Dear !"FIRSTNAME"!

We look forward to welcoming you back to campus soon. As you prepare to return to campus for your 14-day quarantine, here are some important notes. If you are no longer planning on quarantining on campus, please let us know as soon as possible.

**Move-in**

Move-in will take place August 19 - 21, 2020. You should have received a confirmation email with the day and time you selected to arrive. As a reminder, students will be assigned a temporary quarantine space.

Students may have one (1) guest assist during move-in. All students and guests must wear face coverings and social distance while moving in.

**Pre-Arrival Testing**

To ensure your health and safety, all resident students must show proof of a negative COVID test result. These results should be scanned and emailed to post-health@liu.edu from your MyLIU email. Please include your name and Student ID number in the subject line. The test results should be within the five days of returning to campus. Please also bring a copy of the test results with you to move-in.

As an added service, LIU is also now able to provide on-site testing on each arrival day (8/19, 8/20, 8/21). This test would be in addition to your required negative COVID-19 test. Any student that is not able to receive a test in their home state due to test availability is required to participate in the on-site testing program upon arrival. The test is billed through each student’s insurance.

In order to participate, you will need to register and complete the information in the link below by **this Sunday at 7 p.m.**

**Sign-up for On-Site Testing**

In addition, all students are asked to practice proper social distancing, wear masks, and quarantine to the greatest extent possible before arriving to campus.

Thank you for your cooperation as we work to create a safe and healthy residence hall community.
