.00
2.  Minimum of 24 credits in psychology (or other relevant major field of study in the social sciences at the discretion of the program director)
3.  Personal essay including a statement of professional goals
4.  An academic writing sample (e.g., term paper, research paper)
5.  Two professional letters of reference (e.g. from academic instructors or professional supervisors)
6.  Current resume
7.  Interview with Program Director or designated faculty member

Degree Requirements
1.  Completion of all coursework with GPA of 3.0 or better
2.  Passing the comprehensive examination
3.  Demonstration of interpersonal competencies and emotional maturity associated with effective counseling outcomes
4.  Successful completion of Child Abuse Identification workshop
5.  Satisfactory completion of internship as determined by satisfactory ratings from site supervisor as well as passing grades for all internship courses. Dismissal from an internship will result in a grade of F for the course and possible program dismissal.

M.S. in Mental Health Counseling - 60 credits

Program Code: 31141 WMNTHTHCNS
This degree meets the academic requirements for New York State licensure as a Mental Health Counselor. Upon completion of these academic requirements, 3,000 hours of post-Master's supervised experience in the practice of mental health counseling and a passing grade on the National Clinical Mental Health Counseling Examination (NCMHCE) are required for NYS licensure.

3-Year Program Plan
CPT 500  Introduction to Mental Health Counseling 3.00
CPT 501  Counseling Theory and Practice I 3.00
Office of Alcohol and Substance Abuse Services (OASAS) Education and Training Program

LIU Hudson at Westchester offers New York State Office of Alcohol and Substance Abuse Services (OASAS) approved CASAC (Certified Alcohol and Substance Abuse Counselor) for both the M.S. in Mental Health Counseling (MHC) and M.S. in Marriage and Family Therapy (MFT) programs. This certification equips mental health professionals with the special knowledge and skills to support those dealing with the complexities of these addictions. Integration of the CASAC-T certification with either of the master’s degrees significantly expands the range of professional opportunities for those who aspire to careers in mental health counseling or marriage and family therapy.

In recognition of the unique educational preparedness that an integrated CASAC program provides, OASAS (Office of Alcohol and Substance Abuse Services) has reduced the 6000 hour requirement of non-paid work experience in an appropriate substance abuse treatment setting to a 2000 hour requirement. Students who complete their required MHC or MFT Internship placements at an OASAS approved substance abuse setting can also count those hours towards the 2000 hour requirement, thereby further reducing the necessary post-degree hours.

MHC and MFT graduates who successfully complete both their CASAC integrated coursework and internship hours are immediately eligible to apply for their CASAC-Training certificate and take the CASAC-T (Credentialed Alcohol and Substance Abuse Counselor-Trainee) exam.

The optional CASAC Education and Training Program is offered at no additional cost beyond the tuition and fees for the MHC and MFT programs. The Mental Health Counseling and Marriage and Family Therapy with CASAC are identical to the regular MHC and MFT programs with the following exceptions:

1. Since the CASAC tracks are specifically registered by OASAS at the Westchester campus, the following MHC/MFT courses must be taken there:
   - CPT 503: Adult Psychopathology
   - CPT 504: Professional, Ethical and Legal Issues in Counseling
   - CPT 600: Clinical Methods in Counseling
   - SPC 650: Developmental Psychopathology
   - SPC 657A: Family Counseling in an Urban Setting
   - SPC 732: Research Methods
   - SPC 745M: Multicultural and Diversity Issues in Counseling

2. In place of the 3 electives, the following 3 elective courses must be taken:
   - SPC 675: Techniques of Substance Abuse Counseling
   - SPC 678: Physical and Pharmacological Effects of Substance Abuse

Office of Alcohol and Substance Abuse Services (OASAS) Education and Training Program

LIU Hudson at Westchester offers New York State Office of Alcohol and Substance Abuse Services (OASAS) approved CASAC (Certified Alcohol and Substance Abuse Counselor) for both the M.S. in Mental Health Counseling (MHC) and M.S. in Marriage and Family Therapy (MFT) programs. Minimum GPA: 3.00

M.S. in Marriage and Family Therapy

This 48-credit master's degree program prepares students to work in mental health and social service agencies, clinics, hospitals and in private practice. Students learn counseling techniques and consultation skills found to be effective with couples and families, and are trained to be multiculturally competent and sensitive to the needs of diverse populations. This program leads to eligibility for New York State licensure as a Marriage and Family Therapist. Students are given personalized advisement about the internships and electives that will best serve their professional career goals.

Admissions Requirements

1. B.A. or B.S. degree from an accredited college, with a minimum GPA of 3.00

2. Minimum of 24 credits in psychology (or other relevant major field of study in the social sciences at the discretion of the program director)

3. Personal essay including a statement of
professional goals

4. An academic writing sample (e.g., term paper, research paper)
5. Two professional letters of reference from academic instructors or professional supervisors
6. Current Resume
7. Interview with Program Director or designated faculty member

Degree Requirements
1. Completion of all coursework with GPA of 3.0 or better
2. Passing the comprehensive examination
3. Demonstration of interpersonal competencies and emotional maturity associated with effective counseling outcomes
4. Successful completion of Child Abuse Identification workshop
5. Satisfactory completion of internship as determined by satisfactory ratings from site supervisor as well as passing grades for all internship courses. Dismissal from an internship will result in a grade of F for the course and possible program dismissal.

M.S. in Marriage and Family Therapy
[Program Code: 31140 WMRGFAMTHR]
This degree meets the academic requirements for New York State Licensure as a Marriage and Family Therapist. Upon completion of these academic requirements, 1,500 direct client contact hours of post-Master's supervised experience in the practice of marriage and family therapy are required for licensure. Please note that New York State permits all direct contact hours completed during the Master's program to be applied toward these 1500 hours. In addition, New York State requires a passing grade on the "Examination in Marital and Family Therapy" of the AMFTRB.

Required Courses
CPT 503 Adult Psychopathology 3.00
CPT 504 Professional, Ethical and Legal Issues in Counseling 3.00
CPT 600 Clinical Methods in Counseling 3.00
CPT 601 Group Counseling Theory and Practice 3.00

CPT Elective 3.00
or
SPC Elective 3.00

Minimum GPA: 3.00

Office of Alcohol and Substance Abuse Services (OASAS) Education and Training Program
See above, M.S. in Mental Health Counseling, for OASAS description and details.

Advanced Certificate in Crisis Management
This is a two-semester, weekend-only program, offered at the Rockland campus, that prepares professionals in various fields to: deal with, and mitigate, the emotional and psychological impact of a crisis. From a mental health perspective, this program prepares students to: proactively address the first signs of a potential critical event, master techniques and strategies to mitigate the impact of a crisis, learn best practices and protocols and respond compassionately and effectively to traumatic events in our schools, workplace and communities.

Advanced Certificate in Crisis Management
12 Credits Required
[Program Code: 36628 RCRIMGTAC]
Prerequisite: Minimum of a bachelor’s degree in counseling, psychology, social work, education or a related area

Required Courses
CPT 740 Approaches to Trauma 3.00
SPC 648 Best Practices in Systemic Crisis Management 3.00
SPC 649 Developing a Holistic Mental Health Crisis Management Plan 3.00

SPC 745R Resiliency-Focused Counseling 3.00

Minimum GPA: 3.00

Bulletin 2015 - 2016
LIU Hudson Bulletin 2015 - 2016 Page 32
Counseling, Psychology and Therapy Courses

CPT 500 Introduction to Mental Health Counseling
This course will examine the role of the mental health counselor in clinical settings, social agencies, vocational and rehabilitative settings. There will be an exploration of the nature and scope of counseling and the relationship between the counselor and other members of the interdisciplinary team. Students will be introduced to concepts such as preventive work, community outreach, and psychosocial approaches. There will be a focus on the contemporary social issues which impact on the world of the counselor.
Credits: 3
Rotating Basis

CPT 501 Counseling Theory and Practice I
Theories and research in various psychoanalytic, psychodynamic, interpersonal, relational and humanistic schools of counseling. In addition, analytic theories of personality dynamics and development are studied. Emphasis on understanding individuals in the context of their particular childhood experiences, reactions, values and sociocultural environment. Unconscious phenomena are considered. Transference and counter-transference reactions are studied.
Credits: 3
Rotating Basis

CPT 502 Counseling Theory and Practice II
An overview of theories and research in various schools of cognitive, behavioral and other modern schools of counseling. Emphasis on understanding the individual in the context of his or her experiences and particular environment. An understanding of the goals and methods used by evidence-based models of counseling.
Credits: 3
Rotating Basis

CPT 503 Adult Psychopathology
Students will understand the major diagnostic categories of psychopathology affecting young adults, adults and older individuals. Case studies will be used to illustrate disorders such as depression, anxiety, obsessive compulsive disorders, bipolar disorder, adjustment disorders and personality disorders. Consideration will be given to cultural and social factors in the area of diagnosis and therapeutic intervention. Psychopharmacology and the use of the DSM and ICD systems of diagnosis and classification of mental disorders will be discussed. Prerequisite: Undergraduate or graduate course in Personality unless waived by program director.
Credits: 3
Rotating Basis

CPT 504 Professional, Ethical and Legal Issues in Counseling
This course will provide an overview of the significant ethical and legal issues which present in the counseling profession. Topics to be covered include confidentiality, scope of practice, competence, and professional relationships. In addition, legal and legislative issues such as family law, educational law and recent cases involving counselors and other mental health professionals will be explored.
Credits: 3
Rotating Basis

CPT 600 Clinical Methods in Counseling
This course will focus on assessment, case conceptualization, diagnosis and treatment recommendations. Students will be taught about the practical application of counseling techniques including the process of conducting intake interviews, obtaining a mental status, taking psychosocial histories, and the use of diagnostic tools such as the DSM and ICD systems of diagnosis and classification of mental disorders. Students will engage in role-playing, practice interviewing skills and prepare sample clinical reports.
Credits: 3
Rotating Basis

CPT 601 Group Counseling Theory and Practice
Contemporary theories and historical perspectives pertaining to group counseling will be presented. Students will identify factors in group processes which promote social and emotional growth and development. Students will also examine and practice techniques appropriate for the resolution of personal, social and academic conflicts. A portion of the class time will involve participation in a group and analyzing its dynamics.
Credits: 3
Rotating Basis

CPT 602 Personality Disorders Evaluation and Evidence Based Treatments
Personality disordered clients present unique challenges to clinicians in many practice settings. This course will provide an overview of personality development and characteristic patterns of personality dysfunction. We will learn to assess personality functioning by reviewing assessment instruments including structured clinical interviews and self-report scales such as the MCMI-III (Millon Clinical Multiaxial Inventory). We will review the ten personality disorders outlined in the DSM and ICD systems of diagnosis and classification of mental disorders, and discuss compelling case examples from our own work and will be further enriched by videotapes of Millon’s classic work with personality disordered clients. Our exploration of this area will culminate in a review of best practices in treating personality disorder including Dialectical Behavioral Therapy (DBT), evidence based interpersonal techniques and Brief Relational Therapy.
Credits: 3
On Demand

CPT 700C Counseling Internship Practicum 1 (Mental Health Counseling)
The internship requirement is equivalent to 600 client contact hours during the year in an agency setting under the dual guidance of an on-site clinician and a university-based clinical supervisor; 300 hours will be completed each semester of the internship course. Participation in the intake and screening process, interdisciplinary staff conferences, and professional meetings is required. Students will evaluate individuals, write reports and practice short-term individual, group, couples and family counseling and consultation under the supervision of a licensed clinician. Students will also attend weekly meetings with the university clinical supervisor in which professional and ethical issues related to the practice of counseling will be discussed. Students must apply for the internship in the semester prior to registration. Prerequisites: satisfactory completion of first two years of coursework and departmental approval.
Credits: 3
On Demand

CPT 700M Counseling Internship Practicum 1 (Marriage and Family Therapy)
The total internship requirement is equivalent to 300 client contact hours in an agency setting under the dual guidance of an onsite clinician and a university-based clinical supervisor; 150 hours are to be completed in each semester. Participation in the intake and screening process, interdisciplinary staff conferences, and professional meetings is required. Students will evaluate couples, families and individuals in relation to their family systems, write reports and practice short-term counseling and consultation under the supervision of a licensed clinician. Students will also attend weekly meetings with the university clinical supervisor in which professional and ethical issues related to the practice of counseling will be discussed. Students must apply for the internship in the semester prior to registration. Prerequisites: satisfactory completion of first two years of coursework and departmental approval.
Credits: 3
On Demand
CPT 701C Counseling Internship Practicum II
Continuation of internship in CPT 700C in either the same or another university-approved setting. Prerequisite: Satisfactory completion of CPT 700C. Credits: 3 On Demand

CPT 701M Counseling Internship Practicum II
Continuation of internship in either the same or another university-approved setting. Prerequisite: Satisfactory completion of CPT 700M. Credits: 3 On Demand

CPT 720 Clinical Supervision
Course content will be didactic and experiential. Includes current theoretical approaches to clinical supervision. Ethical issues specific to supervision will be presented. Content to include: current literature, research and major issues related to ethical, multicultural and competency supervision of Marriage and Family Therapists and Mental Health Counsellors providing individual, couple and family therapy. Lecture, role-playing, and reflecting teams are used to meet goals and objectives of course. Meets the educational requirement for certification as an AAMFT Certified Supervisor. Credits: 3 Rotating Basis

CPT 740 Approaches to Trauma
This course will be an overview of various definitions and theories of trauma as well as counseling interventions. This will include both the meaning of trauma to individuals as well as society at large. Topics will include primary trauma (e.g. sexual abuse, unexpected loss), as well as secondary trauma (e.g. 9/11, war, natural disasters). In addition, the course will examine the impact of working with victims/survivors on the therapist/counselor (e.g. burn-out and rescue fantasies). Credits: 3 Rotating Basis

CPT 741 Solution - Focused Brief Counseling
Brief counseling techniques, with their focus on outcomes, solutions, and practicality, are ideally suited to the demands of contemporary counseling in schools, community, and private practice. Solution-focused brief therapy - a positive, encouraging, hopeful approach to client change - can be used in combination with most other counseling approaches and is effective with a very wide range of clients. Students in this course will learn the underlying theoretical concepts of brief therapy along with techniques and strategies that will allow them to begin using this approach in their own work with clients. Ample opportunities for practice of techniques will be afforded during class. Credits: 3 Rotating Basis

SPC 502 Substance Abuse: Prevention and Intervention
This course focuses on the nature of addiction including the biological, psychological, social and spiritual aspects of substance abuse across the life span. We will learn about theory and practice of recognized intervention approaches as well as non-traditional methods. We will learn to evaluate whether the client has a mild, moderate or severe substance abuse disorder and determine the appropriate level of intervention based on our assessment. Other topics include prevention programs; evidence based programs for different populations, as well as the effects of substance abuse on the family and relapse prevention. Credits: 3 Rotating Basis

SPC 503 Counseling Women
The new freedom of women to participate more fully in the business and professional worlds and their need to adopt new lifestyles have undermined the importance of reconsidering career choices, marriage styles, child rearing practices, etc. Consideration of these and other challenging issues resulting from an open society will be discussed. Individual interest areas of class members will be considered. Credits: 3 Rotating Basis

SPC 504 Approaches to Human Sexuality
An examination of the origins, forms and applications of human sexuality, sexual preferences and lifestyles, psychological and sociological implications of the sexual drive, sexual dysfunction, research in human sexuality, and applications to the counseling and mental health service settings. Credits: 3 Rotating Basis

SPC 518 Play Therapy
A survey of methods, materials and techniques for working with children. The major theoretical models and modalities will be emphasized. Credits: 3 Rotating Basis

SPC 519 Dynamics of Marital Interaction
An examination of current issues and approaches concerning marriage and couples, which includes a study of marital interaction and approaches to treatment of marital disorders. Credits: 3 Rotating Basis

SPC 600A Fieldworks: Directed Observation and Practice in Agency Setting
This course is designed to enable the prospective school counselor to become familiar with the environmental and sociological aspects of the community; a fuller understanding of the various dimensions involved in working in the community setting is stressed. Field experience will consist of guided and supervised experiences in various community settings. Pass/Fail only. Credits: 3 Rotating Basis

SPC 600B Fieldworks: Directed Observation and Practice in Agency Setting (Bilingual)
This course is designed to enable the prospective school counselor to become familiar with the environmental and sociological aspects of the community; a fuller understanding of the various dimensions involved in working in the community setting is stressed. Field experience will consist of guided and supervised experiences in various community settings serving non-English speaking populations. Pass/Fail only. Credits: 3 Rotating Basis

SPC 600C Fieldworks: Directed Observation and Practice in Agency Setting (MHC program)
This practicum will include a minimum of 100 direct contact hours over the course of the semester, including 40 clock hours of direct service. Students will receive one hour of individual supervision minimum at the site and 2.5 class time hours of group supervision through the university each semester. Grades lower than B may require repeating the course. Credits: 3 Rotating Basis

SPC 600M Fieldworks: Directed Observation and Practice in Agency Settings (MFT program)
This practicum will include a minimum of 100 direct contact hours over the course of the semester, as well as additional indirect hours. All direct contact hours may be used toward NYS postgraduate required hours for licensure. Students will receive one hour of individual supervision minimum at the site and 2.5 class time hours of group supervision through the university each semester. Grades lower than B may require repeating the course. Credits: 3 Rotating Basis

SPC 601 Fieldworks: Directed Observation and Practice in Schools
To enable the prospective school counselor to become familiar with the environmental and sociological aspects of the school community. Directed observation made within the public schools of the New York/tri-state area. The student will be required to be an observer within the school setting and complete appropriate projects. Pass/Fail only. Credits: 3 Rotating Basis

SPC 602 Succeeding With Difficult Clients
This course explores which clients typically tend to be challenging to therapists and how therapists can successfully prevent, repair and/or work productively with “therapeutic ruptures” with challenging clients. The course provides an in-
depth understanding of how therapists from a variety of orientations conceptualize and work with challenging clients, and it addresses working with difficult adults, couples, children, teenagers and their parents. It also will help each student to understand how his/her particular ‘buttons’ can be pushed in therapy and how to transcend button pushing in order to be helpful to clients. This course combines lecture, group discussion, interactive exercises, and role-playing.

