

# LONG ISLAND UNIVERSITY

Dear Members of the LIU Community,

Long Island University will continue its COVID-19 testing program throughout the spring 2021 semester. The University will begin rapid testing of all students, faculty, and staff beginning the week of February 8, 2021.

All LIU community members are expected to participate in on-campus testing at least twice during the spring semester. Appointments can be scheduled at your convenience by using the new LIU COVID-19 Testing portal.

**To set-up a testing appointment, [click here](#).**

The COVID-19 test is free and does not require proof of insurance. However, an LIU ID must be presented at the time of the appointment. Once the test is completed, results will be provided within an hour.