**Credits:** 3  
**Rotating Basis**

**SPC 670 Independent Research in Counseling**  
Advanced students may register for intensive independent study of some aspect of counseling. This provides an opportunity for the student to contribute to the advancement of the field of counseling as well as to practice it. He or she is expected to design a research proposal and to use scientific methodology in executing it. Pass/Fail only. Credit and hours arranged with approval and permission of instructor.

**Credits:** 1 to 3  
**Rotating Basis**

**SPC 615 The World of the Counselor**  
An examination of the basic issues affecting the school counselor practicing in the contemporary world. The nature and scope of counseling, the relationship between counseling and other pupil personnel services, social agencies, vocational and rehabilitative settings, and the interaction between counseling and the broader education process are some of the issues explored.

**Credits:** 3  
**Rotating Basis**

**SPC 643 Psycholinguistics and Language Learning**  
This course focuses on the relationship between oral language and reading and writing. Students examine theories of cognition, syntactic and semantic development, comprehension, metalinguistics, and vocabulary growth and how they relate to reading and writing processes. Principles of first and second language acquisition, dialectical differences, and the development of literacy in English language learners, bilingual children, and youngsters with a range of learning difficulties are addressed. Attention is focused on the social and cultural contexts of language use, function, and literacy acquisition. Students examine approaches to curriculum development and instruction based on theories of language development, learning processes, motivation, and reading and writing acquisition.

**Credits:** 3  
**Rotating Basis**

**SPC 648 Best Practices in Systemic Crisis Management**  
This course will introduce the third phase of holistic, systematic mental health crisis management: postvention practices informed by quantitative and qualitative assessment methodologies. Students will learn how to utilize the post-vention techniques, strategies, and approaches identified as "best practices" within the Mental Health and School Counseling literature. In addition, students will develop post-vention strategies to serve a clinical population of interest to them.

**Credits:** 3  
**Rotating Basis**

**SPC 669 Youth Culture**  
An overview of the views faced by today’s youth, with particular emphasis on individual and group counseling techniques. The sociology of youth culture, particularly the role of social media and the internet, methods of spotting drug abuse, prevention and community mental health issues will be explored.

**Credits:** 3  
**Rotating Basis**

**SPC 649 Developing a Holistic Mental Health Crisis Management Plan**  
This course will link the three phases of holistic, systematic mental health crisis management: proactive prevention, effective case management, and post-vention practices informed by quantitative and qualitative assessment methodologies. Students will learn to incorporate the skills and information learned in CPT 740, SPC 745R and SPC 648 within a systematic approach. In addition, students will develop a holistic comprehensive model for a clinical population of interest to them.

**Credits:** 3  
**Rotating Basis**

**SPC 650 Developmental Psychopathology**  
Students will understand the major diagnostic categories of psychopathology in children and adolescents. Case studies will be used to illustrate disorders such as autism spectrum, depression, anxiety, conduct disorders, attention deficit and hyperactivity disorder and emergent bipolar disorder and schizophrenia. Consideration will be given to genetic, cultural, familial, and social factors in the areas of diagnosis and therapeutic intervention. Psychopharmacology and the use of diagnostic tools such as the DSM and ICD systems of diagnosis and classification of mental disorders will be compared and contrasted with other approaches to diagnosis such as Greenspan's biopsychosocial model. Prerequisite: Undergraduate or graduate course in Personality unless waived by program director.

**Credits:** 3  
**Rotating Basis**

**SPC 651 Neuropsychological Factors in Cognition and Behavior**  
Neutral anatomy and mechanisms involved in cognition, behavior, language, reading, and the acquisition of other academic skills will be examined. Particular attention will be paid to biological aspects of learning and behavioral disorders. Developmental neuropsychological research will be examined for principles which could enhance psychoeducational assessment and remedial practices. Neurological disorders will be discussed in relationship to modifications in educational placement and practice.

**Credits:** 3  
**Rotating Basis**

**SPC 652 Understanding Human Development I**  
Theories and research in various psychoanalytic, psychodynamic, interpersonal, relational and humanistic schools of counseling. In addition, analytic theories of personality dynamics and development are studied. Emphasis on understanding individuals in the context of their particular childhood experiences, reactions, values and sociocultural environment. Unconscious phenomena are also considered. Transference and countertransference reactions studied.

**Credits:** 3  
**Rotating Basis**

**SPC 653 Understanding Human Development II**  
An overview of theories and research in various schools of cognitive, behavioral and other modern schools of counseling. Emphasis on understanding the individual in the context of his or her experiences and particular environment. An understanding of the goals and methods used by evidence-based models of counseling.

**Credits:** 3  
**Rotating Basis**
SPC 654 Introduction to Counseling and Application I
A foundation course, introducing the student to the theory and practice of school counseling. It provides a broad exposure to the various current points of view and techniques in counseling. Development of counselor skills is stressed, with emphasis on personal growth, self-insight and self-awareness. Role-plays will be utilized.
Credits: 3
Rotating Basis

SPC 655 Behavior Management: Applications for Children with Special Needs
For learning to proceed optimally, the setting must be one where behaviors (social, emotional and cognitive) are managed. This course will provide students with practical skills needed to plan, implement and evaluate behavior management programs for both individuals and groups of children in a variety of learning environments. There will be a focus on techniques such as behavior modification, self-control, social skills training, assertiveness training and effective education programs.
Credits: 3
Rotating Basis

SPC 656 Introduction to Counseling and Application II
An advanced study of counseling techniques with emphasis on case material and role-playing. Special attention will be given to those techniques appropriate to vocational problems and school setting. Prerequisite: SPC 654.
Credits: 3
Rotating Basis

SPC 657 Group Counseling in Multicultural School Settings
Contemporary theories and historical perspectives pertaining to group counseling will be presented. Students will identify factors in group processes which promote growth and development in multicultural school and family environments. Students will also examine and practice techniques appropriate for the resolution of personal, social and academic conflicts. A portion of the class time will involve participation in a group and analyzing its dynamics. Prerequisite: Admission to Professional Stage.
Credits: 3
Rotating Basis

SPC 657A Family Counseling
Overview of theories of family therapy and study of patterns of family interaction. Techniques for improving family functioning are discussed as well as techniques for dealing with the family in group counseling. Marital counseling and parent counseling are studied. Discussion of government and private agencies that deal with the emotional problems faced by families.
Credits: 3

SPC 658 The Counselor as a Team Member
An introduction to student personnel services in school settings; various forms of organization and functions; the multidisciplinary foundations of guidance services in schools. Focus on contemporary issues of concern to student personnel work, and specifically on the role of the counselor as a team member of the student personnel staff. Pass/Fail only.
Credits: 3
Rotating Basis

SPC 660A Practicum in Group Work I
An overview of theories, research, techniques and processes in the dynamics of group counseling, with particular emphasis on the role of the leader, the participation of group members, the cohesiveness of the group, the measurement of growth of each group member. The opportunities for using group techniques for clinical work, school counseling, teaching, community work, tutorial programs, and vocational and educational counseling are considered. Pass/Fail only.
Credits: 3
Rotating Basis

SPC 660B Practicum in Group Work II
Continuation of Practicum in Group Work I.
Credits: 3
Rotating Basis

SPC 661A Individual Practicum I
Practical experience of working with counselees under supervision in a K-12 school. In addition, students also participate in weekly seminars to discuss and evaluate the counseling process. Students may be required to tape and transcribe counseling sessions, participate in video sessions and submit reactions to assigned readings. 200 hours of internship are required (except for Bilingual program students who complete 150 hours as well as Fieldwork courses). Pass/Fail only.
Credits: 3
Rotating Basis

SPC 661B Individual Practicum I - Bilingual
Practical experience of working with limited-English proficiency counselees under supervision in a K-12 school. In addition, students also participate in weekly seminars to discuss and evaluate the counseling process. Students may be required to tape and transcribe counseling sessions, participate in video sessions and submit reactions to assigned readings. Counseling sessions are conducted in the target language of the graduate student. 150 hours of internship are required. Pass/Fail only.
Credits: 3
Rotating Basis

SPC 661D Individual Practicum II
Continuation of internship in SPC 661A in either the same or another university-approved setting.
Credits: 3

SPC 668 Diagnostic Tools for Measurement
An introduction to measurement and evaluation; purpose of testing in schools, agencies and colleges; uses and abuses of tests in our society; achievement, aptitude and psychological tests; use of resource materials; validity, reliability and norms; statistical and clinical procedures; administration and interpretation of tests, role-playing; communication of test results. Role-playing and demonstrations will be utilized.
Credits: 3
Rotating Basis

SPC 668B Diagnostic Tools for Measurement - Bilingual
Emphasis on bilingual testing and cultural diversity; the function of measurement and evaluation with non English speakers; validity, reliability, norms and potential biases with English language learners; administration and interpretation of tests; role-playing; and communication of test results to parents who do not speak English.
Credits: 3
Rotating Basis

SPC 675 Introduction to the Techniques of Substance Abuse Counseling
This course will examine the role of the therapist in the assessment and treatment of substance abuse and addiction. We will explore such topics as the stages of addiction and change, diagnostic and assessment tools, adolescent and adult substance abuse, individual, group and family interventions, working with the dually-diagnosed client and the learning and practice of evidence based treatments for substance use disorders (SUDs). Evidence-based approaches to be covered include pharmacotherapies, Cognitive-Behavioral Therapy, Motivational Enhancement Therapy, Multi-Systemic Therapy, the CRAFT approach (Community Reinforcement and Family Training) and 12-Step Self-Help Groups (Alcoholics Anonymous and Narcotics Anonymous).
Credits: 3
Rotating Basis

SPC 676 Physical and Pharmacological Effects of Substance Abuse
This course focuses on the longstanding history of substance abuse disorders as a prevalent and multifaceted mental health issue for society. One key aspect of understanding substance abuse and addiction is to learn about the physical and pharmacological effects of drugs and alcohol on the substance abuser. In this course we will learn about the user’s physiological response to alcohol and other drugs as they occur during intoxication, harmful use, and with increased use, dependence/addiction. We will also look closely at the process of withdrawal as it relates to various substances including alcohol, heroin and nicotine.
Credits: 3
Rotating Basis

SPC 680A Fieldwork Observation in School Settings
Students will observe children, their parents and teachers in a variety of general and special educational settings. They will learn informal assessment techniques including interviews, classroom observations and work sample analyses as well as formal assessment by shadowing a school psychologist. Students will distinguish between typical and atypical patterns of behavior, taking into consideration cultural, social and other factors. Assessment data will be integrated into a broader framework of developmental and educational theory. Attitudes toward and expectations of individuals with special needs will be discussed. The various roles of the school psychologist will be examined. 90 hours in a school setting will be required. Prerequisite: SPC 721A and SPC 722A. Credits: 3
Rotating Basis

SPC 680B Fieldwork Observation in School Settings-Bilingual program
Students will observe English language learners, their parents, teachers, and counselors in a variety of general and special educational settings, counseling, and assessment sessions. They will learn informal assessment techniques, including interviews, classroom observations and work sample analyses as well as formal assessment by shadowing a bilingual school psychologist. Students will distinguish between typical and atypical patterns of behavior, taking into consideration cultural, social and other factors. Assessment data will be integrated into a broader framework of developmental and educational theory. Attitudes toward and expectations of individuals with special needs will be discussed. The various roles of the bilingual school psychologist will be examined. 90 hours in a school setting will be required. Prerequisite: SPC 721A, SPC 722A. Credits: 3
Rotating Basis

SPC 682 World Of Work Assessment of Individual Needs and Needs of Society
The importance of work to individuals during their life span and its implication for society, psychological, economic and social factors that affect vocational development and choice; relationship of vocational counseling to personal/social counseling; the counselor’s role in clients’ vocational development; scope and sources of occupational information; application of vocational development theories to school, college and agency settings; visits to job settings, interviews with employees, employers and agency representatives; analysis of job satisfaction. Credits: 3
Rotating Basis

SPC 702 Diagnosis of Learning Problems
This course focuses on the assessment of children and youth with a range of literacy and/or learning problems. Course participants explore a range of assessment measures and strategies and how to use information gathered through assessment and analysis to plan or modify instruction utilizing an RTI framework. Topics covered include measurement concepts, administering tests and interpreting test data, communicating testing information to parents, caregivers, and school personnel, using testing information for instructional planning, and legal mandates. Students will be required to perform assessments. Credits: 3
Rotating Basis

SPC 703 Remediation of Learning Problems of Students
This course focuses on classroom intervention issues as well as one-on-one therapeutic modalities in working with children with developmental and learning disorders. Particular emphasis is given to the treatment of children with pervasive developmental disorders, learning disabilities, emotional disorders and attention deficits. Individual and family consultation and in-classroom intervention techniques are reviewed. Credits: 3
Rotating Basis

SPC 704 Educational and Psychological Testing and Measurement
Basic statistical and measurement concepts such as central tendency, variability, correlation and factor analysis will be presented and used to interpret test scores and understand test construction. Concepts of validity, reliability and the use of derived scores will be presented. Problems of test administration and evaluation related to central, cultural, legal and ethical issues will be considered. Pre or corequisite: SPC 721A and Professional Stage. Undergraduate or graduate course in Statistics (may be waived at the discretion of the program director). Credits: 3
Rotating Basis

SPC 714 Consultation in Multicultural School Settings
Students will study theories of mental health consultation and organizational change as they apply to instructional settings. They will learn to analyze a school’s culture and organization in order to act as a positive change agent. They will study ways of developing consultative and collaborative relationships with colleagues, parents and community agency personnel in order to develop intervention plans for children in schools. Skills crucial to effective consultation and ethical guidelines for practice will be identified and used. Students will learn about issues pertaining to consultation in multicultural settings. This course will be taken concurrently with the internship when possible. Prerequisite: Admission to Professional Stage. Corequisite: SPC 781. Credits: 3
Rotating Basis

SPC 721A Individual Assessment: Cognitive I
Students will learn to administer, score and interpret standardized intelligence tests as part of the cognitive assessment and RTI process. This course will focus on the three Wechsler Intelligence Scales. Psychometric properties of these instruments will be related to issues of interpretation. Psychological issues in intelligence testing as well as ethical and legal considerations will be reviewed. Students will be required to administer tests and write assessment reports based on the results. Additional laboratory hours will be required. Prerequisites: SPC 704. Credits: 3
Rotating Basis

SPC 721B Individual Assessment: Cognitive II
Students will continue to learn how to assess the cognitive functioning of children by administering, scoring and interpreting intelligence tests used by school psychologists including the Stanford-Binet Intelligence Scale. The assessment of social adaptive behavior is studied. Integration of findings with educational and other evaluation results will be examined so that individual education plans can be developed. Students will be required to administer tests, write assessment reports and make case presentations. Additional laboratory hours will be required. Prerequisites: SPC 721A and admission to Professional Stage. Credits: 3
Rotating Basis

SPC 722A Individual Assessment: Personality I
Students will administer and interpret measures of personality and examine their relationship to cognitive functioning as part of the entire assessment process. This course will focus on clinical interviews, figure drawings, sentence completion, apperception tests, inventories, and the Rorschach. Students will be required to administer these personality measures, make class presentations and write reports. The interpretation of assessment data will be based on theories of personality presented in this course. Cultural, ethical and legal issues will be explored. Additional laboratory hours will be required. Prerequisites: SPC 704 and admission to Professional Stage. Credits: 3
Rotating Basis

SPC 722B Individual Assessment: Personality II
Students will continue to develop their skills in personality assessment. Emphasis will be on the use of the Rorschach as well as self-reports and behavior rating scales. Students will administer and interpret complete psychological evaluations and present their findings in case presentations and written reports. Interpretation of data will focus on integrating clinical findings so that specific educational plans can be developed in the context of RTI. Cultural, legal and ethical issues will be further explored. Additional laboratory hours will be required. Prerequisites: SPC 722A and
admission to Professional Stage.
Credits: 3
Rotating Basis

SPC 724 Assessing the Bilingual Child
The course will examine issues in the assessment of bilingual children including the appropriate use of standardized measures, non-discriminatory assessment, alternative approaches to the assessment of cognitive functioning and social adaptive behavior of linguistically diverse children. Students will learn when and how to conduct evaluations in the child’s first and/or second language. Students will administer tests, make case presentations and write reports. Interpretation of data will focus on integrating clinical findings so that individual educational plans will be developed. Additional laboratory hours will be required. Prerequisites: SPC 721B and admission to Professional Stage.
Credits: 3
Rotating Basis

SPC 725 Assessment Seminar
(Required course for students not attaining B+ average in assessment courses.)
This course will focus on enhancing students’ assessment skills, as well as their ability to integrate a variety of assessment data; write and orally communicate evaluation results; and recommend intervention strategies to other professionals and families. Students are expected to write psychological reports, present case studies, make recommendations and write educational objectives. Prerequisite: Admission to Professional Stage.
Credits: 0
Rotating Basis

SPC 732 Research Methods
Students will learn to analyze research in psychology, counseling, therapy and education. Major statistical and measurement concepts will be applied in order to understand how research problems are systematically investigated using experimental and quasi-experimental designs. Surveys and qualitative research will also be discussed. Students will evaluate professional literature, discuss its implications for the practice of school psychology, mental health counseling, and marriage and family therapy, and design research proposals.
Credits: 3
Rotating Basis

SPC 745A The Family of the Substance Abuser
This course will deal with the issues for family members, significant others and friends of substance abusers. Identification of these individuals as “hidden victims” is important in order to understand the impact this has on the school, work and other environments of family members. Students will be expected to gain a theoretical and practical understanding of the resulting behavior(s) and how to deal with this through lectures, independent research and special events.
Credits: 3
Rotating Basis

SPC 745C College Admissions Process
This course is designed for students presently working in a school setting, or pursuing a path leading to certification in school counseling. The broad span of topics covered will assist them with the knowledge and skills to work effectively with students and families for the college admission and selection process. Through a multi-modal approach, students will develop practical skills to help traditional, special, and diverse populations. Current trends in college admissions, ethical issues, financial aid, the student essay, letters of recommendation, admission testing and the student athlete are among the many topics that will be addressed. Students will also learn to use Web-based tools for college advisement.
Credits: 3
Rotating Basis

SPC 745D Domestic Violence
This course will examine key issues related to domestic violence (DV): differentiating partner abuse from unhealthy relationships, motivation for maintaining abusive relationships, intergenerational effects, legal issues, cultural awareness, Feminist Model vs. Mental Health Model, and counseling techniques and strategies to help. Classes are taught in “seminar style” using a combination of lecture by the professor, guest speakers and student presentations, discussion of class readings/reaction papers, group activities and videos.
Credits: 3
Rotating Basis

SPC 745E Counseling the Special Education Student
This course aims at providing the student or current counselor or mental health practitioner with a broad, in-depth understanding of myriad factors which impact on the adaptation, self-image and adjustment of special education students. Through such understanding, the course will then develop and explore counseling and palliative principles to guide work with such populations. Self awareness as related to these issues will be stressed throughout the course as students develop a deeper comprehension of ethical and professional counseling practice in our diverse society.
Credits: 3
Rotating Basis

SPC 745F Counseling with the LGBT Community
This course is designed to provide the student with the knowledge and skills needed to understand and maximize his/her effectiveness in working with the Lesbian, Gay, Bisexual and Transgender community across the life span. With particular focus on young people and their families, areas of discussion will encompass contributing factors such as culture, religious background, and socio-economic status.
Credits: 3
Rotating Basis

SPC 745H High School Counseling
This course will focus on the practical application of a comprehensive developmental school counseling program at the high school level. The roles and responsibilities of a high school guidance counselor will be discussed. Topics to be covered will include college admissions, academic advisement, crisis intervention, consultation, and career planning. There will be a focus on individual planning, assessment, career, college, and transitional planning. Current issues and special programs in high school counseling will also be discussed.
Credits: 3
Rotating Basis

SPC 745I Cutting Edge Issues in School Counseling
This course will focus on current issues facing counselors working with students individually and in groups in the 21st century. Contemporary counseling approaches such as solution-focused and cognitive behavior therapy will be explored in depth. Students will be asked to bring a real life issue of concern to investigate. Topics such as working with resistant, self-abusive and school avoidant students will be discussed as well as the impact of societal trends such as social media and the Internet.
Credits: 3
Rotating Basis

SPC 745M Multicultural and Diversity Issues in Counseling
This course will explore issues in multicultural counseling. There will be a review of the theory and research necessary to work more effectively with culturally diverse people. Students will develop cultural awareness and apply new insights in multicultural situations. The course will increase students’ multicultural counseling and development knowledge, with a focus on communication problems when contact is made with persons from differing cultural, ethnic and racial backgrounds and how these factors impact on the counseling relationship.
Credits: 3
Rotating Basis

SPC 745O Dealing With Loss and Grief
This course will utilize a variety of teaching methods including lectures, therapeutic art and writing activities, creative games, role-playing, group discussion and other interactive exercises designed for those experiencing loss and grief. Session topics will include grief in individuals, within families and in educational settings; developmental issues, school and clinic based grief support groups; crisis intervention plans; and community resources. The sessions will attempt to help the participants understand their personal response to loss and
grief, as well as understand and respond to the grief that follows all kinds of losses in peoples’ lives.

Credits: 3
Rotating Basis

**SPC 745R Resiliency-Focused Counseling**

Traditional counseling and therapy approaches rely on a damage model. This course will instead explore counseling from a strength-based perspective. Counseling approaches which rely on an individual’s resiliencies will be explored. Techniques which make use of success experiences in a person’s life will be examined.

Credits: 3
Rotating Basis

**SPC 748 Middle School Counseling**

This course focuses on teaching the student how to successfully navigate a comprehensive middle school counseling program. The course leads the student through the academic, developmental, emotional and social challenges faced by the young adolescent student in grades six through eight.

Also discussed will be the specific role and responsibilities of the middle school counselor, the importance of parent partnerships, student transition from elementary school and to high school, CSE and 504 plans, RTI, the team teaching environment and team meetings, career awareness, middle school counseling groups and crisis interventions.

Credits: 3
Rotating Basis

**SPC 750 Spiritual Issues in Counseling**

This course will explore an important and often neglected aspect of counseling: the client’s spiritual/religious beliefs. Topics to be covered include spiritual explanations for suffering; counseling perspectives of the major spiritual/religious traditions; special needs and problems of the religious client; the counselor’s own belief system; and the clinical use of client’s beliefs.

The course will employ didactic lecture, group discussion and exercises, case study presentations, and, role-plays of counseling sessions. Specific dates of lectures and readings will be provided at the first class meeting.

Credits: 3
Rotating Basis

**SPC 751 Technology for School Counselors**

This course will focus on how school counselors can incorporate technology into the delivery of academic, personal/social and college/career readiness. In addition, students will learn to utilize technology resources to analyze school counseling effectiveness, as well as the promotion of school counseling programs. Students will obtain a full list of technology resources to use such as surveys in Google Docs, Webinars, school counseling websites and presentation development.

Credits: 3
Rotating Basis

**SPC 757 Individual Counseling in School Settings**

An introduction to major theories of individual counseling as they pertain to school settings. Techniques used to enhance self-esteem, self-awareness and social skills and to reduce adjustment problems are practiced. Crisis intervention is discussed. Issues pertaining to the counseling of culturally and linguistically diverse individuals and their families are examined.

Credits: 3
Rotating Basis

**SPC 781A Internship in School Psychology I - General**

The total internship requirement is equivalent to two semesters of full-time placement (600 hours each semester) in a school setting under the dual guidance of an on-site staff psychologist and a university-based clinical supervisor. Participation in the intake and screening process, individual evaluations, interdisciplinary staff conferences, parent conferences and professional meetings is required. Students will evaluate children, and/or adolescents, write reports, implement the RTI model, do functional behavioral assessments, and practice short-term counseling and consultation under the supervision of the on-site psychologist. Students will also attend weekly meetings with the university clinical supervisor in which professional and ethical issues related to the practice of school psychology in multicultural settings will be discussed. Students must apply for the internship in the semester prior to registration. 781A for General Program. Prerequisites: Departmental approval, 42 credits including all required testing courses and admission to Professional Stage.

Credits: 3
Rotating Basis

**SPC 781B Internship in School Psychology I - Bilingual**

The internship requirement is equivalent to two semesters of full-time placement (600 hours each semester) in a school setting, working with bilingual students/English language learners under the dual guidance of an on-site staff psychologist and a university-based clinical supervisor. Participation in the intake and screening process, individual evaluations, interdisciplinary staff conferences, parent conferences and professional meetings is required. Students will evaluate children and/or adolescents, write reports, implement the RTI model, do functional behavioral assessments, and practice short-term counseling and consultation in the target language under the supervision of the on-site psychologist. Students will also attend weekly meetings with the university clinical supervisor in which professional and ethical issues related to the practice of school psychology in multicultural settings will be discussed. Students must apply for the internship in the semester prior to registration. 781B for Bilingual Program. Prerequisites: Departmental approval, 42 credits including all required testing courses and admission to Professional Stage.

Credits: 3
Rotating Basis

**SPC 782A Internship School Psychology II - General**

Continuation of internship in SPC 781A in either the same or another university-approved setting. 782A for General Program. Prerequisite: SPC 781A.

Credits: 3
Rotating Basis

**SPC 782B Internship School Psychology II - Bilingual**

Continuation of internship in SPC 781B in either the same or another university-approved setting. SPC 782B for Bilingual Program. Prerequisite: SPC 781B.

Credits: 3
Rotating Basis

**SPC 790 Mind-Body Methods in Counseling**

This course will introduce the student to the history and development of various Eastern and Western mind-body methods that have been proven useful in counseling. Students will learn the cognitive-behavioral therapy applications of specific mind-body disciplines to treat and address common problems and concerns encountered in both clinical and school settings. Mind-body approaches to be covered include: techniques and methods of progressive relaxation, breathing exercises, visualization, meditation, and mindfulness practices. Popular stress reduction practices, such as yoga, tai chi, qi gong, and reiki, will be evaluated. Integration of mind body methods with cognitive-behavior therapy will be taught. The course will be both didactic and experiential, with students receiving "hands on" practice of the methods taught.

Credits: 3
Rotating Basis

**SPC 791 The Dynamics of Aging: Understanding and Meeting the Challenges of Aging**

This course will provide an overview of the physical and cognitive challenges associated with aging and their impact on psychosocial well-being. It will cover the stages of aging and the continuum of care available to seniors at home and in the community. Dementia-related disease and associated behaviors will be examined. Theories such as Reality Orientation and Validation Therapy will be evaluated. Students will be given the opportunity to develop their assessment skills and create care plans. Innovative and creative counseling interventions to help the individual cope with reactive depression, reconnect with their sense of self, and recreate their life as needed, moving from "patient" to "person" again will be taught. Quality of life and family issues will be emphasized. Role play exercises and field trips will be offered. Career opportunities will be addressed as this field of
healthcare continues to expand and evolve.

**SPC 792 Counseling Children and Parents: Different Perspectives and Different Approaches**

This course will guide students through assessing, planning, and conducting psychotherapy with children, teenagers and their parents. It will provide an in-depth understanding of how therapists from different orientations - cognitive, behavioral, family systems and psychodynamic - conceptualize and intervene with children, teenagers, and their parents. Students will learn how to work most effectively with various child-related issues, including anxiety, depression, oppositional behavior, selective mutism, abuse, ongoing conflict with parents, family struggles (including divorce and death), eating disorders, social-emotional difficulties, and learning and attention issues. This course includes a combination of lecture, group discussion, interactive exercises and role-playing.

_Credits: 3_  
_Rotating Basis_

**TED 516 Learning in Bilingual/Multicultural Settings**

This course focuses on the individual, social, cognitive and linguistic nature of bilingualism, including second language acquisition, sociology of language, and the relationship between language and culture. Students also explore the socio-political, historical, and legal foundations that have shaped bilingual and multicultural education policies, program models, and teaching and assessment practices. In addition, students develop an understanding of the distinction between language differences and language disability as they examine issues relating to second language learners with diverse learning needs.

_Credits: 3_  
_Rotating Basis_

**TED 612 Assessment for English Language Learners in Special Education**

This course is designed to develop competency in implementing appropriate multidisciplinary assessment techniques for English language learners with disabilities. Students will examine both formal and informal assessment instruments and strategies, and will analyze them in the context of planning for IEP (Individualized Educational Program) objectives. Field work required.

_Credits: 3_  
_Rotating Basis_
LIU Hudson's Educational Leadership programs are designed for professional Pre K-12 educators from public, charter, religious-affiliated and independent schools who aspire to leadership roles at the school, district, state and national levels. The programs focus on the theories and practices of effective leadership in such administrative positions as superintendent, principal, assistant principal, department chair, or supervisor.

The M.S.Ed. in Educational Leadership and the Advanced Certificate in Educational Leadership programs lead to institutional recommendation for New York State certification as either School Building Leader or School District Leader, depending upon qualifications. The programs may meet the requirements for New Jersey Principal and Superintendent certification. Individuals seeking educational leadership certificates in states other than New York are advised to consult the Education Department in the particular state.

Courses emphasize critical thinking, reflection, and problem-solving skills in order to prepare individuals who can be catalysts for school change and improved student performance. Coursework helps students connect theory and practice and focus on facilitating learning. The Educational Leadership graduate programs are committed to preparing candidates who demonstrate the nine essential characteristics of effective leaders, promoted by the New York State Education Department. Emphasis is placed upon the core domains of leadership and the ISLLC standards. The Educational Leadership programs are accredited by the Teacher Education Accreditation Council (TEAC), an arm of the Council for the Accreditation of Educator Preparation (CAEP).

Inquiries may be directed to:

**Dr. Martha Murray**, Program Director, Educational Leadership
845-450-5428
martha.murray@liu.edu

**Dr. Robert Penna**, Cohort Director, Educational Leadership
845-450-5406
robert.penna@liu.edu
Admission Requirements

For the Master’s Degree candidate:
- Bachelor's degree with a minimum 3.0 GPA
- An applicant who does not meet the grade point average required for admission to the program may be required to take the Graduate Record Examination and be interviewed by the program director.
- Initial state certification in teaching or an educational specialty
- Two letters of recommendation
- Teaching experience and prior experience review
- Documentation of years of experience

For the Advanced Certificate candidate:
- Master's degree with a minimum 3.25 GPA
- Professional state certification in teaching or an educational specialty
- Two letters of recommendation
- Teaching experience and prior experience review
- Documentation of years of experience

Attention Applicants: The New York State Education Department requires all candidates for NYS initial School Building Leader (SBL) and/or professional School District Leader (SDL) certification, to have completed at least 60 semester hours of graduate study, possess a permanent or professional certificate in classroom teaching service or pupil personnel service, and to have completed three years of classroom teaching service and/or educational leadership service and/or pupil personnel service experience in public or non-public schools N-12.

All students applying for New York State certification are required to complete 6 hours of DASA (Dignity for All Students Act) training.

M.S.Ed. in Educational Leadership

The Master of Science in Educational Leadership is a 36 credit post-master's program that leads to eligibility for New York State certification as a School District Leader (SDL) and/or School Building Leader (SBL). It also assists the graduate in meeting the academic requirements for superintendent and principal in New Jersey.

As the role of educational leader becomes increasingly challenging, it is imperative that students develop theoretical concepts linked to practical skills in order to be reflective practitioners able to promote social justice, create caring classrooms and school communities, and empower teachers and learners to be the best they can be.

Internship experience, in collaboration with school/district leaders, is a central component throughout these programs. During the internship, emphasis is placed upon the following five areas:
1. Administration/ Organization/ Business Management
2. School- Community Relations
3. Staff/ Personnel Issues
4. Student Personnel Issues
5. Curriculum & Instruction.

Advanced Certificate - Educational Leadership

The Advanced Certificate in Educational Leadership is a 30 credit post-master's program that leads to eligibility for New York State certification as a School District Leader (SDL) and/or School Building Leader (SBL). It also assists the graduate in meeting the academic requirements for superintendent and principal in New Jersey.

**Additional Requirements**

- Development of a portfolio internship project
- DASA (Dignity for All Students Act) Training

**Minimum GPA: 3.00**
EDL 630 Administrative Core I
This course presents a balanced viewpoint of theory and practice in analyzing current issues in educational administration. Through the use of various readings, classroom discussion, group activities, lecture, and varied presentations, topics, issues, and trends in this field will be examined. The course will examine three interrelated areas within the field of school administration. They are human relations, leadership and school-community relations.
* Administrative Core I need not be the first course taken in the program.
Credits: 6 Rotating Basis

EDL 631 Administrative Core II
The goals of this course are to have students become wise consumers of educational research and knowledgeable about the business functions of the school district and uses of computers to solve administrative problems. Administrative Core I (EDL 630) must be taken before Core II.
Credits: 3 Rotating Basis

EDL 632 Curricular Concerns in Public School Administration
This course is a study of curricular concerns and emphasizes administrative decision-making skills. Major topics include administering programmatic change, focus on individualized and differentiated instruction, curriculum theory, instructional and curriculum issues.
Credits: 3 Rotating Basis

EDL 633 School Business Administration
This course provides students with information on the skills and knowledge needed to operate an effective school business office. It covers budgeting theories and practices, including estimating expenditures, personnel costs, and revenues as well as services that support the instructional operations of the district: food service, transportation, school store, supply management, purchasing and bidding, insurance, and the use of existing district buildings and grounds, new construction and renovation. School district revenue sources are explored, including taxation concepts and practices, theoretical models in state funding, state aid, federal aid and special education, and public support for non-public schools.
Credits: 3 Rotating Basis

EDL 634 School Personnel Administration
The course provides a study of the skills, attitudes and knowledge essential for effective school personnel administration. Methods of recruitment of highly skilled and competent new employees are reviewed. Certification requirements and selection methods are discussed in order that administrators will locate the best possible staff for their schools/districts. Other areas of study include assignment of staff, load and transfer of teachers, salaries and scheduling. Areas of concentration will also include: leaves of absence, tenure, inservice education, personnel records, morale, retirement, professional associations and collective bargaining.
Credits: 3 Rotating Basis

EDL 635 School Law
This course entails a study of the major topics of law related to public schools. Areas of concentration include: sources of the law; scope of the law; law and the organization for public education; pupils, employees and school law; school officers and the law; theory of governmental non-liability; liability and individual members of the board, and personal liability of school employees.
Credits: 3 Rotating Basis

EDL 636 Public School Finance
This course is designed to acquaint the student with public laws pertaining to the education of students with disabilities. Specifically, students will review IDEAIA, Section 504, No Child Left Behind/Race to the Top (as it impacts special education), NYS Part 200 Regulations of the Commissioner, and newly revised ADA regulations. Major concepts to be covered include: Least Restrictive Environment/Continuum of Services; The Individual Education Program, including evaluation and the multi-disciplinary team; Due Process, including Parental Rights and procedural safeguards; Free Appropriate Public Education and Response to Intervention. Prerequisite of EDL 631 is required.
Credits: 3 Rotating Basis

EDL 637 The Supervisor in The School Setting
This course entails a study of the major components of the school supervisor position. The nature of the supervisory process is reviewed. The function of the supervisor in various situations is examined in detail. The principals of supervision and a variety of leadership styles are reviewed. Other areas of concentration include appropriate procedures for supervision, the supervision of teachers, curriculum, instruction, and non-certificated staff.
Credits: 3 Rotating Basis

EDL 641 School District Administration: Problems and issues
This course provides a study of the role and responsibilities of the district administrator in a school system. Major topics include: organizational, professional and legal issues in school district administration; the school district administrator and organizational decision-making; emerging responsibilities in working relationships among school district administrators, the board and members of the community; and critical economic, political and social issues confronting educational leadership.
Credits: 3 Rotating Basis

EDL 644 Collective Negotiations In Education
This course is a study of the implementation and development of collective negotiations in the public schools. It includes principles and practices applied in public sector negotiations and the study of selected topics such as the bargaining process, impasse procedures, grievance machinery, the strike content of bargaining agreements, and the role of the administrator in negotiations.
Credits: 3 On Occasion

EDL 646 Special Education Law For School Administrators
This course is designed to acquaint the student with public laws pertaining to the education of students with disabilities. Specifically, students will review IDEAIA, Section 504, No Child Left Behind/Race to the Top (as it impacts special education), NYS Part 200 Regulations of the Commissioner, and newly revised ADA regulations. Major concepts to be covered include: Least Restrictive Environment/Continuum of Services; The Individual Education Program, including evaluation and the multi-disciplinary team; Due Process, including Parental Rights and procedural safeguards; Free Appropriate Public Education and Response to Intervention.
Credits: 3 Rotating Basis

EDL 648 School Organization, Programming and Scheduling
This course offers students insights into the essentials of managing a school or district. Major topics include, but are not limited to: scheduling classes and activities across varying grade levels; scheduling extra-curricular activities; defining appropriate parameters for clubs and assemblies; and managing sports programs. Students will learn how to select appropriate educational programs and technologies to enhance student learning. Practical projects will be assigned.
Credits: 3 On Occasion

EDL 649 Leadership and Administration in Multicultural School Settings
This course is designed to provide specific preparation for supervisory personnel in the management of operational policies, particularly in multicultural school settings. Recent national and local policy trends will be explored for their effects upon traditional budget allocation practices, curriculum strategies, personnel management, program assessment, and shared management. Policies and methods will be examined to ensure that all students have the necessary resources to enjoy...
equitable opportunities to learn and to meet high standards.

**Credits: 3**

**EDL 650 Internship in School Administration-Masters Level**

The course provides students with the opportunity to participate in administrative and supervisory activities and to put into practice the students’ classroom knowledge in practical ways. Students will work in a school and district setting and then meet in seminars to discuss issues, problems and strategies. During the internship, five areas of study will be emphasized: Administration; Curriculum Development; School Community Relations; Student Services; and Staff Development. In addition, the six major core areas (the bases of EDL 630 and EDL 631) will be reintroduced, thus providing a synthesizing experience for the student. Practical applications of systematic observation and participation in administrative and supervisory activities will be provided at the school/district level. Permission of the Director of the Department of Educational Leadership is required to enroll in this course.

Prerequisites: EDL 630 (completed) and EDL 631 (completed or in progress), or special permission of the program director.

**Prerequisites of EDL 630 & a Prerequisite or Co-requisite of EDL 631 are required.**

**Credits: 6**

**EDL 651 Internship in School Administration-Advanced Certificate Level**

The course provides students with the opportunity to participate in administrative and supervisory activities and to put into practice the students’ classroom knowledge in a practical ways. Students will work in a school and district setting and then meet in seminars to discuss issues, problems and strategies. During the internship, five areas of study will be emphasized: Administration; Curriculum Development; School Community Relations; Student Services; and Staff Development. In addition, the six major core areas (the bases of EDL 630 and EDL 631) will be reintroduced, thus providing a synthesizing experience for the student. Practical applications of systematic observation and participation in administrative and supervisory activities will be provided at the school/district level. Permission of the Director of the Department of Educational Leadership is required to enroll in this course.

Prerequisites: EDL 630 (completed) and EDL 631 (completed or in progress), or special permission of the program director.

**Prerequisites of EDL 630 & a Prerequisite or Co-requisite of EDL 631 are required.**

**Credits: 6**

**EDL 653 Administration and Leadership at the Middle School Level**

This course is a study of administrative leadership and decision-making at the middle school level. It includes a review of current educational research, theory and practice as they may apply to the operation of a middle level school. Topics include: understanding the middle school concept; examining administrative decision-making and the middle school curriculum development; supervision at the middle school level; current issues in administering middle school.

Offered on occasion, 3 credits.

**Credits: 3**

**EDL 654 Curriculum Leadership Making the K-12 Common Core Standards Work**

This course is designed to give students a clear understanding of what the K-12 Common Core State Standards (CCSS) are, how they are organized, and how they can best be used to enhance classroom instruction. Students will research and examine pragmatic strategies supported by examples from a diverse range of districts. Topics include: powering up administrators and teachers to partner in implementing the standards, communicating with parents, designing formative assessments that measure mastery of the standards, and ensuring that the standards benefit all learners, including English language learners and those with special needs.

**Credits: 3**
PHARMACEUTICS

Specializations in: Industrial Pharmacy and Cosmetic Science

The Pharmaceutics Program is career-oriented. Curricula are evaluated at regular intervals to ensure that they reflect contemporary knowledge and practices in the Pharmaceutical and Cosmetic Industries. Students are offered didactic course work taught by experienced professionals, from both industries, who combine their practical experiences with the basic theories that underlie their courses. The heavy concentration of pharmaceutical industry and health-care institutions in the New York Metropolitan area provides unusual opportunities for such study.

The graduate programs are designed to provide the theoretical and conceptual framework that is inherent in advanced studies, and to promote the development of specific skills applicable to Pharmaceutics and Cosmetic Science. Consequently, the programs have two major and consistent objectives: first, the pursuit of scholarly achievement; second, the enhancement of career mobility. This integrated approach provides students with unique opportunities to concentrate their efforts in areas that are productive and fulfilling.

Two specializations are available in the M.S. program in Pharmaceutics: Industrial Pharmacy and Cosmetic Science.

Industrial Pharmacy Specialization

The primary goal of the program is to provide advanced study opportunities for individuals interested in various aspects of drug development in the pharmaceutical industry. The areas include pharmaceutical research and development, manufacturing, unit operations and related activities.

Cosmetic Science Specialization

In keeping with the rapid changes and advances in the field of cosmetic science, the graduate program in cosmetic science provides an appropriate blend of course work in the areas of chemistry, pharmacology, toxicology, microbiology and pharmacy.

These disciplines are coupled with their applications to the development and formulation of cosmetic products, and will serve to help the student to function more effectively in the cosmetic industry.

Inquiries may be directed to:

Dr. Wendy Dulin, Director, Pharmaceutics Programs

wendy.dulin@liu.edu
### M.S. in Pharmaceutics (with specializations in Industrial Pharmacy and Cosmetic Science)

#### Admission Requirements
Applicants must have a baccalaureate degree from an accredited institution and a successful record of achievement in undergraduate studies with a major in pharmacy, biology, chemistry, biochemistry, physics or a related field.

#### Full Matriculation Requirements
Full matriculation indicates that the student meets all the requirements for admission in the degree program. These requirements are:
- Official undergraduate transcripts reflecting a baccalaureate degree or the successful completion of another master's degree, both with a GPA of 3.0 or above
- Two letters of recommendation

#### Degree Requirements
Candidates for the M.S. degree in the Industrial Pharmacy specialization must complete 36 credits of course work and pass the written comprehensive examination. Candidates for the M.S. degree in the Cosmetic Science specialization must complete 33 credits of course work and pass the written comprehensive examination.

#### Requirements for students currently enrolled, or admitted prior to fall 2014:
**M.S. in Pharmaceutics with Specialization in Industrial Pharmacy - 36 Credits**
*Program Code: 30469*

*Minimum GPA: 3.00*
Pharmaceutics Courses

**PHA 010 Biostatistics**
An introductory course in statistics with emphasis on applications in the health sciences. Topics include description of data, measures of central tendency and dispersion, inferences from data, significant differences, and measures of similarity and differences among groups of data.

Credits: 3  
On Demand

**MTH 610 Differential Equations I**
Students will be instructed on initial-value problems, including existence and uniqueness of solutions and their dependence on initial data; linear systems; boundary value problems; qualitative theory.

Credits: 3  
Every Fall and Spring

**PHS 20 Seminar in Pharmaceutics**
The course entails presentation and analysis of recent developments in industrial pharmacy and pharmaceutics. Students are expected to present oral and written reports on a particular subject in consultation with the instructor in charge. Pass-Fail only.

Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 22 Seminar in Cosmetic Science**
The course entails presentation and analysis of recent developments in cosmetic science. Students are expected to present oral and written reports on a particular cosmetic topic in consultation with the instructor in charge. Pass-Fail only.

Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 701 Physical Chemistry I**
Students will learn the theoretical foundations of thermodynamics as applied to chemical systems. A thorough review of the first three laws of Thermodynamics and their applications to problems of chemistry will be covered. Additional topics will include an initial discussion of equilibria in simple single component, single phase systems, and these concepts will be expanded to multi-component, multiple-phase systems. Solution-phase chemical kinetics, including an introduction to Transition State Theory, will also be taught.

Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 702 Physical Chemistry II**
The course will cover chemical kinetics, from experimental measurement of rate processes to activation theory and enzyme kinetics. Steady state activation theory will be included.

Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 900 Basic Pharmaceutics**
The course provides an introduction to basic pharmaceutical principles associated with pharmaceutical dosage forms. Discussions will focus on factors affecting dosage form design, manufacturing of different dosage forms, biopharmaceutics, pharmacokinetics, and drug stability. Waiver may be authorized by the division only.

Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 902 Pharmaceutical Regulatory Overview**
The course discusses the role of the FDA and other regulatory agencies whose actions impact on the pharmaceutical, biotechnology and cosmetic industries. GMP's, GLP's, FDA inspections, validation and other topics are discussed to highlight agencies' requirements and the do's and don'ts for compliance.

Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 901 Advanced Physical Pharmacy I**
A systematic study of the application of physico-chemical principles to the pharmaceutical and cosmetic sciences. Topics include complexation, colloids, interfacial phenomena, dissolution theory, suspensions, micromeritics and rheology. Prerequisite: First semester Calculus course.

Limited to 20 students.

The prerequisite of MTH 40 is required and the student must be in the Hudson Pharmacy Graduate program in order to register for this course.

Credits: 3  
On Demand

**PHS 932 Advanced Physical Pharmacy II**
A detailed analysis of the chemical kinetics of pharmaceutical systems as applied to both in-vitro and in-vivo models. Drug decomposition, stabilization and storage of solutions, polyphasic systems and solids are emphasized. Limited to 20 students.

The prerequisite of PHS 931 is required and the student must be in the Hudson Pharmacy Graduate program in order to register for this course.

Credits: 3  
On Demand

**PHS 934 Principles of Industrial Pharmacy I**
The course provides a study of methods used to formulate, manufacture and stability-test various dosage forms including tablets, ointments, creams, capsules, suspensions, sterile products, etc. The different techniques used to formulate dosage forms possessing unique properties such as sustained or delayed release will also be covered.

Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 935 Principles of Industrial Pharmacy II**
The course builds on the foundation developed in PHS 914, and provides students the theory and practical knowledge required to develop and design manufacturing processes for lab-scale to commercial scale productions that utilize current equipment trains. Concepts of Pharmaceutical Engineering will be emphasized.

The prerequisite for this course is PHS 934. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 936 Dosage Form Design**
Biopharmaceutics and pharmacokinetic principles, coupled with physical pharmacy concepts, are used to discuss methods necessary for optimizing the design of various drug-delivery systems. The course is intended for students who have a basic understanding of dosage forms and their design, and is geared toward teaching the underlying principles of drug release from dosage forms. While a major portion of the course is devoted toward the design of oral solids, other dosage forms, including solutions and dispersed systems for oral, topical and parenteral administration, are also covered.

Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3  
On Demand

**PHS 937 Pharmaceutical Engineering**
Students will learn the basic engineering principles of the manufacturing of dosage forms. Upon completion of this course the student will be able to design and build various pharmaceutical dosage forms. The course will cover topics such as drug-excipient interactions, particle size and shape, important equipment for dosage form manufacture, and design of various drug-delivery systems. Biopharmaceutics and pharmacokinetic principles, coupled with physical pharmacy concepts, are used to discuss methods necessary for optimizing the design of various drug-delivery systems. The course is intended for students who have a basic understanding of dosage forms and their design, and is geared toward teaching the underlying principles of drug release from dosage forms. While a major portion of the course is devoted toward the design of oral solids, other dosage forms, including solutions and dispersed systems for oral, topical and parenteral administration, are also covered. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmacy Graduate program.

Credits: 3  
On Demand
and mass transfer are utilized to design and specify equipment required for production of powders, tablets, capsules and parenteral products. Basic concepts of cost estimation will also be discussed. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3

On Demand

PHS 950 Cosmetic / Dermatological Formulations and Technology I

The course provides a thorough review of skin physiology, mechanistic analysis of the relevant skin functions, and percutaneous absorption. The physicochemical principles and the performance criteria that are evaluated to rationally develop dermatological formulations will be taught. Emphasis is placed on product development, scale-ups, manufacturing, stability-testing and performance evaluations of modern-day cosmetic, toiletry and pharmaceutical topical products. The course covers skin care, hair care and treatment systems including creams, lotions, shampoos, gels, fluids, make-ups, sunscreens and pharmaceutical dermatologicals. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3

On Demand

PHS 951 Cosmetic / Dermatological Formulations and Technology II

This course offers in-depth studies of human hair morphology, structure, its mechanistic analyses / functions, hair growth and damage, as related to age and the chemicals from daily hair care products. Students will learn the basic concepts and theories of heterogeneous systems including emulsions, fluids, gels, sprays and suspensions for use in the product development of all types of safe and effective modern hair related cosmetic and dermatological products, including shampoos, conditioners, hair sprays, antisdandruff and other varieties of products. In addition, all pertinent aspects of product safety and toxicological issues will be covered. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3

On Demand

PHS 952 Cosmetic / Dermatological Formulations and Technology Laboratory

Designed for in-depth study of product development, scale-up, manufacturing, stability-testing and performance evaluations of modern-day cosmetic and toiletry products. This course is only offered at the LIU Brooklyn campus. This course has an additional laboratory fee. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3

On Demand

PHS 954 Special Topics in Pharmaceutical and Cosmetic Microbiology

Laboratory design and equipment requirements including discussions of laminar flow and automation, will be covered. Special attention to: legal requirements, sanitation and good manufacturing practices; disinfectants, antiseptics, preservatives and preservation; test methods for air, water, raw materials, finished products; sterility tests and new techniques in diagnostic work; assay methods; evaluation of personal products; microbiological statistics. Limited to 20 students. Three credits.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3

On Demand

PHS 958 Aerosol Science and Technology

An in-depth study of the physicochemical principles of aerosol science and technology. The topics covered include: aerosol propellants, containers, valve and actuator systems, product development, manufacturing, stability testing and performance evaluations of all types of aerosol products. Special emphasis is placed on the homogeneous and heterogeneous systems used in the formulations of topical, nasal and inhalation aerosol drug delivery products. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3

On Demand

PHS 959 Principles of Quality Assurance

An introduction to the gene-cloning technology and enviro cell cultures as a new source for protein and peptide drugs. Students will learn the physicochemical characteristics and biochemical properties of polypeptides; physical and chemical degradation pathways characteristic to protein drugs; suggested mechanisms of protein drug absorption; classification and properties of absorption promoters for macromolecules; how to design the appropriate delivery system for a stable, effective
protein drug through parenteral or non-parenteral routes. Specific protein products for the diagnosis, treatment and prevention of diseases, which are now commercially available, will be covered. Limited to 20 students.

The prerequisites of PHS 311 and 312 are required and the student must be in the Hudson Pharmacy Graduate program in order to register for this course.

Credits: 3
On Demand

**PHS 982 Science and Technology of Controlled Release Systems**

Students will learn the design and fabrication of currently utilized devices for controlling the release of drugs to the human body. A wide variety of drug delivery system designs will be analyzed in this course. Mechanisms and kinetics of drug release from these systems, structure and properties of fabrication materials, principles of molecular diffusion across polymer barriers and transport across biological interfaces will be covered. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3
On Demand

**PHS 984 Biomaterials in Pharmacy and Medicine**

Students will learn the combined application of the principles of physical chemistry, biochemistry, materials engineering, mass transfer, fluid mechanics and biological interactions to pharmaceutical and biomedical problems. Practical aspects of biomaterials research, development and performance will also be explored. The course will examine: specific case studies for material selection needed to prepare the components of artificial organs and drug-containing implants for use in the body; state-of-the-art research ideas; and the relationship of these concepts to improve pharmaceutical and medical systems. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3
On Demand

**PHS 986 Microencapsulation**

This course will provide a comprehensive study of the design and production of fine particles, including microcapsules, microspheres, and nanoparticles. The course will stress microencapsulation processes of pharmaceuticals. It will discuss the state of the arts, sciences, and modern techniques that must be mastered to be able to prepare and test products that will work correctly, effectively, and be clinically acceptable for human or animal use. This course also includes characterization of microencapsulation dosage form products. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3
On Demand

**PHS 987 Advanced Biopharmaceutics and Pharmacokinetics**

Students will learn the application of pharmacokinetic principles and pharmacokinetic models to dosing, bioavailability and bioequivalence of drugs. Limited to 20 students.

In order to register for this course the student must be in the Hudson Pharmaceutics Graduate program.

Credits: 3
On Demand
The Public Administration program prepares public service professionals for managerial positions in government, health and non-profit sectors. It is open to students from all undergraduate fields and provides the foundations and advanced applications expected in a graduate program. The program focuses on competencies that employers desire – leadership, ethical decision making, analytical and budgeting expertise, written communication and oral presentation skills. Specialization courses in government, health and non-profit fields with a variety of subtopics provide depth in the student's area of interest. Focused capstone courses allow students to apply their new competencies in meaningful public or health service projects. The M.P.A. Program offers the Master of Public Administration with tracks in Public Administration and Health Administration, and the Advanced Certificate in Long Term Care.

The program is divided into four parts: an introductory sequence that provides 18 credits of public service sector foundations and skills, followed by 9 credits of focused management topics including human resources, budgeting and financial management, law and accountability. Students then take 9 credits in electives and a required six-credit integrative capstone experience, which culminates in a project.

Inquiries may be directed to:

Dr. Kevin R. Nash, Program Director, Health and Public Administration Programs
845-450-5410
kevin.nash@liu.edu
**Admission Requirements**

**Admission Requirements:**
Candidates for admission to the M.P.A. program must satisfy the general admission requirements for graduate study at LIU.

Applicants must have a baccalaureate degree from an accredited institution and an acceptable record in undergraduate and other studies reflected in official transcripts of all colleges and universities attended.

**Full Matriculation Requirements**

Full matriculation indicates that the student meets all the requirements for admission in the degree program.

These requirements are:
- Official transcript reflecting award of a baccalaureate degree or the successful completion of another master's degree, both with a GPA of 3.0 or above.
- Two letters of recommendation.
- A clearly written statement with application indicating desire for admission and professional growth.

**Limited Matriculation Requirements**

A student whose undergraduate cumulative grade point average is between 2.5 and 2.99 may be granted limited matriculation. To be reclassified as full matriculant, the student must furnish all necessary documentation, complete 12 credits with a grade of B or higher in each course, and demonstrate oral and written English communication skills.

A student with an undergraduate GPA below 2.5, but who has strong letters of recommendation and an expanded statement submitted with the application indicating desire for admission and personal growth, will be reviewed on an individual basis, and may or may not be accepted into the program.

The expanded statement must be in the form of an essay, and must describe the applicant's accomplishments, explain the low GPA, and offer other justifications for admission. The review may include a personal interview with the program director.

**Transfer Credits**

Up to six transfer credits may be accepted from an accredited graduate school. The courses must be appropriate to the area of Health or Public Administration. Transfer credit will not be considered unless a grade of B or better was given for the course and the course was taken within five years. In the case of a required course, the content of the course taken at the other institution must match the content of the required course. The student must submit the published bulletin containing an appropriate course description, the course syllabus, a statement about his/her accomplishments in the course and the term paper or project completed. Transfer credits are not automatically granted. Request for transfer credits must be made within the first 30 days in the first semester of attendance at LIU Hudson at Rockland.

Students who are either full or limited matriculants or have conditional status must obtain prior approval from the program director to attend course(s) at other universities or at other campuses of LIU. Without such prior approval such courses will not be transferable. Permission and transferability for course(s) taken at another university while in residence at LIU Hudson may be granted only in exceptional cases.

**M.P.A. in Health Administration**

The 42-credit Master of Public Administration degree in Health Care Administration provides the comprehensive curriculum needed to succeed in a highly complex, competitive and ever-changing health care environment. Courses examine both practical and theoretical problems in the field and provide an understanding of a wide range of topics including organizational structures, administrative techniques, policy analysis, and program management.

**Minimum GPA: 3.00**
### Advanced Certificate in Long Term Care

By the year 2020, almost 16% of the U.S. population will be over age 65. The current demand is for professionals with the management and leadership skills needed to provide long term care to the elderly and others in society requiring extended care. The career opportunities are countless with a variety of settings to choose from. The 15-credit Advanced Certificate in Long Term Care is designed to provide professionals working in agencies and organizations serving aging populations or others requiring extended care with the specialized knowledge and the skills they need to ensure effective service delivery to these groups.

**Admissions Requirements**

Candidates for the Certificate in Long Term Care must have a bachelor's degree from an accredited institution, and an acceptable record in undergraduate and other studies as reflected by official transcripts. Each candidate must also meet admission criteria established for the M.P.A. degree program.

**Degree Requirements**

Awarding of Certificate requires successful completion of five (5) courses. Candidates who already have an M.P.A. degree may apply up to three (3) courses (9 credits) towards the certificate.

Note: When HAD 709, HAD 710, HAD 711, HAD 602, HAD 603 are taken as part of the total Health Care Administration curriculum, program graduates should meet the educational requirements for eligibility to take the state board examination for a Nursing Home Administrator's license.

Public and Health Administration Courses

All courses are grouped by major code designations:
- MPA – General Core Courses
- HAD – Health Administration Courses
- PAD – Public Administration Courses

Health Administration Courses

HAD 602 Human Resources Administration in Health Care
An exploration of the theories and practices of Human Resources administration in health service organizations, merit systems, unionism, bureaucratic trends, personnel recruitment, testing, and performance evaluations. Other topics include equal employment opportunity, employee rights, and occupational safety.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 603 Foundations of Budgeting and Finance in Health Administration
A familiarization with the principles of budgeting and finance in the health sector. Topics include budgetary systems, methods, processes and cycles, preparation, justification. A survey of the various federal prospective payment systems and other current developments in reimbursement methods is presented.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 604 Administrative Responsibilities and the Legal Environment in the Health Care Sector
Consideration of the authority and procedures utilized by health agencies in the administration of their affairs. Analysis of problems of accountability and the reconciliation of the administrative process with medical, political, social statutory and regulatory mandates.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 701 Hospital Organization
Reviews the organization and management of hospitals within a regional context of primary care. While covering the elements of hospital structure and organization, there will be a focus on problem solving and the development of administrative skills.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 707 Thesis Research Consultation and Seminar
In the first semester the student will undertake an advanced study of the methods of research and the analytical and presentation techniques employed in the discipline of Health or Public Administration, together with the preparation of a master's thesis proposal and outline of the thesis.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 708 Thesis in Health Administration
The second semester is spent in the actual writing of the thesis.
Prerequisite: HAD 707.
The pre-requisite of HAD 707 is required and the student must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 709 Legal Aspects in Health Administration
This course focuses on the application of legal principles to the health delivery system. Topics include: hospital code; consents; patients' rights; admission and discharge of patients; malpractice; liability of hospital, physicians and nurses; medical records; immunity of hospitals; medical staff rights and privileges; medical-moral dilemmas relating to abortion, sterilization, and artificial insemination.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 710 Gerontology: Process of Aging
This course is a survey of gerontology, including theories of aging, health and physiological aspects of aging, psychological and psychiatric problems, family and sex roles of the aged, the middle years, retirement, and institutional placement in long-term care facilities.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 711 Long Term Care Administration
In this course students consider the unique organizational and administrative aspects of the various types of long-term facilities as distinct from acute-care hospitals. The course will include the Federal and local special code requirements pertinent to construction, administration, medical nursing care, and other numerous therapeutic modalities required by the geriatric and convalescent patient.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 714 Planning and Marketing in Health Care Organizations
This course provides an analysis of the principles of planning and marketing functions in health care organizations. Students will study the methods by which institutions evaluate and control opportunities to achieve goals and objectives in a highly competitive and resource restrained health care environment with both free market and regulated market characteristics.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 723 Economics of Health
This course offers the perspective of health care delivery as an economic activity. Students analyze the determinants of demand for health services, the supply of health resources, and the various approaches to bringing the two into equilibrium. Attention is also given to public involvement in health services in the form of licensure, regulation, financing and planning.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 724 Managed Care Administration
This course analyzes the various modalities and the significance, direction and current status of managed care as an expanding organizational component of the health care delivery system. Students will examine organizational models, compensation problems, contracting, quality management, marketing, legal issues and relations with various groups, such as patients, physicians, government and business clients.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 725 Financial Management of Health Care Institutions
The description and analysis of financial issues on an institutional level are explored. Topics include third-party payment systems, managed care financial planning and contracting, methods of financing and allocation of funds, cash flow and fiscal management, systems of cost control and financial decision making.
You must be in the Hudson Graduate MPA Program in order to enroll for this course.
Credits: 3

HAD 726 Current Issues in Health Administration
A special topic course exploring selected themes, current developments, and emerging issues in health administration.

### MPA 777 Critical Issues in the Public and Private Sectors
This course reviews critical issues facing the public and private sectors and their interrelationship. Noted figures from the public and private sectors present the issues from their perspective. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3  
Rotating Basis

### MPA 785 Independent Study
The student is expected to research one specific phase of a problem in considerable depth under the supervision of a faculty adviser, and to prepare a well-documented evaluative report expressing his/her own assessment of the impact and significance of the problem and of one or more solutions. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3 to 6  
Rotating Basis

### MPA 788 Graduate Internship in Administration
An opportunity for students without administrative experience to work in an organization, based upon a plan approved by the head of the program and the agency. Students prepare a substantial research and/or analytical paper concerning their experience and participate in an Internship Seminar. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3 to 6  
Rotating Basis

## Public Administration Courses

### PAD 602 Human Resources Administration in the Public Sector
This course is an exploration of the theories and practices of personnel administration in public sector, including merit systems, unionism, bureaucratic trends, personnel recruitment, testing and performance evaluations. Other topics include equal employment opportunity, employee rights, and occupational safety. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3  
Rotating Basis

### PAD 603 Foundations of Budgeting and Finance in Health Administration
A familiarization with the principles of budgeting and finance in the health sector. Topics include budgetary systems, methods, processes and cycles, preparation, justification. A survey of the various federal prospective payment systems and other current developments in reimbursement methods is presented. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3

### PAD 604 Administrative Responsibility and the Legal Environment in the Public Sector
Consideration of the authority and procedures utilized by public sector agencies in the administration of their affairs. Analysis of problems of accountability and the reconciliation of the administrative process with political, social statutory and regulatory mandates. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3  
Rotating Basis

### PAD 607 Thesis Research Consultation and Seminar
In the first semester the student will undertake an advanced study of the methods of research and the analytical and presentation techniques employed in the discipline of Health or Public Administration, together with the preparation of a master's thesis proposal and outline of the thesis. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3  
Cross-Listings: HAD 707, PAD 707  
Rotating Basis

### PAD 708 Thesis in Public Administration
The second semester is spent in the actual writing of the thesis. The prerequisite of PAD 707 is required and the student must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3  
Rotating Basis

### PAD 725 Government Regulation of Land Use
This course examines various forms of governmental power (zoning, eminent domain, urban renewal) to regulate the use of land. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3  
Rotating Basis

### PAD 748 Managing Metropolitan Government
This course examines the politics of changing constituencies and their impact on community participation and city management. This course surveys the management and organization of American metropolitan areas. You must be in the Hudson Graduate MPA Program in order to enroll for this course.  
Credits: 3  
Rotating Basis

### PAD 780 Current Issues in Public Administration
This course is a special topic course exploring selected themes, current developments and emerging issues. You must be in the Hudson Graduate MPA Program in order to enroll for this course.
TEACHER EDUCATION

LIU Hudson provides a broad range of programs for those seeking credentials and enhanced teaching expertise. Those interested in graduate teacher education programs may have been trained in other fields and now wish to become teachers; they may be teachers seeking a master's degree, professional development, and/or an additional certification; or they may be pursuing an advanced degree directly following an undergraduate experience.

While information in this catalogue provides an overview of LIU Hudson's master's degrees and advanced certificate programs, it is suggested that potential candidates consult with a program director to determine which program or programs might best meet their educational and career objectives. Program directors are full-time faculty members who, by virtue of personalized advising and mentoring, guide candidates through their teacher preparation programs. Through stimulating and rigorous courses of study, as well as a range of clinically rich experiences, LIU faculty ensure that teacher education candidates integrate theory with the realities of the pre-K-12 classroom, achieve high standards of practice and, overall, have the competencies to keep pace with the changes and innovations in their field.

LIU Hudson's Teacher Education programs are nationally accredited by the Teacher Education Accreditation Council (TEAC) an arm of the Council for the Accreditation of Educator Preparation (CAEP). In addition to classroom teaching, LIU Hudson offers programs in School Counseling and School Psychology. Regardless of a student's prior training, the faculty and staff of LIU Hudson offer personalized advising in a caring and supportive environment designed with the adult student in mind.

Inquiries may be directed to:

Dr. Iris Goldberg, Program Director, Early Childhood/Childhood
914-831-2710, iris.goldberg@liu.edu

914-831-2716, george.pietarinen@liu.edu

Dr. Nancy Goldman, Curriculum and Instruction-Secondary
845-450-5409, nancy.goldman@liu.edu

Dr. Helaine W. Marshall,
Program Director, TESOL, Bilingual Education, and Languages Other than English
914-831-2713 and 845-450-5408, helaine.marshall@liu.edu

Dr. Rebecca Rich, Program Director, Literacy and Special Education
914-831-2714, rebecca.rich@liu.edu

Dr. Janet Simon, Program Director, Special Education and Adolescence
914-831-2715, janet.simon@liu.edu
Admission Requirements for All Teacher Education Programs

1. Bachelor's degree from an accredited institution with a minimum GPA of 2.75.
   (In special circumstances an applicant with a lower undergraduate GPA may be admitted as a limited matriculant.)
2. Two professional letters of recommendation
3. A written statement of professional goals

M.S. Ed. Requirement

Students in all M.S. Ed. in Teaching programs must pass the regularly administered Comprehensive Examination. The exam is a degree requirement and should be successfully completed one semester prior to the final semester in the program.

Requirements for those seeking New York State certification

• Certain certifications require specific liberal arts requirements. Students must consult their advisors to determine the requirements that apply for their particular certification(s).
• Certain certifications require underlying certificates. Students must consult their advisors to clarify which underlying certificates are required for their programs.
• All students applying for New York State certification are required to complete 6 hours of DASA (Dignity for All Students Act) training.
• To become certified in special education in New York State students must complete the mandated three hour autism workshop.
• Students must pass all required state exams. The point at which these exams should be taken within any program should be addressed with their advisors.

Note: Students who wish to be certified in any state other than New York, please consult the education department in the appropriate state.
### EARLY CHILDHOOD EDUCATION (BIRTH - GRADE 2)

#### M.S.Ed. in Early Childhood (Birth - Grade 2) / Childhood (Grades 1 - 6) Education

**43 Credits Required**  
Program Code: [28605; WECCMSED]

| Tier I: Core Courses (12 credits) | TED 500 | Lives of Children | 3.00 |
| Tier I: Core Courses (12 credits) | TED 505 | Issues In Education | 3.00 |

Tier III: Field Experiences (4 credits)
One of the following:

TED 702 Seminar and Student Teaching: Early Childhood Education 4.00
TED 703 Seminar and Supervised Teaching: Early Childhood Education 4.00

Minimum GPA: 3.00

Advanced Certificate in Bilingual Early Childhood Education

See the Teacher Education - Bilingual Education section for program requirements.

Advanced Certificate in Early Childhood Education (Birth - Grade 2)

14 Credits Required
[Program Code: 29697; WECECRT]

Prerequisites:
• Master’s degree
• Prior Certification
• TED 500 (Lives of Children) or its equivalent

TED 520 Language & Literacy 3.00
TED 640 Phonological Awareness and Methods of Beginning Reading Instruction 3.00
TED 641 Curriculum and Methods for Early Childhood Education 3.00
TED 642 Observation and Assessment in the Early Childhood Classroom 3.00

One of the following (2 credits):

TED 729 Seminar and Student Teaching: Early Childhood Education 2.00
TED 732 Seminar and Supervised Teaching: Early Childhood Education 2.00

Minimum GPA: 3.00

Advanced Certificate in Early Childhood Special Education (Birth - Grade 2)

See the Teacher Education - Special Education section for program requirements.

Advanced Certificate in Early Childhood (Birth - Grade 2) and Early Childhood Special Education (Birth - Grade 2)

29 Credits Required
[Program Code: 29699; WECCSCRT]

Prerequisites:
• Master’s degree
• Certification in Childhood Education (Gr. 1-6); Elementary Education (Pre K-6); or Special Education (1-6 or K-12)
[Note: If the student comes in with special education certification s/he will have to demonstrate a breadth and depth of liberal arts preparation comparable to that required of those students who matriculate into our master’s degree programs in Childhood or Early Childhood Education.]
• TED 500 (Lives of Children) or its equivalent

TED 520 Language and Literacy 3.00
TED 600 Introduction to Students with Learning Problems 3.00
TED 616 Applied Behavior Analysis for Students with Disabilities 3.00
TED 620 Collaboration in Inclusive Settings 3.00
TED 636 Early Childhood Special Education 3.00
TED 640 Phonological Awareness and Methods of Beginning Reading 3.00
SPC 650 Developmental Psychopathology 3.00
TED 641 Curriculum and Methods for Early Childhood Education 3.00
TED 642 Observation and Assessment in the Early Childhood Classroom 3.00

One of the following (2 credits):

TED 741 Seminar and Student Teaching: Early Childhood and Early Childhood Special Education 2.00
TED 742 Seminar and Supervised Teaching: Early Childhood/Early Childhood Special Education 2.00

Minimum GPA: 3.00
CHILDHOOD EDUCATION
(Grades 1 - 6)

M.S.Ed. in Childhood Education
(Grades 1 - 6)

37 Credits Required
[Program Code: 27164; WCEMSED]

Prerequisites: Liberal Arts requirements for teacher certification in childhood education

Tier I: Core Courses (12 credits)
TED 500 Lives of Children 3.00
TED 505 Issues In Education 3.00
TED 510 Introduction to Students 3.00
With Disabilities
TED 515 Multicultural Perspectives 3.00
in Education

Before moving on to Tier II, students must demonstrate proficiency in the following ways:
• Maintain a GPA of 3.0 or above
• Demonstrate competence in writing

Tier II: Methods Courses (19 credits)
TED 520 Language and Literacy 3.00
TED 525 Teaching Literacy and 3.00
Language Arts 1-6
TED 530 Teaching Social Studies 3.00
/The Arts 1-6
TED 535 Teaching 3.00
Science/Technology 1-6
TED 540 Teaching 3.00
Math/Technology 1-6
TED 545 Promoting Wellness in the Classroom 1.00
TED 6__ Education Elective 3.00

Tier III: Field Experiences (6 credits)
TED 700 Field Experience in Childhood Education 2.00

One of the following:
TED 705 Seminar and Student Teaching: Childhood 4.00
TED 706 Seminar and Supervised Teaching: Childhood 4.00

Minimum GPA: 3.00

M.S.Ed. in Childhood Special Education (Grades 1 - 6)

See the Teacher Education - Special Education section for program requirements.

M.S.Ed. in Childhood Education and Childhood Special Education
(Grades 1 - 6)

47 Credits Required
[Program Code: 27166; WCECSMSED]

Prerequisites:
• Liberal Arts requirements for teacher certification in childhood education.

Tier I: Core Courses (12 credits)
TED 500 Lives of Children 3.00
TED 505 Issues In Education 3.00
TED 510 Introduction to Students 3.00
With Disabilities
TED 515 Multicultural Perspectives 3.00
in Education

Before moving on to Tier II, students must demonstrate proficiency in the following ways:
• Maintain a GPA of 3.0 or above
• Demonstrate competence in writing

Tier II: Methods Courses (31 credits)
TED 525 Teaching Literacy and 3.00
Language Arts 1-6
TED 530 Teaching Social Studies/Arts 3.00
TED 535 Teaching 3.00
Science/Technology 1-6
TED 540 Teaching 3.00
Math/Technology 1-6
TED 545 Promoting Wellness in the Classroom 1.00
TED 600 Introduction to Students 3.00
with Learning Problems
TED 605 Teaching Students with 3.00
Learning Problems
TED 610 Assessing Students with 3.00
Literacy and Learning Problems
TED 615 Classroom Management 3.00
in Inclusive Settings
TED 620 Collaboration in Inclusive Settings 3.00
TED 710 Practicum in Literacy for 3.00
Students with Learning Problems

Minimum GPA: 3.00

M.S.Ed. in Childhood Education
(Grades 1 - 6) and Literacy (Birth - Grade 6)

47 Credits Required
[Program Code: 27165; WCELMSED]

Prerequisites: Liberal Arts requirements for teacher certification in childhood education

Tier I: Core Courses (12 credits)
TED 500 Lives of Children 3.00
TED 505 Issues In Education 3.00
TED 510 Introduction to Students 3.00
With Disabilities
TED 515 Multicultural Perspectives 3.00
in Education

Before moving on to Tier II, students must demonstrate proficiency in the following ways:
• Maintain a GPA of 3.0 or above
• Demonstrate competence in writing

Tier II: Childhood Methods Courses and Literacy Courses (31 credits)
TED 520 Language & Literacy 3.00
TED 525 Teaching Literacy and 3.00
Language Arts 1-6
TED 530 Teaching Social Studies/Arts 3.00
TED 535 Teaching 3.00
Science/Technology 1-6
TED 540 Teaching 3.00
Math/Technology 1-6
TED 545 Promoting Wellness in the Classroom 1.00
TED 600 Introduction to Students 3.00
with Learning Problems
TED 605 Teaching Students with 3.00
Learning Problems
TED 610 Assessing Students with 3.00
Literacy and Learning Problems
TED 615 Classroom Management 3.00
in Inclusive Settings
TED 620 Collaboration in Inclusive Settings 3.00
TED 625 Interventions In Reading 3.00
TED 640 Phonological Awareness 3.00
and Methods of Beginning Reading Instruction

TED 566  Teaching Methods in Middle Childhood and Adolescence: English  3.00
TED 567  Teaching Methods in Middle Childhood and Adolescence: Social Studies  3.00
TED 571  Teaching Methods in Middle Childhood and Adolescence: Mathematics  3.00
TED 572  Teaching Methods in Middle Childhood and Adolescence: Science  3.00

Minimum GPA: 3.00

M.S.Ed. in Special Education (Adolescence) and Various Subject Content

See Teacher Education - Special Education section for program requirements.

Advanced Certificate in Middle Childhood and Adolescence English (Grades 5 - 12)

31 Credits Required
[Program Code: 27559; WMCSSCRT]
Prerequisites:
- Master's degree
- A major or its equivalent in social studies that both encompasses the key areas of social studies and includes coursework in economics and government and at least 21 semester hours in the history and geography of the U.S. and the world
- A course in adolescent development or its equivalent
- Course in LOTE

Tier I: Core Courses (12 credits)
TED 505  Issues In Education  3.00

Tier II: Methods Courses (13 credits)
TED 510  Introduction to Students With Disabilities  3.00
TED 515  Multicultural Perspectives in Education  3.00
TED 545  Promoting Wellness in the Classroom  1.00
TED 550  Teaching Literacy 5-12  3.00
TED 555  Foundations of Middle Childhood Education  3.00
TED 560  Teaching Methods in Middle Childhood and Adolescence Education: General  3.00
TED 566  Teaching Methods in Middle Childhood and Adolescence Education: English  3.00

Minimum GPA: 3.00

Advanced Certificate in Middle Childhood and Adolescence Social Studies (Grades 5 - 12)

31 Credits Required
[Program Code: 27559; WMCSSCRT]
Prerequisites:
- Master's degree
- A major or its equivalent in social studies that both encompasses the key areas of social studies and includes coursework in economics and government and at least 21 semester hours in the history and geography of the U.S. and the world
- A course in adolescent development or its equivalent
- Course in LOTE

Tier I: Core Courses (12 credits)
TED 505  Issues In Education  3.00

Tier II: Methods Courses (13 credits)
TED 510  Introduction to Students With Disabilities  3.00
TED 515  Multicultural Perspectives in Education  3.00
TED 520  Language & Literacy  3.00

Before moving on to Tier II, students must demonstrate proficiency in the following ways:
- Maintaining a GPA of 3.0 or above
- Demonstrating competence in writing

Tier III: Field Experiences (6 credits)
TED 545  Promoting Wellness in the Classroom  1.00
TED 550  Teaching Literacy 5-12  3.00
TED 555  Foundations of Middle Childhood Education  3.00
TED 560  Teaching Methods in Middle Childhood and Adolescence Education: General  3.00
TED 566  Teaching Methods in Middle Childhood and Adolescence Education: English  3.00

Minimum GPA: 3.00

Advanced Certificate in Middle Childhood and Adolescence Mathematics (Grades 5 - 12)

31 Credits Required
[Program Code: 27560; WMCAECRT]
Prerequisites:
- Master's degree
- A major or its equivalent in mathematics including at least two semesters of calculus
- A course in adolescent development or its equivalent
- Course in LOTE

Tier I: Core Courses (12 credits)
TED 505  Issues In Education  3.00
TED 510  Introduction to Students With Disabilities  3.00

Before moving on to Tier II, students must demonstrate proficiency in the following ways:
- Maintaining a GPA of 3.0 or above
- Demonstrating competence in writing

Tier II: Methods Courses (13 credits)
TED 510  Introduction to Students With Disabilities  3.00
TED 515  Multicultural Perspectives in Education  3.00
TED 520  Language & Literacy  3.00

Before moving on to Tier II, students must demonstrate proficiency in the following ways:
- Maintaining a GPA of 3.0 or above
- Demonstrating competence in writing

Tier III: Field Experiences (6 credits)
TED 545  Promoting Wellness in the Classroom  1.00
TED 550  Teaching Literacy 5-12  3.00
TED 555  Foundations of Middle Childhood Education  3.00
TED 560  Teaching Methods in Middle Childhood and Adolescence Education: General  3.00
TED 566  Teaching Methods in Middle Childhood and Adolescence Education: English  3.00

Minimum GPA: 3.00

Advanced Certificate in Middle Childhood and Adolescence Social Studies (Grades 5 - 12)

31 Credits Required
[Program Code: 27559; WMCSSCRT]
Prerequisites:
- Master's degree
- A major or its equivalent in social studies that both encompasses the key areas of social studies and includes coursework in economics and government and at least 21 semester hours in the history and geography of the U.S. and the world
- A course in adolescent development or its equivalent

SPECIAL EDUCATION

M.S.Ed. in Early Childhood / Special Education (Birth - Gr 2)

See Teacher Education - Early Childhood Education (Birth - Grade 2) for program requirements.

M.S.Ed. in Childhood Special Education (Grades 1 - 6)

37 Credits Required
[Program Code: 27162; WCSEMSED]

Prerequisite:
• Prior Certification in Childhood Education

Tier I: Core Courses (9 credits)

TED 510 Introduction to Students With Disabilities 3.00
TED 515 Multicultural Perspectives in Education 3.00
TED 520 Language & Literacy 3.00

Tier II: Methods Courses (24 credits)

TED 600 Introduction to Students with Learning Problems 3.00
TED 605 Teaching Students with Learning Problems 3.00
TED 610 Assessing Students with Literacy and Learning Problems 3.00
TED 615 Classroom Management in Inclusive Settings 3.00
TED 620 Collaboration in Inclusive Settings 3.00
TED 625 Interventions In Reading 3.00
TED 630 Math/Technology for Students with Learning Problems 3.00
TED 710 Practicum in Literacy for Students with Learning Problems, Grades 1-6 3.00

Tier III: Field Experiences (4 credits)
One of the following:

TED 720 Seminar and Student Teaching: Childhood Special Education 4.00
TED 721 Seminar and Supervised Teaching: Childhood Special Education 4.00

Minimum GPA: 3.00

M.S.Ed. in Childhood Education and Childhood Special Education (Grades 1 - 6)

See Teacher Education - Childhood Education (Grades 1-6) for program requirements.

M.S.Ed. in Special Education:
Childhood (Grades 1 - 6) and Literacy (Birth - Grade 6)

46 Credits Required
[Program Code: 27167; WSECLMSED]

Prerequisite:
• Prior Certification in Childhood Education

Tier I: Core Courses (9 credits)

TED 510 Introduction to Students With Disabilities 3.00
TED 515 Multicultural Perspectives in Education 3.00
TED 520 Language and Literacy 3.00

Before Tier II, students must demonstrate proficiency in the following ways:
• Maintaining a GPA of 3.0 or above
• Demonstrating competence in writing

Tier II: Special Education and Literacy Courses (33 credits)

TED 600 Introduction to Students with Learning Problems 3.00
TED 605 Teaching Students with Learning Problems 3.00
TED 610 Assessing Students with Literacy and Learning Problems 3.00
TED 615 Classroom Management in Inclusive Settings 3.00
TED 625 Teaching Literacy and Language Arts 1-6 3.00
TED 627 Interventions In Reading Instruction 3.00
TED 640 Phonological Awareness and Methods of Beginning Reading Instruction 3.00
TED 642 Collaboration in Inclusive Settings 3.00
TED 645 Methods of Teaching Writing 3.00
TED 710 Practicum in Literacy for Students with Learning Problems, Grades K-6 3.00
TED 6__ Education Elective 3.00

Tier III: Field Experiences (4 credits)
One of the following:

TED 720 Seminar and Student Teaching: Childhood Special Education 4.00
TED 721 Seminar and Supervised Teaching: Childhood Special Education 4.00

Minimum GPA: 3.00

M.S.Ed. in Special Education in Childhood (Grades 1 - 6) with Autism Concentration

38 Credits Required
[Program Code: 34738]

Prerequisite:
• Prior certification in Childhood Education

Tier I: Core Courses (9 credits)

TED 510 Introduction to Student With Disabilities 3.00
TED 515 Multicultural Perspectives in Education 3.00
TED 600 Introduction to Students with Learning Problems 3.00
TED 605 Teaching Students with Learning Problems 3.00
TED 610 Assessing Students with Literacy and Learning Problems 3.00
TED 613 Assessment and Interventions for Students with Autism Spectrum Disorder 3.00
TED 616 Applied Behavior Analysis for Students with Disabilities 3.00
TED 620 Collaboration in Inclusive Settings 3.00
TED 625 Interventions In Reading 3.00
TED 681 Communication Development and Language Disorders in Children with Autism Spectrum Disorder 3.00
TED 682 Contemporary Issues and Research in Autism Spectrum Disorders 3.00
TED 710 Practicum in Literacy for Students with Learning Problems, Grades 1-6 3.00
TED 760 Seminar and Student Teaching: Childhood Special Education - Part I 2.00

OR
M.S.Ed. Special Education in Adolescence (Grades 7 - 12)

38 Credits Required
(Program Code: 27990 or 34744; WSPEDADMSE or RSPEADMSE)

**Prerequisites:***
- TED 575 Lives of Adolescents or equivalent
- 18 credit concentration in a liberal arts area
- 6 credits each in English, social studies, mathematics and science
- Course in LOTE

<tr>
<td><strong>TED 500 Lives of Children</strong></td>
<td>This course focuses on the experience of childhood from infancy to pre-adolescence using developmental, historical, and cultural approaches. Students consider different theories of development with implications for learning and instruction. Consideration will be given to the role of culture, gender, disability, race, class, language, and sexual orientation in the process of learning and development.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 505 Issues In Education</strong></td>
<td>This course examines the intersection of individuals, families, schools, communities, and society as they exist and interact in a range of settings. Through readings and class discussions, students explore schooling from historical, philosophical, sociological, economic, and political perspectives. Students also investigate how factors such as language ability, socioeconomic class, ethnicity, race, gender, and sexuality influence and shape education.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 510 Introduction to Students With Disabilities</strong></td>
<td>This course focuses on the nature and needs of students with a range of disabilities and the effect of these disabilities and needs on learning and behavior. Course participants examine the field of special education including historical perspectives and current practices, legal mandates, assessment and planning procedures, and instructional strategies. Students also explore the uses of technology, instructional as well as assistive, to enhance teaching and learning. They develop skills for collaborating with families as well as with other professionals in order to help students with disabilities attain their highest levels of academic achievement and independence.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 515 Multicultural Perspectives in Education</strong></td>
<td>This course examines the historical evolution, theories, and practices of multicultural education. Factors of race, ethnicity, culture, language, socioeconomic status, gender, ability, and sexual orientation are explored as they relate to teaching and learning. Students investigate instructional strategies and design curricula that support multicultural education and select and evaluate commercially available multicultural curricula and literature.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 516 Learning in Bilingual/Multicultural Settings</strong></td>
<td>This course focuses on the individual, social, cognitive and linguistic nature of bilingualism, including second language acquisition, sociolinguistics of language, and the relationship between language and culture. Students also explore the sociopolitical, historical, and legal foundations that have shaped bilingual and multicultural education policies, program models, and teaching and assessment practices. In addition, students develop an understanding of the distinction between language differences and language disability as they examine issues relating to second language learners with diverse learning needs.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 520 Language &amp; Literacy</strong></td>
<td>This course of language study focuses on the relationship between oral and written language. Students explore basic principles and processes underlying language development in children, including the key components of language, the biological basis of language, theoretical models of language acquisition, and the social and cultural contexts of language use. Students examine approaches to curriculum development and instruction based on theories of language development, learning processes, motivation, and reading and writing acquisition.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 525 Teaching Literacy and Language Arts 1-6</strong></td>
<td>This course focuses on the teaching of literacy in grades 1-6, including methods of reading enrichment and remediation. Students are introduced to theories of literacy development, a variety of approaches for teaching reading, writing, listening and speaking, including strategies for teaching phonological awareness, phonics, fluency, vocabulary, comprehension, written expression, and building literacy in the content areas. Assessing and monitoring literacy abilities, organizing and managing the classroom for literacy instruction, and using technology for teaching and learning are also addressed.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 530 Teaching Social Studies/The Arts 1-6</strong></td>
<td>This course examines curriculum development, instructional planning, and multiple research-validated instructional strategies for teaching social studies to children within the full range of abilities in the childhood classroom. Students explore the uses of technology in teaching and learning, instructional as well as assistive technology, to acquire information, communicate and, overall, enhance teaching and learning.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 535 Teaching Science/Technology 1-6</strong></td>
<td>This course focuses on the teaching of the literacy skills of listening, speaking, reading and writing at the middle childhood and adolescence education levels, including methods of reading enrichment and remediation. Students are introduced to theories of literacy development, a variety of approaches to teaching literacy, particularly strategies for teaching vocabulary, comprehension, written expression, and building literacy in the content areas. Assessing and monitoring literacy abilities, organizing and managing the classroom for literacy instruction, and using technology for teaching and learning are also addressed.</td>
</tr>
<tr>
<td>Credits: 3</td>

</tr>
<tr>
<td><strong>TED 540 Teaching Math/Technology 1-6</strong></td>
<td>This course focuses on the nature and needs of students with a range of disabilities and the effect of these disabilities and needs on learning and behavior. Course participants examine the field of special education including historical perspectives and current practices, legal mandates, assessment and planning procedures, and instructional strategies. Students also explore the uses of technology, instructional as well as assistive, to enhance teaching and learning. They develop skills for collaborating with families as well as with other professionals in order to help students with disabilities attain their highest levels of academic achievement and independence.</td>
</tr>
<tr>
<td>Credits: 3</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 545 Promoting Wellness in the Classroom</strong></td>
<td>This course focuses on the knowledge and strategies needed by teachers to ensure a safe and nurturing learning environment. Topics include, but are not limited to, means for identifying and reporting suspected child abuse and maltreatment, means for instructing students for the purpose of preventing child abduction, preventing alcohol, tobacco and other drug abuse, providing safety education, providing instruction in fire and arson prevention, and means for the prevention of and intervention in school violence.</td>
</tr>
<tr>
<td>Credits: 1</td>
<td>Rotating Basis</td>
</tr>
<tr>
<td><strong>TED 550 Teaching Literacy 5-12</strong></td>
<td>This course focuses on the teaching of the literacy skills of listening, speaking, reading and writing at the middle childhood and adolescence education levels, including methods of reading enrichment and remediation. Students are introduced to theories of literacy development, a variety of approaches to teaching literacy, particularly strategies for teaching vocabulary, comprehension, written expression, and building literacy in the content areas. Assessing and monitoring literacy abilities, organizing and managing the classroom for literacy instruction, and using technology for teaching and learning are also addressed.</td>

Rotating Basis

TED 555 Foundations of Middle Childhood Education
This course explores academic, social, and emotional issues that impact on middle childhood education. Strategies are addressed for: fostering motivation, promoting positive social interaction skills, classroom management, assessment, curriculum development, and instruction, for students within the full range of abilities, in a middle school environment. Course participants also focus on building collaborative relationships among students, families, and school personnel.

Credits: 3
Rotating Basis

TED 560 Teaching Methods in Middle Childhood and Adolescence Education: General
This course focuses on curriculum approaches, assessment techniques, techniques for classroom management and organization, uses of technology, and research validated instructional strategies appropriate for students within the full range of abilities at the middle childhood and adolescence education levels.

Credits: 3
Rotating Basis

TED 561 Teaching Methods in Adolescence Education
This course focuses on curriculum approaches, assessment techniques, techniques for classroom management and organization, uses of technology, and research validated instructional strategies appropriate for students within the full range of abilities at the adolescence education levels. Students will explore methods for teaching English language arts, social studies, mathematics and science in inclusive classrooms.

Credits: 3
Rotating Basis

TED 565 Teaching Methods in Middle Childhood and Adolescence English
This course explores approaches to curriculum planning and development, assessment, and instruction for English at the middle childhood and adolescence education levels. Course participants examine ways to use technology (assistive and instructional), for both teaching and learning, and become familiar with multiple research validated teaching strategies for students within the full range of abilities at the middle childhood and adolescence levels to master the learning standards in English.

Credits: 3
Rotating Basis

TED 566 Teaching Methods in Middle Childhood and Adolescence Social Studies
This course explores approaches to curriculum planning and development, assessment, and instruction for Social Studies at the middle childhood and adolescence education levels. Course participants examine ways to use technology (assistive and instructional) for both teaching and learning, and become familiar with multiple research validated teaching strategies for students within the full range of abilities at the middle childhood and adolescence levels, to master the learning standards in Social Studies.

Credits: 3
Rotating Basis

TED 567 Teaching Methods in Middle Childhood and Adolescence: Mathematics
This course explores approaches to curriculum development, assessment, and instruction for Mathematics at the middle childhood and adolescence education levels. Course participants examine ways to use technology (assistive and instructional) for both teaching and learning, and become familiar with multiple research validated teaching strategies for students within the full range of abilities at the middle childhood and adolescence levels to master the learning standards in Mathematics.

Credits: 3
Rotating Basis

TED 568 Teaching Methods in Middle Childhood and Adolescence Languages Other Than English
This course focuses on curriculum development, formal and informal assessment techniques, and research validated instructional strategies for teaching languages other than English to students within the full range of abilities. Course participants explore approaches to the teaching of listening, speaking, reading, writing, and communicating in a new language, including culturally relevant material for those cultures represented by the target language. Students learn to incorporate interventions for remediation and enrichment as well as the uses of technology to enhance teaching and learning. Field work required.

Credits: 3
Rotating Basis

TED 569 Teaching Languages Other Than English in Childhood
This course focuses on teaching languages other than English in grades 1-6. The course examines curriculum development, formal and informal assessment techniques, and research validated instructional strategies for teaching languages to children within the full range of abilities. Course participants explore approaches to the teaching of listening, speaking, reading, writing, and communicating in a new language, including culturally relevant material for those cultures represented by the target language. Students learn to incorporate interventions for remediation and enrichment as well as the uses of technology to enhance teaching and learning.

Credits: 3
Rotating Basis

TED 570 Teaching Methods in Middle Childhood– Languages other than English
This course focuses on curriculum development, formal and informal assessment techniques, and research validated instructional strategies for teaching languages other than English to students within the full range of abilities. Course participants explore approaches to the teaching of listening, speaking, reading, writing, and communicating in a new language, including culturally relevant material for those cultures represented by the target language. Students learn to incorporate interventions for remediation and enrichment as well as the uses of technology to enhance teaching and learning.

Credits: 3
Rotating Basis

TED 571 Teaching Methods in Middle Childhood and Adolescence Mathematics
This course explores approaches to curriculum planning and development, assessment, and instruction for Mathematics at the middle childhood and adolescence education levels. Course participants examine ways to use technology (assistive and instructional) for both teaching and learning, and become familiar with multiple research validated teaching strategies for students within the full range of abilities at the middle childhood and adolescence levels to master the learning standards in Mathematics.

Credits: 3
Rotating Basis

TED 572 Teaching Methods in Middle Childhood and Adolescence: Science
This course explores approaches to curriculum planning and development, assessment, and instruction for Science at the middle childhood and adolescence education levels. Course participants examine ways to use technology (assistive and instructional), for both teaching and learning, and become familiar with multiple research validated teaching strategies for students within the full range of abilities at the middle childhood and adolescence levels to master learning standards in Science.

Credits: 3
Rotating Basis

TED 573 Teaching Methods in Middle Childhood– Languages other than English
This course focuses on curriculum development, formal and informal assessment techniques, and research validated instructional strategies for teaching languages other than English to students within the full range of abilities. Course participants explore approaches to the teaching of listening, speaking, reading, writing, and communicating in a new language, including culturally relevant material for those cultures represented by the target language. Students learn to incorporate interventions for remediation and enrichment as well as the uses of technology to enhance teaching and learning.

Credits: 3
Rotating Basis

TED 574 Teaching Methods in Adolescence – Languages Other than English
This course focuses on curriculum development, formal and informal assessment techniques, and research validated instructional strategies for teaching languages other than English to students within the full range of abilities. Course participants explore approaches to the teaching of listening, speaking, reading, writing, and communicating in a new language, including culturally relevant material for those cultures represented by the target language. Students learn to incorporate interventions for remediation and enrichment as well as the uses of technology to enhance teaching and learning.

Credits: 3
Rotating Basis

TED 575 Lives Of Adolescents
This course focuses on the experiences of pre-adolescents and adolescents from diverse backgrounds with a range of abilities using developmental, historical, and cultural approaches.
Theories of development are studied as they apply to the adolescent learner in families, communities, peer groups and schools. Physical, cognitive, socio-emotional and moral domains of development with implications for learning will be studied. Throughout the course, attention will be given to ways in which culture, gender, disability, race, class, language, ethnicity and sexual orientation play roles in the process of learning and development.

**TED 576 ESOL Methodology for Teaching Literacy and Content Area**
This course combines the teaching of the K-12 literacy skills of listening, speaking, reading and writing, including methods of enrichment and remediation, with methods for the presentation of content area materials in math, science, social studies and language arts to students who are English language learners. The course includes an analysis of research validated approaches to content area curriculum, instruction and assessment for K-12 students. Field work required.

Credits: 3  
Rotating Basis

**TED 600 Introduction to Students with Learning Problems**
This course focuses on the nature and needs of children and adolescents with learning disabilities and with other high incidence disabilities that interfere with learning. Students explore historical trends, current issues, definitions, etiological factors, and social/emotional components. They also study the theoretical bases for and practical applications of assessments and interventions across curriculum areas.

Credits: 3  
Rotating Basis

**TED 601 Introduction to Students with Learning and Literacy Problems**
This course focuses on the nature and needs of children and adolescents with learning disabilities and with other high incident disabilities that interfere with the acquisition of literacy skills and strategies. Students explore historical trends, current issues, definitions, etiological factors, and social/emotional components. They also study the theoretical bases for and practical applications of assessments and intervention across curriculum areas.

Credits: 3  
Rotating Basis

**TED 605 Teaching Students with Learning Problems**
This course focuses on curriculum development, planning, and research-validated methods for teaching students with a range of disabilities. In addition, course participants examine the impact of inclusion of students with disabilities on teaching and learning in general education settings, and effective ways for students with disabilities to access the general education curriculum.

Credits: 3  
Rotating Basis

**TED 610 Assessing Students with Literacy and Learning Problems**
This course focuses on the assessment of children and youth with a range of literacy and/or learning problems. Course participants explore a range of assessment measures and strategies and how to use information gathered through assessment and analysis to plan or modify instruction utilizing an RTI framework. Topics covered include measurement concepts, administering tests and interpreting test data, communicating testing information to parents, caregivers, and school personnel, using testing information for instructional planning, and legal mandates. Students will be required to perform assessments.

Credits: 3  
Rotating Basis

**TED 611 Assessing Literacy Skills**
This course explores a range of formative and summative assessment measures used to identify literacy needs and to monitor student progress in literacy. Course participants will study principles of diagnosing reading, writing and language difficulties, characteristics of a range of assessment instruments, and the use and communication of the results of literacy evaluations.

Credits: 3  
Rotating Basis

**TED 612 Assessment for English Language Learners in Special Education**
This course is designed to develop competency in implementing appropriate multidisciplinary assessment techniques for English language learners with disabilities. Students will examine both formal and informal assessment instruments and strategies, and will analyze them in the context of planning for IEP (Individualized Educational Program) objectives. Field work required.

Credits: 3  
Rotating Basis

**TED 613 Assessment and Interventions for Students with Autistic Spectrum Disorder**
In this course, participants explore both formative and summative assessments of students with autistic spectrum disorder, and examine evidence-based instructional and behavioral methods/interventions and supports.

Credits: 3  
Rotating Basis

**TED 614 Classroom Management in Inclusive Settings**
This course focuses on theoretical and practical approaches, and research validated intervention strategies for planning, managing, and organizing teaching/learning environments so as to manage behavior of students in inclusive settings and promote the development of positive social interaction skills.

Credits: 3  
Rotating Basis

**TED 615 Classroom Management in Inclusive Settings**
This course explores the principles of collaboration. It traces the process of collaboration from a conceptual level into practice. Participants examine the interpersonal skills necessary for effective collaboration including communication and problem solving skills. They investigate the pragmatic issues impacting collaboration in educational settings. Various models of collaboration such as consultation, co-teaching and teaming as well as partnerships with parents and paraprofessionals are looked at in depth. Collaboration is examined systematically from the perspective of barriers and supports.

Credits: 3  
Rotating Basis

**TED 625 Interventions In Reading**
This course examines theories of literacy development and individual differences to form a basis for understanding possible difficulties encountered in mastering literacy skills. Interventions, for all aspects of literacy acquisition, appropriate for students experiencing difficulty are addressed.

Credits: 3  
Rotating Basis

**TED 630 Collaboration in Inclusive Settings**
This course examines the academic and social/emotional needs of adolescents with learning problems while they are in middle and secondary school, and the issues they face, and the competencies they need, as they prepare to transition from school to employment or post-secondary training and adult life. Course participants explore characteristics of these learners, and examine a range of research validated and practical interventions for enhancing academic performance, managing behavior, promoting the development of positive social interaction skills and competencies associated with self-determination. Also addressed is the transition services initiative: its history and legislation, models of service delivery, and strategies for developing linkages among agencies and personnel.

Credits: 3  
On Occasion
TED 636 Early Childhood Special Education
This course explores how various disabilities impact a child's development in key domains such as motor skills, cognitive skills, language skills and social-emotional skills. Various models for providing education to young children with special needs are described, ranging from center-based models to inclusive preschool programs. Emphasis is placed on the importance of collaboration among parents, teachers and other professionals in order to maximize student growth.
Credits: 3
Rotating Basis

TED 636 Early Childhood Special Education
This course explores how various disabilities impact a child's development in key domains such as motor skills, cognitive skills, language skills and social-emotional skills. Various models for providing education to young children with special needs are described, ranging from center-based models to inclusive preschool programs. Emphasis is placed on the importance of collaboration among parents, teachers and other professionals in order to maximize student growth.
Credits: 3
Rotating Basis

TED 638 Curriculum Leadership Making the K-12 Common Core Standards Work
This course is designed to give students a clear understanding of what the K-12 Common Core State Standards (CCSS) are, how they are organized, and how they can best be used to enhance classroom instruction. Students will research and examine pragmatic strategies supported by examples from a diverse range of districts. Topics include: powering up administrators and teachers to partner in implementing the standards, communicating with parents, designing formative assessments that measure mastery of the standards, and ensuring that the standards benefit all learners, including English language learners and those with special needs.
Credits: 3
Rotating Basis

TED 640 Phonological Awareness and Methods of Beginning Reading Instruction
This course focuses on curriculum development, assessment, and research validated instructional strategies for teaching early literacy skills and strategies, to young children within the full range of abilities.
Credits: 3
Rotating Basis

TED 641 Curriculum and Methods for Early Childhood Education
This course examines the evolving early childhood curriculum and looks at ways in which historical antecedents to today's early childhood programs and the framework of developmentally appropriate practice impact contemporary classrooms. Special focus is on the design of curricula that integrate language arts, mathematics, science, instructional and assistive technology, and expressive arts in a holistic framework. Students will examine research validated instructional strategies for teaching students with the full range of abilities.
Credits: 3
Rotating Basis

TED 642 Observation and Assessment in the Early Childhood Classroom
This course explores formal and informal methods of assessing student learning, including a variety of observational techniques, with an eye to evaluating one's own instructional practice. Students will develop skill in using information gathered through observation and assessment to plan and modify instruction.
Credits: 3
Rotating Basis

TED 643 Literacy Instruction through Child and Adolescent Literature
This course focuses on providing student-centered, developmentally appropriate support for literacy learning using various literary genres. The goal is to equip professionals with the knowledge and understanding needed to assist in the advancement of the literacy knowledge of children from birth through grade twelve. Methods of using literature to encourage and enrich language development, as well as skill in reading and writing, are presented.
Credits: 3
Rotating Basis

TED 644 Writing and Thinking Skills An Interdisciplinary Approach
This course focuses on curriculum development and research validated instructional strategies designed to make reading, writing, thinking, and oral language connections. This course is appropriate for teachers working with students of varying abilities at the elementary, middle, and high school levels.
Credits: 3
Rotating Basis

TED 645 Methods of Teaching Writing
This course focuses on curriculum development, formative and summative assessment techniques, and research validated instructional strategies for teaching writing to students within the full range of abilities. Course participants explore approaches to the teaching of writing, interventions for remediation and enrichment, and the uses of technology to enhance teaching and learning.
Credits: 3
Rotating Basis

TED 646 Literacy through the Arts
This course explores ways of integrating reading, writing and the arts, including literary, visual and performing arts, as well as using the arts and literacy to enrich the lives of children of varying abilities and with diverse linguistic and cultural backgrounds. Students will examine the theory and rationale behind such instruction and develop a variety of pedagogical techniques for classroom implementation.
Credits: 3
Rotating Basis

TED 649 Connecting Reading and Writing
This course focuses on curriculum development, formative and summative assessment techniques, and research validated instructional strategies for making the reading/writing connection. Course participants will have the opportunity to work directly with children and/or adolescents in need of support with literacy skills and strategies.
Credits: 3
Rotating Basis

TED 650 Second Language Acquisition
This course examines the theories of language acquisition and focuses on the factors that influence the acquisition of a second language, including cultural and societal, as well as linguistic variables. Students explore the processes by which a learner develops language proficiency and analyze the stages that naturally occur during these processes. Issues specific to language learning in children, adolescents, and adults will be addressed. Field work required.
Credits: 3
Rotating Basis

TED 654 Teaching Academic Literacy
This course focuses on teaching academic literacy through practical applications of current techniques to enhance the understanding and use of academic language, to promote a high level of reading comprehension, written expression and analysis, as well as to increase performance on literacy assessments. The goal is to create lifelong writers and readers who think cogently and write lucidly.
Credits: 3
Rotating Basis

TED 655 Fundamentals of Linguistics
This course explores the underlying structure of languages, including phonological, morphological, syntactic, semantic, and discourse patterns. Particular attention is given to those aspects relevant for language teachers.
Credits: 3
Rotating Basis

TED 660 English and Its Structure
In this course students focus on the grammatical structure of English in order to develop curriculum and instructional strategies for the teaching of morphology and syntax to English language learners.
Credits: 3
Rotating Basis

TED 665 Literacy K-12 in ESOL Programs
This course examines the teaching of the literacy skills of listening, speaking, reading and writing in LIU Hudson
grades K-12, including methods of reading enrichment and remediation, to students who are English language learners. Field work required. 
Credits: 3
Rotating Basis

TED 668 Approaches to the Teaching of Students without Prior Schooling
This course examines the cultural and pedagogical issues that influence school learning for a student population, known as SLIFE, Students with Limited or Interrupted Formal Education. The course includes an analysis of research validated approaches to SLIFE curriculum, instruction, and assessment for students K-adult. Field work required. 
Credits: 3
Rotating Basis

TED 670 Teaching Content Areas in ESOL Programs
This course examines methods of second language teaching for the presentation of content area material in math, science, social studies and language arts to students who are English language learners. The course includes an analysis of research validated approaches to content area curriculum, instruction, and assessment for students K-12. Field work required. 
Credits: 3
Rotating Basis

TED 674 Methods of Teaching Adult ESL/EFL
This course focuses on research validated instructional strategies, standards-based curriculum development, and formal and informal assessment techniques for teaching English as a second or foreign language to adults. Course participants explore approaches to instruction in a variety of settings, including: community based programs, workplace programs, post-secondary programs, and overseas teaching. Field work required. 
Credits: 3
Rotating Basis

TED 675 Methods and Materials for TESOL
This course examines curriculum development, instructional planning, and multiple research validated instructional strategies, and surveys a range of commercially available materials appropriate for teaching English language learners. Theories of language learning and methods for integrating them into classroom practice are addressed. Field work required. 
Credits: 3
Rotating Basis

TED 676 Instruction in the Native Language Bilingual Programs
This course explores theories of literacy and related teaching practices to develop native language reading, writing, speaking, and listening skills, and to use native language in teaching the content areas (mathematics, science, and social studies). Students learn techniques of assessing native literacy skills and become familiar with native language resources in the community through evaluating culturally appropriate curricula, children's literature and media. Students also analyze and strengthen their own biliteracy skills. Field work required. 
Credits: 3
Rotating Basis

TED 677 Curriculum, Instruction, and Assessment in ESOL Programs
This course examines curriculum development, instructional planning, and both formal and informal assessments for programs in English to Speakers of Other Languages (ESOL). The course includes a survey of current state and federal regulations, standards, and assessments regarding the instruction of English learners K-adult. Field work required. 
Credits: 3
Rotating Basis

TED 680 Communication Development and Language Disorders in Children with Autistic Spectrum Disorder
This course explores the language and communication characteristics of children along the spectrum, the assessment tools used to collect and analyze data, to monitor progress and inform instruction related to language, and the interventions designed to address the range of language and communication needs. 
Credits: 3
Rotating Basis

TED 681 Contemporary Issues and Research in Autistic Spectrum Disorder
In this course, participants examine and reflect upon current issues and research related to autistic spectrum disorders including, but not limited to, etiology and prevalence, characteristics, diagnostic issues, philosophical issues, legal issues, and biological and psychosocial bases of the disorder. 
Credits: 3
Rotating Basis

TED 700 Field Experiences Childhood
Students are involved in an elementary classroom experience where they observe and participate in all classroom activities, on a daily basis, for a two week period. This experience precedes student teaching. 
Credits: 2
Rotating Basis

TED 701 Field Experiences Early Childhood / Childhood Education
Students are involved in both early childhood and elementary classroom experience where they observe and participate in all classroom activities, on a daily basis, for a two week period. This experience precedes student teaching. 
Credits: 2
Rotating Basis

TED 702 Seminar and Student Teaching: Early Childhood Education
Students participate in a full-time, twelve week, student teaching experience at the early childhood level. The classroom experience is accompanied by a student teaching seminar. 
Credits: 4
Rotating Basis

TED 703 Seminar and Supervised Teaching: Early Childhood Education
Students participate in a full-time, twelve week, supervised teaching experience at the early childhood level. The classroom experience is accompanied by a supervised teaching seminar. 
Credits: 4
Rotating Basis

TED 705 Seminar and Student Teaching: Childhood
Students participate in a full-time, twelve week, student teaching experience at the childhood level. The classroom experience is accompanied by a student teaching seminar. 
Credits: 4
Rotating Basis

TED 706 Seminar and Supervised Teaching: Childhood
Students participate in a full-time, twelve week, supervised teaching experience at the childhood level. The classroom experience is accompanied by a supervised teaching seminar. 
Credits: 4
Rotating Basis

TED 707 Seminar and Student Teaching: Early Childhood / Childhood Education
Students participate in a full-time, twelve week, student teaching experience in an early childhood as well as a childhood education setting. The classroom experience is accompanied by a student teaching seminar. 
Credits: 4
Every Fall and Spring

TED 710 Practicum in Literacy for Students with Learning Problems, Grades 1-6
In this course, participants evaluate and teach a youngster in the childhood grades who is experiencing difficulty in acquiring literacy skills and strategies. Class discussions focus on assessment techniques and research validated instructional strategies effective for teaching all
LIU Hudson

aspects of literacy acquisition.

**Credits: 3**
**Rotating Basis**

**TED 715 Practicum in Literacy for Students with Learning Problems, Grades 5-12**

In this course, participants evaluate and teach a younger in grades 5-12 who is experiencing difficulty with literacy skills and strategies. Class discussions focus on assessment techniques and research validated instructional strategies effective for teaching all aspects of literacy acquisition and development.

**Credits: 3**
**Rotating Basis**

**TED 720 Seminar and Student Teaching: Childhood Special Education**

Students participate in a full-time, fourteen week student teaching experience in a special education or inclusive educational setting at the childhood level. The classroom experience is accompanied by a student teaching seminar.

**Credits: 4**
**Rotating Basis**

**TED 721 Seminar and Supervised Teaching: Childhood Special Education**

Students participate in a full-time, fourteen week supervised teaching experience in a special education or inclusive educational setting at the childhood level. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 4**
**Rotating Basis**

**TED 722 Seminar and Student Teachings: Early Childhood and Early Childhood Special Education**

Students participate in a full-time, fourteen week student teaching experience in an early childhood setting as well as an early childhood special education setting or an inclusive early childhood setting. The classroom experience is accompanied by a student teaching seminar.

**Credits: 4**
**Rotating Basis**

**TED 723 Seminar and Supervised Teachings: Early Childhood and Early Childhood Special Education**

Students participate in a full-time, fourteen week supervised teaching experience in an early childhood setting as well as an early childhood special education setting or an inclusive early childhood setting. The classroom experience is accompanied by a student teaching seminar.

**Credits: 4**
**Rotating Basis**

**TED 724 Seminar and Supervised Teaching: Early Childhood Special Education**

Students participate in a full-time, six-week supervised teaching experience in a special education classroom at the early childhood level. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 726 Seminar and Supervised Teaching: Childhood and Childhood Special Education**

Students participate in a full-time, fourteen week supervised teaching experience in a childhood education as well as a childhood special education setting or an inclusive childhood education setting. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 4**
**Rotating Basis**

**TED 727 Seminar and Student Teachings Early Childhood Education**

Students participate in a full-time, six week supervised teaching experience at the early childhood level. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 728 Seminar and Student Teachings Early Childhood Education**

Students participate in a full-time, six week supervised teaching experience at the early childhood level. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 729 Seminar and Student Teachings Early Childhood Education**

Students participate in a full-time, six week supervised teaching experience at the early childhood level. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 730 Seminar and Student Teachings Middle Childhood / Adolescence Special Education**

Students participate in a full-time, fourteen-week supervised teaching experience in a special education or inclusive setting at the middle and adolescence education levels. The classroom experience is accompanied by a student teaching seminar.

**Credits: 4**
**Rotating Basis**

**TED 731 Seminar and Supervised Teachings: Middle Childhood / Adolescence Special Education**

Students participate in a full-time, fourteen week supervised teaching experience in a special education or inclusive setting at the middle and adolescence levels. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 4**
**Rotating Basis**

**TED 732 Seminar and Supervised Teachings: Early Childhood Education**

Students participate in a full-time, six week supervised teaching experience at the early childhood level. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 733 Seminar and Student Teachings Early Childhood Special Education**

Students participate in a full-time, six-week student teaching experience in a special education classroom at the early childhood level. The classroom experience is accompanied by a student teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 734 Seminar and Supervised Teachings: Early Childhood Special Education**

Students participate in a full-time, six-week supervised teaching experience in a special education classroom at the early childhood level. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 735 Writing Internship I**

In this internship, course participants work with students, evaluating, planning, developing curricula, and teaching skills and strategies for writing.

**Credits: 2**
**Rotating Basis**

**TED 740 Writing Internship II**

In this second internship, course participants work with students evaluating, planning, developing curricula, and teaching skills and strategies in writing.

**Credits: 2**
**Rotating Basis**

**TED 741 Seminar and Student Teachings Early Childhood and Early Childhood Special Education**

Students participate in a full-time, six-week student teaching experience in an inclusive early childhood setting. The classroom experience is accompanied by a student teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 742 Seminar and Supervised Teachings: Early Childhood and Early Childhood Special Education**

Students participate in a full-time, six-week supervised teaching experience in an inclusive early childhood setting. The classroom experience is accompanied by a supervised teaching seminar.

**Credits: 2**
**Rotating Basis**

**TED 745 Field Experience: Middle Childhood and Adolescence**

Students are involved in adolescence education experiences where they observe and participate in all classroom activities, on a daily basis, for a two week period. This experience precedes student teaching.

**Credits: 2**
**Rotating Basis**

**TED 746 Field Experience: Adolescence Education**

Students are involved in adolescence education experiences where they observe and participate in all classroom activities, on a daily basis, for a two week period. This experience precedes student teaching.

**Credits: 2**
TED 750 Seminar and Student Teaching: Middle Childhood and Adolescence  
Students participate in a full-time, twelve week supervised teaching experience in middle childhood and adolescence education settings. The classroom experience is accompanied by a student teaching seminar.  
Credits: 4  
Rotating Basis

TED 751 Seminar and Supervised Teaching  
Middle Childhood and Adolescence  
Students participate in a full-time, twelve week supervised teaching experience in middle childhood and adolescence education settings. The classroom experience is accompanied by a supervised teaching seminar.  
Credits: 4  
Rotating Basis

TED 752 Seminar and Student Teaching: Adolescence Education  
Students participate in a full-time, twelve week student teaching experience in adolescence education settings. The classroom experience is accompanied by a student teaching seminar.  
Credits: 4  
Rotating Basis

TED 753 Seminar and Supervised Teaching: Adolescence Education  
Students participate in a full-time, twelve week supervised teaching experience in adolescence education settings. The classroom experience is accompanied by a supervised teaching seminar.  
Credits: 4  
Rotating Basis

TED 760 Seminar and Student Teaching: Childhood Special Education - Part I  
Students participate in a full-time, 6 week, or half-time 12 week student teaching experience in a special education setting at the childhood level. The classroom experience is accompanied by a student teaching seminar.  
Credits: 2  
Rotating Basis

TED 761 Seminar and Supervised Teaching: Childhood Special Education - Part I  
Students participate in a full-time 6 week, or half-time 12 week supervised teaching experience in a special education setting at the childhood level. The classroom experience is accompanied by a supervised teaching seminar.  
Credits: 2  
Rotating Basis

TED 762 Seminar and Student Teaching II: Childhood Special Education  
Prerequisite: TED 760. Students participate in a second six-week student teaching experience in a special education or inclusive educational setting at the childhood level. The classroom experience is accompanied by a supervised teaching seminar.  
Credits: 4  
Rotating Basis

TED 763 Seminar and Supervised Teaching II: Childhood Special Education  
Prerequisite: TED 761. Students participate in a second six-week supervised teaching experience in a special education or inclusive educational setting at the childhood level. The classroom experience is accompanied by a student teaching seminar.  
Credits: 2  
Rotating Basis

TED 765 Field Experiences TESOL  
Students are placed in an ESOL setting where they observe and participate in all classroom activities, on a full-time, daily basis for a two-week period. This experience precedes student teaching.  
Credits: 2  
Rotating Basis

TED 770 Seminar and Student Teaching: TESOL  
Students participate in a full-time, twelve-week student teaching experience in an ESOL setting. The classroom experience is accompanied by a student teaching seminar.  
Credits: 4  
Rotating Basis

TED 771 Seminar and Supervised Teaching: TESOL  
Students participate in a full-time, twelve-week student teaching experience in an ESOL setting. The classroom experience is accompanied by a student teaching seminar.  
Credits: 4  
Rotating Basis

TED 775 Field Experiences Childhood and TESOL  
Students are placed in Childhood and ESOL settings where they observe and participate in all classroom activities on a full-time, daily basis for a two-week period. This experience precedes student teaching.  
Credits: 2  
Rotating Basis

TED 780 Seminar and Student Teaching: Childhood and TESOL  
Students participate in a full-time, twelve-week student teaching experience in ESOL and Childhood settings. The classroom experience is accompanied by a student teaching seminar.  
Credits: 4  
Rotating Basis

TED 781 Seminar and Supervised Teaching: Childhood and TESOL  
Students participate in a full-time, twelve-week supervised teaching experience in ESOL and Childhood settings. The classroom experience is accompanied by a supervised teaching seminar.  
Credits: 2  
On Demand

TED 785 Seminar and Student Teaching: Special Education and Middle Childhood/Adolescence Education  
Students participate in a full-time, 14 week supervised teaching experience in special education and middle childhood/adolescence education settings. The classroom experience is accompanied by a supervised teaching seminar.  
Credits: 4  
Rotating Basis

TED 786 Seminar and Supervised Teaching: Special Education and Middle Childhood/Adolescence Education  
Students participate in a full-time, 14 week supervised teaching experience in special education and middle childhood/adolescence education settings. The classroom experience is accompanied by a supervised teaching seminar.  
Credits: 4  
Rotating Basis

TED 788 Seminar and Student Teaching: Childhood Education  
Students participate in a 6 week student teaching experience at the childhood level. The classroom experience is accompanied by a student teaching seminar.  
Credits: 2  
Rotating Basis

TED 789 Seminar and Student Teaching: Special Education Adolescence  
Students participate in a full time, 14 week student teaching experience in an adolescent (Gr. 7-12) special education setting. The classroom experience is accompanied by a student teaching seminar.  
Credits: 4  
Rotating Basis

TED 799 Special Topics  
An intensive study in special areas of interest in the field of teacher education open to matriculated teacher education students with permission of the appropriate Program Director. This opportunity for students to do advanced work under the supervision of a faculty member may be taken only on a Pass/Fail basis.  
Credits: 1 to 2  
All Sessions

TED 899 Advanced Field Experience  
Advanced Field Experience for edTPA. This course will provide students with an enhanced student teaching/teacher candidate experience. Specific attention will be given to edTPA tasks in Planning for Instruction and Assessment, Instructing and Engaging Students in Learning, and Assessing Student Learning.  
Credits: 2

LIU Hudson Faculty

Frank V. Auriemma
Adjunct Assistant Professor of Education
B.S., Pace University; M.A., Lehman College; Ph.D., Fordham University

Jacqueline Batista
Adjunct Instructor of Education
B.A., American College, London; M.S.Ed., Long Island University; Adv. Cert., Long Island University

Anne Bernstein
Adjunct Assistant Professor of Education
B.A., M.S., Queens College

Lena Bodin
Adjunct Instructor in Business
B.A., M.S., Queens College

Marie Bogdanowich
Adjunct Instructor in Education
B.B.A., M.B.A., Pace University

Charles Borrelli
Adjunct Associate Professor of Business
B.B.A., M.B.A., Pace University

Norma E. Canals
Adjunct Instructor of Education
B.A., State University of New York; M.S.W., Fordham University

Angelo Carino
Adjunct Instructor of Education
B.A., M.S., Mercy College

Mary Carpenter
Adjunct Assistant Professor of Education
M.A. New York University; B.S. Syracuse University

Eileen Chichin
Adjunct Associate Professor of Health Administration
B.S., St. Thomas Aquinas College; M.S., College of New Rochelle; Ph.D., Fordham University

Vincent Ciaramella, Ph.D
Adjunct Assistant Professor of Education
B.A., Maryknoll College; M.A., The Graduate Center, CUNY; M.S., Ph.D., Fordham University

Patricia Brogan-Clauser
Adjunct Assistant Professor of Education
B.A., Wagner College; Ph.D., Fordham University

Julie Cohen
Adjunct Assistant Professor of Education
B.S., City College of New York; M.A., Ph.D. New York University

Frank A. Composto, JD
Adjunct Assistant Instructor of Education
B.A. LeMoyne College; J.D., St. John’s University

Roseanne Composto
Adjunct Instructor of Education
B.S., St. Thomas Aquinas; M.S., LIU

Raymond G. Cooper
Adjunct Assistant Professor of Education
A.S., Tidewater Community College; B.S. State University of New York; Cert, Cornell University; Ed.D., Seton Hall University

Karen Cort
Clinical Supervisor of Marriage & Family Therapy
Adjunct Associate Professor of Counseling; B.A., Bucknell University; Ph.D., Counseling Psychology

Lillian C. Costa
Adjunct Professor of Education
B.S., Oneonta, SUNY; M.S., New Paltz, SUNY; M.S., Fordham University

Andrea DeCapua
Adjunct Associate of Education
B.A., State University of New York at Buffalo; M.A. University of Delaware; M.Ed.D. State University of New York at Buffalo; M.Ed.D. Teachers College

Mahendra G. Dedhiya
